Points for Discussion

01 What is Dual Enrollment?

02 What Courses & Colleges are Involved?

03 Parent Testimony

04 How to Enroll

What is Dual Enrollment?

- ★ **Dual enrollment** allows students to earn both high school and *college credit* by completing approved courses taught at our high school in partnership with local colleges/universities.

- ★ The coursework required is the same as if you were not enrolled as a DE student so, why not take advantage??

What are the benefits?

- ★ It gives students a head start on their college education:
  - Offers experience with the rigor of college-level coursework
  - May help reduce future tuition costs
    - Ex; In-state school tuition for Rutgers is approx. $9,000 per semester; if a student has earned credit for *five* DE courses upon graduating, that's the equivalent of a **free semester** at college
- ★ College credit earned through dual enrollment becomes part of a student's *permanent college transcript*
- ★ DE price per credit is significantly less than if the course is taken during college

Partnering Colleges & Courses

Passaic County Community College:

- ★ Algebra II Honors*
- ★ Pre-Calculus Honors*
- ★ AP Physics*
- ★ AP Env. Science*
- ★ AP Chemistry*

*FREE credits through PCCC internal funding - no cost to families.

Seton Hall University

- ★ US History I Honors
- ★ AP Computer Sci A

- ★ Tomorrow's Teachers
- ★ Careers in Education

Fairleigh Dickinson University

- ★ AP Biology
- ★ AP Env. Science
- ★ AP Physics
- ★ Latin American Studies

William Paterson University

- ★ Intro to Sports Medicine
- ★ Advanced Drawing & Design
- ★ Acting I
- ★ Honors Calculus I
- ★ Broadcasting II

**There are a possible 111 College Credits available to HHS students between DE and AP courses in total*

*Courses are subject to change

More to Know

- The courses are taught by our teachers here at Hawthorne High School
- Payment made directly to the institution awarding credit
- Each student is responsible for enrolling themselves via the school's website
- College credit transferability depends on the institution
  - Some credits transfer broadly, while others remain with the issuing college
- Students and families should contact the prospective colleges for specific guidance

**Please note that some enrollment deadlines are as early as September 30th.

September 17, 2025

Dear Parents/Guardians and Students,

I am pleased to share information about **Dual Enrollment Courses** available at Hawthorne High School. Dual enrollment allows students to earn both high school and college credit by completing approved courses taught at our high school in partnership with local colleges/universities. It gives students a head start on their college education, offers experience with the rigor of college-level coursework, and may help reduce future tuition costs. College credit earned through dual enrollment becomes part of a student's permanent college transcript.

Intro to Criminal Justice				

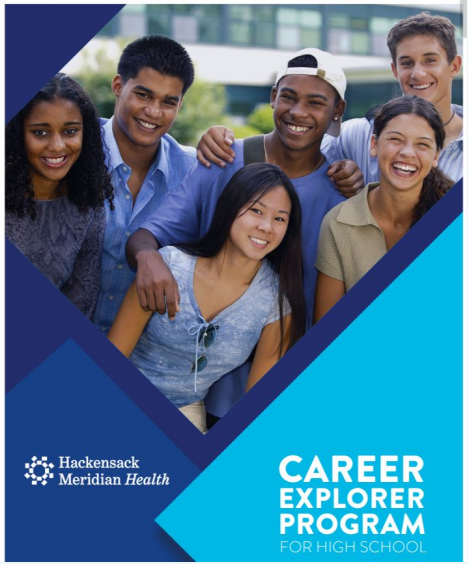

* ***FREE*** credits through PCCC internal funding - no cost to families.

Senior Internship/Partnerships

- **Work-Based Learning Experience (in partnership with Bergen County Special Services):** Seniors may spend part of their school day in a career-focused placement aligned to their interests. Students work with school counselor and BCSS to find a placement, complete weekly time sheets, quarterly reflections, and a final presentation. Fields may include business, medical, trades, arts, and more.

Senior Internship/Partnerships

- Applications for senior students starts in September.
- Students will experience “a day in the life” of talented professionals in a workplace environment.
- Students will gain self-confidence in selecting future career choices in the healthcare field.
- Students will learn about the various and diverse opportunities in the health care setting.
- Students are matched with a coach in their preferred area or a similar field.
- Students must complete 32 hours for the duration of the program with a Project Presentation & Certificate ceremony at the of their senior year.

Additional Internship/Partnership

- The Workmanship Program provides students a free introductory trades education taught by industry professionals. Located in at The Great Falls Center in Paterson, NJ.
- They program offers students hands-on experience and exposure to careers in each of the key trades: general construction, masonry, plumbing, electrical, HVAC, welding, woodworking, tile, and automotive. We come alongside individuals pursuing a trades career equipping them with all they need to take the next steps.
