2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

California Elementary School proudly serves students in transitional kindergarten through sixth grade. Situated on nearly 8.5 acres adjacent to TeWinkle Middle School in the city of Costa Mesa, California Elementary is a tight-knit school community that offers engaging, relevant, and rigorous core curriculum with supplemental programming and experiences consistent with our school's vision: academic excellence through technology and the arts. Our highly-trained and dedicated staff work collaboratively with our parent community, our PTA, and our California School Educational Foundation to challenge students, set high expectations for achievement, and provide opportunities for them to grow and learn in a safe environment.

Positive Behavior Intervention and Supports (PBIS):

2025-26 School Description and Mission Statement

At California, we value one another and firmly believe students deserve to learn in a safe, supportive, and nurturing environment. Expectations for behavior are explicitly taught and positively reinforced by all of our staff. Students are expected to model Cougar Core Values (Respectful, Responsible, Ready to Learn behavior), not only at school, but at home and in the community.

Programs:
California Elementary School offers a wide array of programs to serve and meet the needs of an ethnically and socioeconomically diverse student body. Our core curriculum includes English language arts/ English language development, math, science, history-social science, technology, physical education, and music. Our English Language Development Program, Gifted and Talented Education Program (GATE), Multi Tiered System of Support (MTSS), and Specialized Academic Intervention (SAI) programs are integral components of our core academic curriculum. Supplemental programming includes outdoor science education, STEAM, performing arts, and visual arts. We work diligently as a team to make sure all instruction is engaging, positive, and motivating, and we keep our focus on the broad aim for students to envision a future of opportunity and success. By maintaining this broad perspective and working as a cohesive school community, we firmly believe that college and professional endeavors are possible for all of our students.

Technology:
Technology is an integral part of our school's vision and is therefore an important area of focus. With the generous support of California School Education Foundation (CSEF), our staff is able to offer integrated technology-based curriculum within each classroom. We offer instruction in coding, robotics, and a variety of programs and applications used for word processing, presentation and design, and digital media. We are also proud to participate in Newport-Mesa's Technology Fellow Program. In tandem with our Technology Aide and our classroom teachers, our Technology Fellow supports learning with programs like Pear Deck, Seesaw, Lexia, WeVideo, Book Creator, Socrative, Flipgrid and more.

Visual and Performing Arts
Visual and performing arts represent another important area of focus here at California Elementary School. We offer two levels of show choir and band. Show choir is open to all 1st through 6th grade students. Staged productions have included Matilda, Frozen, Annie, Willy Wonka, 101 Dalmatians, and Beauty and the Beast, Shrek Jr., and Seussical Jr., and students have opportunities to participate in a variety of roles, both on and off stage. Our bands feature brass, percussion, strings, and woodwinds, and they perform across the community at high school football games, district music festivals, Knott's Berry Farm and Costa Mesa City Hall.

California Elementary school is a diverse and dynamic community where kindness, hard work, and discovery are celebrated. On behalf of our staff, students, parents, and community partners, welcome to California Elementary. Go Cougars!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing technology and a library/media center. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.

2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.

3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

California School prides itself on the strong partnerships developed with parents and the community. Parents can become involved through our PTA, the California School Education Foundation, as classroom helpers, supporting classwork at home, as a School Site Council member, and through a myriad of special activities and projects. For parents that would like to become registered volunteers, we recommend visiting our school website or front office. Our parent groups that put on community events in support of our school are always in need of volunteers. To help with these functions, visit our school website and click on the home page of either the PTA or CSEF. Parents may also get involved by reading our weekly Sunday Parent Square updates, attending a number of in person or virtual meetings and events via Zoom. These include in person or virtual meetings for PTA, CSEF, and School Site Council.

For more information about opportunities to become involved in the school, please contact our Administrative Assistant, Karina Madrigal, at 714-424-7940 or stay updated via Parent Square.

2025-26 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are reviewed with staff at the beginning of the school year, evaluated and revised December through January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year.

Creating and maintaining a safe and orderly environment is essential for learning. We maintain a comprehensive school safety plan and have emergency preparedness coordinators to train and instruct our staff. Our safety plan addresses disaster preparedness, personal characteristics of students and staff, school rules, routines and procedures, and California Elementary School physical and social environment. procedures, and California Elementary School physical and social environment. Our school safety team meets to address safety issues for students and employees. California Elementary School participates in school-wide fire drills every month and intruder and earthquake drills at least two times each year.

The 2025-2026 School Safety Plan was approved by the School Site Council on January 13, 2025 and approved by the Local Board of Education on February 11, 2025. The plan was last updated and reviewed with faculty on August 14, 2025.
