2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

At John D. Sloat Elementary, our vision is to be a connected, inclusive, and empowered learning community where every student is seen, every family is valued, and every voice helps shape a future of confident, compassionate community members.

Our mission is to build a school where students, staff, and families learn and grow together. At Sloat, we honor and respect differences, support the whole child, and embrace all learning abilities to ensure every student develops academically, socially, and emotionally. By lifting up family partnerships and nurturing well-rounded leaders, we empower students to thrive as compassionate citizens and contributors to their school and world.

2025-26 School Description and Mission Statement

We proudly provide a rigorous and engaging academic program grounded in high-quality instruction and aligned with California State Standards. Our teachers work collaboratively in grade-level and cross-grade teams to analyze data, monitor student progress, and design instruction that meets the diverse needs of our learners. Through ongoing professional learning and reflective practice, our staff fosters a culture of continuous improvement where innovation and care go hand in hand.

As a Community School and a proud member of the Turnaround Arts: California network, John D. Sloat is deeply committed to arts integration, social-emotional learning, and strong home-school partnerships. Our work centers on healing-centered practices, mindfulness, and student leadership—ensuring that every child feels safe, supported, and inspired to learn. We intentionally weave the arts, movement, and creativity into daily learning experiences, helping students express themselves, think critically, and connect their learning to the world around them.

Our school community celebrates learning and culture through engaging events and programs that reflect our values of connection, empowerment, and belonging.

Programs and Opportunities for Students and Families

Leaders of Tomorrow / After School Program – providing academic support and enrichment opportunities

Preschool and Early Kindergarten – building a strong foundation for our youngest learners

School Garden – connecting students to nature, sustainability, and hands-on science learning

Heritage Month Celebrations – uplifting student voice and cultural pride through performance and storytelling

Student Support Services – offering counseling, family support, and social-emotional learning tools for the whole child

Mindful Curriculum and Restorative Justice Practices – fostering empathy, reflection, and community healing

Positive Behavior Intervention and Supports (PBIS) and Peer Mediation – empowering students to take ownership of their choices and relationships

Music and Arts Integration – enriching learning across content areas and building creativity and confidence

Sly Park Environmental Camp – engaging students in outdoor education and environmental stewardship

Student Council – developing leadership, responsibility, and civic engagement

School Site Council (SSC) and English Learners Advisory Committee (ELAC) – ensuring shared decision-making and family voice in school improvement

After School Tutoring and Academic Enrichment – supporting student success beyond the regular day

At John D. Sloat Elementary, we believe that education is a shared journey—one that thrives through collaboration, compassion, and creativity. Together, we are cultivating a school community where every child is known, every family is engaged, and every day is an opportunity to learn, lead, and shine.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

District adopted instructional materials are available for all students in grades TK-12. Each year, instructional materials sufficiency is ensured via site visits by the Sacramento County Office of Education and site leader verification. Site visits occurred throughout the months of August and September 2025. No findings of insufficiency for use in class and at home was presented to, and approved by, the board on October 2, 2025. The Curriculum & Instruction Department maintains a current list of all district-adopted instructional materials, with the intent of adopting new materials as adoptions expire. The standard adoption cycle was interrupted during the COVID-19 pandemic and is now being remedied with planned adoptions for Mathematics and English Language Arts phased over the next four years.

School Facility Conditions and Planned Improvements

John D Sloat Elementary School, located at 7525 Candlewood Way, Sacramento was built in 1961. It sits on a 11 acre site and houses 21 classrooms, comprising 40,629 built square-feet. The site has 3 playgrounds.

In the 2024-25 School year the site received \$0.00 worth of deferred maintenance spread between the following projects:None.

The district governing Board has adopted cleanliness standards for all district schools to ensure that all schools are clean, safe, and functional. The district Operations Department takes great pride in following a work order process that provides efficient and timely services to all the sites. The principal works directly with the site custodial staff to develop cleaning schedules to ensure that the school is clean and safe.

The Sacramento City Unified School District award winning facilities master plan outlines the modernization of SCUSD schools and facility buildings, many of which are over 50 years old. The plan is a living document, reviewed regularly. It can be viewed at scusdplan.org.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent and Family Engagement

At John D. Sloat Elementary, we believe that family partnership is at the heart of student success. When parents and guardians are engaged in school life, students thrive academically, socially, and emotionally. We are proud to be a Community School, where families are active collaborators in shaping a welcoming, connected, and empowered learning environment.

We encourage parents and guardians to participate in a variety of ways, both big and small, that make a lasting difference in our school community. Opportunities include:

Joining the Community Schools Implementation Team (CSIT) to help guide school initiatives and strengthen family–school connections

Chaperoning field trips and supporting enrichment experiences beyond the classroom

Serving on the School Site Council (SSC) or English Learners Advisory Committee (ELAC) to provide input on school planning and programs

Assisting in the classroom, library, or leveled book room to support literacy and learning

Participating in Parent Coffee Chats to build community and share ideas

Helping with recess supervision or hallway monitoring to keep our campus safe and positive

Reading with students during March is Reading Month and other literacy celebrations

Volunteering in our school garden to promote hands-on learning and sustainability

Supporting community events such as our Black History Celebration and Teacher & Staff Appreciation Week

We deeply value the time, energy, and care our families bring to John D. Sloat. Every act of involvement—whether attending an event, volunteering, or sharing ideas—helps us build a stronger, more connected school community.

For more information or to get involved, please contact Brittany Barbone, Community Schools Specialist, at (916) 395-4620.

Fiscal Year 2024-25 Types of Services Funded

Supplemental Programs and Services

The Sacramento City Unified School District (SCUSD) and John D. Sloat Elementary School are committed to providing every student with the academic, social, and emotional supports they need to thrive. Through categorical funding and other supplemental resources, we ensure that programs and services are responsive to the diverse strengths and needs of all learners—including students who are Gifted and Talented (GATE), English Learners, and students with disabilities.

At John D. Sloat, our supplemental programs go beyond academics to nurture the whole child. We offer enrichment opportunities, family engagement activities, and additional instructional supports that help students achieve grade-level mastery of the California Common Core State Standards (CCSS) and prepare them for future success in college, career, and life.

District and School Supplemental Programs and Services Include:

Supplemental instructional materials and books in mathematics, reading/language arts, and English Language Development (ELD)

Extended learning opportunities such as after-school, intersession, and summer programs

Enrichment programs that integrate the arts, leadership, and hands-on learning experiences

Parent education and family engagement nights that strengthen home–school partnerships

Student and family primary language support to ensure access and inclusion for all families

Translation and interpretation services for effective home–school communication

Special Education programs and services designed to meet individualized student needs

Gifted and Talented Education (GATE) to challenge and inspire advanced learners

Professional development for staff to strengthen instructional practice and equity-based approaches

Support staff, including nurses, instructional assistants, counselors, and parent advisors, who provide academic and wellness support

Community Schools initiative, which connects families to resources, enrichment, and wraparound supports

Together, these programs and services reflect our belief that every student deserves an engaging, inclusive, and well-supported educational experience.

Professional Development

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers. To that end, the district strives to provide staff with professional learning opportunities that focus on ensuring that all students have access to culturally responsive high-quality instruction and support through Universal Design for Learning and anti-bias/anti-racist practices in a robust multi-tiered system of support. District experts also provide professional learning specifically focused on Literacy, English Learners, Mathematics, Science, Educational Technology, Physical Education, the Visual and Performing Arts, and Culture and Climate. The learning opportunities afforded through district professional learning deeply aligns with the needs of our individual schools, as well as our Local Control Accountability Plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design. Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility.
