You even can contact your child’s teacher to ask questions and more on it!

High School Emerge Leadership: Kendrilyn and Anthony went to four different places to learn more about their company and what they do. We went to Shift Physical Therapy, Atrium Hospital, Advent Hospital, and Weldon Dentist. We learned so much.

GSD's Academic Bowl team is practicing hard for the South Regional competition! Academic Bowl is a program provided by Gallaudet University's Youth Programs. This year's competition will be 13-16 February at the Florida School for the Deaf and Blind in St. Augustine. The team was successful in the first level of competition (virtual) in October and was selected to advance to the regional level of competition. There will be 16 teams from around the US participating, and the top teams will advance to the nationals. Students must work together and individually to answer questions in categories such as social studies, math, Deaf culture, and current events. Please wish our Academic Bowl Tigers good luck and safe travels!

Team members: Parris McCrory (senior), Anthony Heredia (junior), Kendrilyn Landenberg (junior), and Aaliyah Newsome (sophomore). Coaches: Marie Dickinson and Jill Carper-Craig.
