Join resident teaching artists, Isabel & Jose from Los Angeles, for a hands on & engaging learning series that celebrates stories, identities, and creativity. Together, you'll explore how the arts can affirm students' cultural identities while expanding MLLs' language and discourse, offering powerful mirrors that support expression, belonging, and voice for students and adults alike.

Each PD will be anchored by a children's book(s) and aligned to the California State Standards in Art, English Language Arts, English Language Development, Spanish Language Arts, Spanish Language Development and the new PTKLF.
