2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

Vision Statement:

The Bidwell school community is united in the academic and social success of our diverse learners. Bidwell students are collaborative and independent problem solvers; who are intrinsically motivated to reach high academic expectations, make positive impacts on others and affect positive social change in their community and the world.

Mission Statement:

2025-26 School Description and Mission Statement

To provide a safe environment and challenging curriculum which will enable all students to become independent life-long learners and responsible citizens.

John Bidwell's programs include:

- Rigorous and developmentally appropriate curriculum
- Safe learning community
- Community School
- SDC classes 1st-6th
- Rose Family Empowerment Center Afterschool Program

John Bidwell Elementary has high expectations for students. Teachers work as a team to encourage students to be independent learners and use a variety of small group methods to develop problem-solving skills, cooperation, and higher-level thinking skills, instead of the standard textbook format. The staff works closely with parents and other community members to be responsive to the needs of students and the community.

School Description:

John Bidwell School is a school where unity and dedicated effort translate into high student achievement. Since 1998, when California began monitoring student achievement through Academic Performance Index (API) scores, our school has seen a steady increase of 276 API points, an achievement that has been recognized by Governor Davis, as well as officials from the United States Department of Education.

Our school has approximately 240 students in a pre-school through sixth grade program. A morning and afternoon pre-school (Head Start and State) program is conducted on the campus. Transitional Kindergarten. Special education services are offered to identified students as well as a departmental program for our second through sixth graders. We offer a 5 day a week after school program that features assistance with homework, recreational reading, and athletic activities. Additionally, we have reading for pleasure room (Ben Carson Reading Room), acceleration classes in grades 4-6 (i.e. poetry, coding, financial literacy and math mindsets) and a Parent Resource Room. We are a PBIS school, with a PTA, and we are also a community school which brings additional resources to our school.

We proudly provide all students with a rigorous curriculum, extensive interventions, a wide array of authentic assessment measures, individualized student action plans, and ongoing monitoring of student progress. Yet at the core, lies the foundation of our school's success: unity and purpose driven by a dedicated staff. Our staff provides intensive and differentiated instruction, wins teaching honors, furthers their own education, conducts classroom action research, mentors new teachers, presents at local and national conferences, and are considered leaders in the district.

Our staff creates a collegial and supportive environment and works collaboratively in grade level teams, primary and intermediate segments, and various committees. Through these collaborative processes, we have built a strong system of peer recognition and celebration. Teachers also collaborate to develop and provide Common Core State Standards aligned instruction. Intel is major partner and has provided technological equipment as well as ongoing for our children, families, and teachers.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

District adopted instructional materials are available for all students in grades TK-12. Each year, instructional materials sufficiency is ensured via site visits by the Sacramento County Office of Education and site leader verification. Site visits occurred throughout the months of August and September 2025. No findings of insufficiency for use in class and at home was presented to, and approved by, the board on October 2, 2025. The Curriculum & Instruction Department maintains a current list of all district-adopted instructional materials, with the intent of adopting new materials as adoptions expire. The standard adoption cycle was interrupted during the COVID-19 pandemic and is now being remedied with planned adoptions for Mathematics and English Language Arts phased over the next four years.

School Facility Conditions and Planned Improvements

John Bidwell Elementary School, located at 1730 65th Ave, Sacramento was built in 1957. It sits on a 11 acre site and houses 23 classrooms, comprising 32,369 built square-feet. The site has 5 playgrounds.

In the 2024-25 School year the site received \$0.00 worth of deferred maintenance spread between the following projects:None.

The district governing Board has adopted cleanliness standards for all district schools to ensure that all schools are clean, safe, and functional. The district Operations Department takes great pride in following a work order process that provides efficient and timely services to all the sites. The principal works directly with the site custodial staff to develop cleaning schedules to ensure that the school is clean and safe.

The Sacramento City Unified School District award winning facilities master plan outlines the modernization of SCUSD schools and facility buildings, many of which are over 50 years old. The plan is a living document, reviewed regularly. It can be viewed at scusdplan.org.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

John Bidwell is committed to strong partnerships with parents and community. Parents are invited to participate as active members in our school community in many ways. We have several governing boards on site that are represented by parents, teachers and staff. These committees include School Site Council, English Language Advisory Committee and the Parent Teacher Association. We have a growing number of parents that attend these meetings as elected council members and/or diverse voices in our school community. In 2015, we opened up the Bidwell Parent Resource Room which is equipped with computers, work stations, child care space and technology for presentations. An ongoing parent workshop series takes place in the Parent Room; which unpacks the tools and resources available to ensure a quality learning experience for our children. We have a part time social worker and part-time nurse who are housed in our Student Support Center (SSC). We are a Community School and parents are encouraged to be involved by joining PTA, attending parent/family nights such as Math and Science Family nights, and being part of chaperoning field trips such as Sly Park, Crocker Art Museum, River Cats games, etc.

Fiscal Year 2024-25 Types of Services Funded

SCUSD and district schools provide supplemental programs and services through categorical funds and other sources to support the needs of all students, including GATE, students with disabilities, and English learners. Programs and services such as enrichment programs, family engagement activities, supplemental instructional materials, and academic, social, and emotional support programs help our students achieve grade-level readiness, mastery of the California Common Core State Standards (CCSS), and college and career readiness.

School and district supplemental programs and services include:

- Supplemental instructional materials and books in mathematics, reading/language arts, and ELD
- Extended Day/Year/ Summer school
- Enrichment programs
- Parent Education/Family Nights
- Student/Family Primary Language Support
- Translation for Home-School Communication
- Gifted and Talented Education (GATE)
- Special Education
- Professional Development
- Support Staff, such as nurses, instructional assistants, parent advisors, and counselors
- Supplemental Education Services
- School Choice

Please check with your child's principal to receive information regarding the services that are specific to your child's school.

Professional Development

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers. To that end, the district strives to provide staff with professional learning opportunities that focus on ensuring that all students have access to culturally responsive high-quality instruction and support through Universal Design for Learning and anti-bias/anti-racist practices in a robust multi-tiered system of support. District experts also provide professional learning specifically focused on Literacy, English Learners, Mathematics, Science, Educational Technology, Physical Education, the Visual and Performing Arts, and Culture and Climate. The learning opportunities afforded through district professional learning deeply aligns with the needs of our individual schools, as well as our Local Control Accountability Plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design. Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility.

This table displays the number of school days dedicated to staff development and continuous improvement.
