2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Mission:

Rea Elementary School prepares students for college readiness and success in a global society

Student Motto:

I am a capable, talented and intelligent SHARK and I'm going to college!

PBIS Rules:

Rea SHARKs: Solve Problems, Be Honest, Display Acceptance, Display Respect, and Act with Kindness

2025-26 School Description and Mission Statement

Beginning in the 2016-2017 school year, Rea was the first elementary school in the Newport-Mesa Unified School District to become an AVID Elementary school, preparing students to enter the next level of schooling (middle school, high school, and college). AVID’s resources, trainings and philosophies are grounded in the idea that all students are capable of learning at high levels so that they are prepared for college and success in a global society. AVID Elementary Essentials intentionally focus on four areas to best prepare students for academic success: Instruction, Culture, Leadership, and Systems. Instructional focus is aimed at reading, writing and math with alignment to WICOR (Writing, Inquiry, Collaboration, Organization, Reading) strategies. Rea teachers place a strong emphasis on formative data collection to ensure students are meeting their individual goals that are composed in the fall parent-teacher-student goal setting conference.

Along with implementing the core AVID key components into core instruction, Rea Elementary will continue to focus on enrichment opportunities in Science, Technology, Reading, Engineering, Art and Math (STREAM), Visual and Performing Arts (VAPA) and Student Leadership. Enrichment activities are provided before school, at lunch, after school, as well as integrated into the school day. Specific grade levels are invited to participate in Robotics (4th - 6th grades), Rea Band and Orchestra (4th - 6th grades), and Theater/Performing Arts (4th - 6th grades). Additional enrichment activities include: Dance, Sports, STEM, Cooking, Swim, Hands-On Art, Garden Club, and Field Trips. We are fortunate to have Music, Science, and PE specialists on campus each week.

Rea Elementary School is committed to working in a collaborative manner with parents, staff, and students to ensure that all students are ready for college and success in a global society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Newport-Mesa Unified School District follows the state's curriculum cycle to adopt/approve updated, high quality textbooks/instructional materials. Students are provided with an adequate supply of Board-approved textbooks/instructional materials for all subject areas. The reading/language arts and mathematics curricula are aligned with district and state content standards. Teachers also select supplementary instructional materials to meet the specific needs of their students. History/Social Science and Science curriculum instruction are aligned with district and state content standards. Individual schools support instruction by providing technology and a library/media center. Internet access is available in the library/media center and in all classrooms. Teachers and administrators have been trained to use technology and the internet as an instructional tool in the classroom. Each school continues to develop a way of integrating technology into curriculum and instruction.

School Facility Conditions and Planned Improvements

REA - 30,720 Classroom Sq. Ft.

School Facility Conditions and Planned Improvements

This school was built in 1953. There are 27 permanent classrooms, a multi-purpose room, a library, and an administration building. 5 portables were constructed in 2000. The school, along with the portables, was modernized in 2006. Many new improvements were done to the landscape to make the campus both more beautiful and safe for our students.

In July, 2021 the exterior of the school was painted with colors that best match the colors of those building in area adjacent to the school. The playgrounds, restrooms, landscaping, fire access, and fans/AV were all updated in Summer 2025. 245 work orders were completed for Rea in the 2024-2025 fiscal year. The site was last inspected 07/08/2025

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Rea Elementary School is committed to creating a school culture that includes parents as partners in the educational process.

In 2024, Rea School was awarded a grant through the California Community Schools Partnership Program. As a Community School, Rea is committed to family and community engagement, integrated support services, collaborative leadership, and extended learning time.

Our staff fosters ongoing two-way communication throughout the school year. Parents are encouraged to participate in the two scheduled Parent-Teacher Conferences each year to discuss their child's individual learning progress.

Rea has an active and supportive Parent-Teacher Association which assists the school financially and supports increased parent involvement. Numerous parent councils and committees exist which include: School Site Council, English Learners Advisory Committee (ELAC), PTA, and Parent Leadership group.

Parent involvement is a priority of our AVID Elementary program. Family Nights are scheduled four times per year. AVID Family Nights provide interactive parent-child experiences that promote college and career exploration and goal setting. During the Family Nights, we highlight AVID program benefits to our students, as well as teach AVID strategies to parents.

Rea provides a wide array of parent education opportunities. These include: Latino Family Literacy Project workshop series, Family Academic Mornings (FAM) events for each grade level, Journey to College Book Group, and parent meetings with featured guest speakers from throughout the community.

For more information about opportunities to become involved in the school, please contact the Rea School Community Facilitator, Claudia Ortiz Rodal at 949-515-6905.

2025-26 School Safety Plan

State education code requires schools to review and update the Comprehensive School Safety Plan (as needed) at least once each year. These plans must be submitted to the local Board of Education for adoption by March 1st. In Newport-Mesa Unified School District, plans are reviewed with staff at the beginning of the school year, evaluated and revised December through January, then submitted to the Board of Education in February. By following this cycle, schools open each August with a fully approved Comprehensive School Safety Plan in place for fall-winter and allows for training and adjustments through mid-year.

Creating and maintaining a safe and orderly environment is essential for learning. We maintain a comprehensive school safety plan and have emergency preparedness coordinators to train and instruct our staff. Our safety plan addresses disaster preparedness, personal characteristics of students and staff, school rules, routines and procedures, and the Rea Elementary School physical and social environment. Our school safety team meets to address safety issues for students and employees. Rea Elementary School participates in school-wide fire drills every month and lockdown, secure, and earthquake drills numerous times each year.

The 2025-2026 School Safety Plan was approved by the School Site Council on January 16, 2025 and approved by the Local Board of Education on February 11, 2025. The plan was last updated and reviewed with faculty on August 13, 2025.
