## 2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2025-26 School Description and Mission Statement

Earl Warren Elementary-Panther Pride!

Earl Warren Elementary School is one of over 40 elementary schools that make up Sacramento City Unified School District. Earl Warren has an enrollment of over 430 students and serves Transition Kindergarten through Sixth grade with an allocated staff of almost 20 general education teachers, PE specialist(s), 2 RSP teachers, 1 SDC teacher, 1 Resource teacher, 1 part-time SDC instructional assistant, a part-time Computer Lab tech, 2 custodial staff, an office staff of one full-time office manager, a part-time clerk, multiple Student Support Center staff, and 1 principal. A speech therapist is contracted several days per week to offer speech services, as well as a School Psychologist. Earl Warren is a diverse Title 1 school with nearly 100% of

## 2025-26 School Description and Mission Statement

students participating in the free and reduced lunch program.

Utilizing various assessments, teachers may refer students with special needs to the Student Study Team (SST) for regular education additional support. The SST serves as a support for teachers and other school staff in monitoring student progress and assisting in the development of successful educational strategies. Available interventions may include the Resource Program, Speech services, referral to the school Psychologist for testing, After/Before-School program, tutoring, in-class assistance in small groups, reading intervention, pull-out by the Resource teacher, and a referral to our Student Support Center.

Positive Behavior Intervention and Support (PBIS) is a school-wide strategy that focuses on supporting the Social Emotional Learning (SEL) progress of the school community. A PBIS Team consisting of various school stakeholders will routinely monitor school data to provide appropriate scaffolds to support both student's and adult SEL development.

Other programs offered at our school include Parent/Teacher Home Visit Program, PE for all grades, 21st-century technology tools both in and out of the classroom including the following: SMART Boards, document cameras, installed LCD projectors, laptops, and computers, Conflict Managers, a model Computer lab to serve our students, a Head Start Preschool, a Student Support Services Center (Student Support Services coordinates our site level student support services with community resources, giving needed services to students and their families), a resource teacher who provides academic intervention, and an After-School and Before-School ASES program. The diversity of our student population is a definite strength! We work to build on-going understanding, and scaffold instruction based on the learning and language levels of our individual students. This school year our staff is being trained on Systematic English Language Development instruction.

In the spring of 2019, we were the only elementary school district in the district to receive the CORE award for three years of growth in both ELA and Math. We are a district-designated Silver Award "School on the Move." In 2008, we also won the prestigious California Schools Board Association, "Golden Bell Award" for our innovative parent-teacher home visit program. Many of our teachers have committed to building a positive relationship with our families by visiting their students and families in their homes. In 2009 and 2010 we were awarded the highly notable "Title I Academic Achievement Award," given by the California Department of Education. A school is awarded this distinguished title when it has doubled all of its API targets for its school-wide population and its subgroups. Furthermore, we are proud to have 2010 Sac-City Teacher of the Year, Mr. John Castro on staff, as well as the 2014 Sac-City Teacher of the Year, Mrs. Arlette Garcia. We are a lead school in the areas of Social Emotional Learning activities, and the use of Academic Parent Teacher Teams to help parents understand ways they can assist their students in school. We are making significant gains in student achievement and are very proud of our work, our students, and our families. Beginning in Fall of 2024, Earl Warren began the Community Schools implementation process. In Fall 2025, Earl Warren became a MTSS school site.

This is a plan of action designed to raise the academic performance and social-emotional development of the students and improve the school's academic program. The plan describes activities, strategies, and approaches undertaken at Earl Warren Elementary School to improve supplemental services that will provide opportunities for all students to meet high standards.

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

District adopted instructional materials are available for all students in grades TK-12. Each year, instructional materials sufficiency is ensured via site visits by the Sacramento County Office of Education and site leader verification. Site visits occurred throughout the months of August and September 2025. No findings of insufficiency for use in class and at home was presented to, and approved by, the board on October 2, 2025. The Curriculum & Instruction Department maintains a current list of all district-adopted instructional materials, with the intent of adopting new materials as adoptions expire. The standard adoption cycle was interrupted during the COVID-19 pandemic and is now being remedied with planned adoptions for Mathematics and English Language Arts phased over the next four years.

## School Facility Conditions and Planned Improvements

Earl Warren Elementary School, located at 5420 Lowell St, Sacramento was built in 1948. It sits on a 9 acre site and houses 27 classrooms, comprising 31,770 built square-feet. The site has 4 playgrounds.

In the 2024-25 School year the site received \$0.00 worth of deferred maintenance spread between the following projects: None.

The district governing Board has adopted cleanliness standards for all district schools to ensure that all schools are clean, safe, and functional. The district Operations Department takes great pride in following a work order process that provides efficient and timely services to all the sites. The principal works directly with the site custodial staff to develop cleaning schedules to ensure that the school is clean and safe.

The Sacramento City Unified School District award winning facilities master plan outlines the modernization of SCUSD schools and facility buildings, many of which are over 50 years old. The plan is a living document, reviewed regularly. It can be viewed at [scusdplan.org](http://scusdplan.org).

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## Professional Development

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides numerous opportunities to expand the professional repertoire of its administrators and teachers. To that end, the district strives to provide staff with professional learning opportunities that focus on ensuring that all students have access to culturally responsive high-quality instruction and support through Universal Design for Learning and anti-bias/anti-racist practices in a robust multi-tiered system of support. District experts also provide professional learning specifically focused on Literacy, English Learners, Mathematics, Science, Educational Technology, Physical Education, the Visual and Performing Arts, and Culture and Climate. The learning opportunities afforded through district professional learning deeply aligns with the needs of our individual schools, as well as our Local Control Accountability Plan, and connect to every aspect of school practice: thinking curriculum, intentional instructional practices, assessment for learning, and lesson design. Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility. Earl Warren staff has been provided training on PBIS and SEL Strategies. The current instructional focus in on Project Based Learning and English Language Development.

This table displays the number of school days dedicated to staff development and continuous improvement.
