

Coach Adrian Gilmore's Legacy Lives On

In 2019, when we were 7 years old, we started playing soccer for Coach Adrian Gilmore on her travel team, MYO Storm. We played for her all the way until 2025 when she suddenly passed away. Coach Adrian meant so much to us, not just as a coach, but as a person. She taught us how to be better soccer players and also how to work hard, stay focused, and believe in ourselves. Losing her was really hard for all of us. She had such a big impact on our lives, and we will always be grateful for everything she taught us.

It is important to us that her legacy continues to live on and as part of our 8th grade project at CM Middle School, we are working to have a memorial bench installed at the Brookhaven Town Field next to Center Moriches High School. This field is very special to us because we spent so many hours there practicing and playing games with Coach Adrian. We want this bench to be a place where people can sit, remember her, and feel how much she meant to our community.

We are trying to raise money to help pay for the materials and installation of the bench. Any donation would really help us reach our goal. Thank you so much for supporting our project and helping us honor Coach Adrian's memory.
