

Accident at JJP: Everyone is SAFE

January 23, 2026

Good afternoon, POB School Community.

Shortly before 2:00 p.m. today, a vehicle left the roadway and struck the side steps of Judy Jacobs Parkway Elementary School. We are grateful to report that no students or staff were injured. The driver received medical attention and is expected to be fine.

We are grateful to the building administration, faculty, and staff for their calm, professional response that ensured student safety, and to the response teams for their efficient and safe management of the situation.

We are thankful for the collective efforts that allowed this situation to be handled swiftly and responsibly.

Sincerely,

Dr. Mary O'Meara

Superintendent of Schools
