## 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2025-26 School Description and Mission Statement

It is with great pride that I share the Iva Meairs Elementary School Accountability Report Card with our families and community. Meairs Elementary serves students from preschool through fifth grade and is located in the southwest corner of Garden Grove. Our school community is richly diverse, composed primarily of Asian and Latino students, which creates a welcoming environment where students learn from one another and grow both academically and socially. This diversity strengthens our school culture and enriches the educational experiences we provide for every child.

In compliance with Proposition 98, California schools are required to publish an annual School Accountability Report Card. This report offers an opportunity to share the progress we continue to make and to highlight our commitment to academic

## 2025-26 School Description and Mission Statement

excellence and student well-being. At Meairs, our goal is to instill a love of learning while developing the academic, social, and emotional skills students need to be successful in high school and beyond. We believe all students can and will excel, and we are proud to have highly qualified, dedicated teachers who collaborate to meet the diverse needs of our students and families.

Our purpose in sharing this information is to keep our community informed and engaged. Open communication and strong partnerships with families are essential to our success, and we welcome your questions, feedback, and suggestions. Thank you for your continued support in making Iva Meairs Elementary a positive, inclusive learning environment where every student is encouraged to do their best, become lifelong learners, and grow into productive citizens.

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Westminster School District held a hearing on October 16, 2025 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. The State of California. Core subject textbooks and instructional materials are provided for each student, including English Learners.

Standards-aligned texts and materials are reserved both for use in the classroom and to take home. All textbooks and instructional materials used within the school are aligned with California State Frameworks, State Board of Education, and District Standards.

Westminster School District is actively involved in the selection process of materials and textbooks. The selection process involves teachers, administrators, district support personnel, and parents. The district follows the State of California's Textbook Adoption Cycle, which requires every school site to review textbooks in each curriculum area within a seven-year cycle; textbooks are replaced at the rate of one subject area per year. The table contains a list of the most recent textbook adoptions in core curriculum areas for the school as of October 16, 2025.

Year and month in which the data were collected

## School Facility Conditions and Planned Improvements

Meairs Elementary School offers a safe and secure campus for students, staff, and visitors. The chart displays the results of the most recent facility inspection provided by the district in September 2024.

### Cleaning Process & Schedule

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Each classroom is swept or vacuumed and the trash emptied. The cafeteria, multipurpose room, and all restrooms are cleaned daily. Grounds are groomed on a rotating basis, with trash, lawn, and plumbing issues addressed daily.

### Maintenance & Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service that emergency repairs are given the highest priority.

### Deferred Maintenance Budget

Annually, the district assesses deferred maintenance needs and creates a budget for each school site. Based on availability of funds, the district focuses on safety needs first and prioritizes other facilities repairs accordingly. Typically deferred maintenance repairs include roofing, plumbing, heating, air conditioning, electrical systems, paving and flooring.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

<b>Mathematics</b> (grades 3-8 and 11)	31	37	45	45	35	37

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

Meairs Elementary School recognizes the strong connection between parent and community involvement and student success. Families and community members are encouraged to participate in a variety of activities, programs, and organizations that support student learning and strengthen our school community. These opportunities include Family Nights, parent education workshops, the Winter Program, Jog-a-Thon, Read Across America, School Smarts, PBIS activities, and our School Learning Garden. Parents may also choose to serve through the Parent Teacher Association (PTA), School Site Council, English Learner Advisory Committee (ELAC), and as classroom, school, or community volunteers.

The school actively encourages all parents to be involved in their child's education. Events such as Parent Conferences, Back to School Night, and Open House are designed to welcome families, share important information, and invite parent input. Parents are also encouraged to schedule appointments with their child's teacher or the principal at any time to discuss questions or concerns.

Parent involvement is an integral part of the Meairs Elementary school program, and we value the partnerships we build with families and the community. For more information on how to get involved, please contact the school at (714) 372-8800.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

## 2025-26 School Safety Plan

Meairs Elementary School is committed to providing a safe and secure learning environment for all students, staff, and visitors. The Comprehensive School Safety Plan (CSSP) is reviewed and updated annually to ensure alignment with current safety requirements and best practices. The School Site Council reviewed and approved the Safety Plan on September 25, 2025, and the Board of Education approved the School Site Safety Plan on November 20th 2025. The plan is discussed with school faculty and a student representative as part of ongoing efforts to promote shared responsibility and awareness of campus safety procedures.

The CSSP outlines key elements designed to protect students, staff, and school property while maintaining a positive and supportive learning environment. These elements include emergency preparedness and response procedures, roles and responsibilities of staff during emergencies, communication protocols, and strategies for maintaining a safe school climate. All staff members receive copies of the plan and participate in annual in-service training focused on school safety policies and procedures.

Meairs Elementary School, originally built in 1949, offers well-maintained and up-to-date facilities, including primary and upper playgrounds, a library, multipurpose room, garden, and classrooms that provide adequate space for students and staff. Safety drills, including earthquake preparedness, fire drills, and shelter-in-place drills, are conducted regularly. In the event of an emergency, the school's Disaster Preparedness Plan provides clearly defined procedures, and emergency supplies are readily available to support the school community.

## Professional Development

Annually there are three district staff, classified and certificated, professional development days. The topics for these days are determined by the district level focus areas such as safety, curriculum adoptions and instructional supports as well as input from the staff for "voice and choice" session tailored to specific needs such as social-emotional supports and staff evaluations. In addition, the district provides monthly release time for professional teams to work and learn together. Certificated staff also participates in bi-monthly Wednesday professional development in either team professional learning communities or targeted professional training sessions. District staff also attend conferences and outside training that is site determined such as behavior interventions and supports, AVID training, reading and writing conferences, technology conferences and GATE conferences.

This table displays the number of school days dedicated to staff development and continuous improvement.
