2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

The Miwok Middle School staff has established high academic and behavior standards for all students. We are proud to have a diverse student body and strive to maintain an environment where differences are valued and honored, and where all students feel that they are safe and welcome.

Our vision is to challenge students with a rigorous academic program and provide ample opportunities for them to flourish in the classroom, on the field, and in the community.

Our mission is to create an academic environment where every classroom is focused on learning so that every Miwok Oak has

2025-26 School Description and Mission Statement

the opportunity to be successful in high school, in college, and in their career. Students will have a strong academic foundation and be able to critically think, problem solve, work collaboratively, write proficiently, and possess skills necessary for success in the 21st Century.

Miwok Middle School students are expected to complete all assigned work, participate in class discussions, read material outside of the classroom, write on several different genres, and give oral presentations on various subject matter throughout the year.

The Miwok Middle School administration and faculty are committed to providing a learning environment that is safe, clean, and nurturing. The Miwok MS faculty is recognized as being among the finest in Sacramento, having several Teachers of the Year and numerous mentor teachers on staff. The faculty at Miwok Middle School provides all students with a challenging and rigorous curriculum that has resulted in Miwok MS students being among the highest achieving students in Sacramento. All classrooms are networked for technology to increase school to home communication.

Miwok MS's curriculum consists of Language Arts, History, Math, Science, Physical Education, and an electives program that includes Art, French, Orchestra, Creative Writing, Speech and Debate, Industrial Education (Woodshop), Photography, Spanish, Band, Media Production, Logic Puzzles and Games, Ukulele/Music, Career Technical Education, Yearbook, and Leadership. We encourage students to get involved in school by offering a number of extra-curricular activities and opportunities including: Volleyball, Basketball, Soccer, Track & Field, Cheer, Softball, Golf, Cross Country, Flag Football, Mathletes, Art, Creative Writing, Skate Club, Speech and Debate, Gardening Club, Minecraft Club/e-Sports, American Sign Language Club, LGBTQ+ Club, Campus Light, Friendship Bracelet, Chess, Crochet, Origami, Marvelists, Newcomers, Rock, Role Playing Games, Pull up Club, Black Student Union, Dance Club, Ski and Snowboard Club, tutoring, school dances, and various field trips.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

District adopted instructional materials are available for all students in grades TK-12. Each year, instructional materials sufficiency is ensured via site visits by the Sacramento County Office of Education and site leader verification. Site visits occurred throughout the months of August and September 2025. No findings of insufficiency for use in class and at home was presented to, and approved by, the board on October 2, 2025. The Curriculum & Instruction Department maintains a current list of all district-adopted instructional materials, with the intent of adopting new materials as adoptions expire. The standard adoption cycle was interrupted during the COVID-19 pandemic and is now being remedied with planned adoptions for Mathematics and English Language Arts phased over the next four years.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

There are numerous opportunities for parents to become involved at Miwok Middle School including:

- PTSO (Parent Teacher Student Organization)
- School Site Council
- ELAC (English Learner Advisory Committee)
- Parent Teacher Conferences
- Fundraisers
- Volunteers
- Chaperones on field trips and for school activities
- Crosswalk duty support

Professional Development

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers. To that end, the district strives to provide staff with professional learning opportunities that focus on ensuring that all students have access to culturally responsive high-quality instruction and support through Universal Design for Learning and anti-bias/anti-racist practices in a robust multi-tiered system of support. District experts also provide professional learning specifically focused on Literacy, English Learners, Mathematics, Science, Educational Technology, Physical Education, the Visual and Performing Arts, and Culture and Climate. The learning opportunities afforded through district professional learning deeply aligns with the needs of our individual schools, as well as our Local Control Accountability Plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design. Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content
