2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

District Vision:

As a community of learners, the Santa Monica-Malibu Unified School District works together in a nurturing environment to help students be visionary, versatile thinkers; resourceful, life-long learners; effective, multilingual communicators and global citizens. We are a rich, culturally diverse community that values the contributions of all its members and strives to promote social justice. We exist to assist all students in their pursuit of academic achievement, strength of character, and personal growth, and to support them in their exploration of the intellectual, artistic, technological, physical and social expression.

2025-26 School Description and Mission Statement

Malibu High School Mission:

Malibu High School strives to be a collaborative community that respects individuals, sets high expectations, encourages critical thinking, and fosters a passion for learning and creative expression.

SCHOOLWIDE LEARNER GOALS:

Maturity (Connectedness and Collaboration, Physical Safety and Emotional Safety)

Students will:

Make sound decisions about their physical, emotional, and mental health

Engage in healthy, interpersonal relationships

Exercise leadership and teamwork when working together towards common goals related to class work and school activities within a diverse community

Demand excellence from themselves, persevering through failures and struggles

Humanity (Citizenship and Ethic of Service)

Students will:

Conduct themselves in an honest, ethical manner taking responsibility for their actions

Create an inclusive environment by learning and understanding different worldviews and cultures

Demonstrate environmental and civic responsibility

Learn through service to the community

Scholarship (Growth and Learning, Creativity and Artistic Expression)

Students will:

Meet and exceed SMMUSD graduation requirements and be prepared for success in college or career.

As part of the academic program, explore a variety of activities including athletics, arts, and clubs as part of their academic, social, and personal growth

Think at high levels and create high quality work in a rigorous academic setting

Analyze critically all types of information and respond appropriately

Synthesize ideas and communicate purposefully and persuasively both orally and in writing

Demonstrate creativity through various projects and presentations

Utilize all technology fluently and responsibly

Principal's Message:

Malibu High School (MHS) is a forward-thinking, comprehensive high school for students in grades 9-12, where we are committed to fostering an engaging, student-centered learning environment. We prepare our students not only with rigorous academic knowledge, but with the critical thinking, creativity, and collaboration skills needed to thrive in a rapidly evolving world. Located along the scenic Pacific Coast near Los Angeles, MHS offers a wide range of hands-on, real-world learning opportunities that encourage students to explore their passions. From cutting-edge courses in marine and environmental sciences to dynamic programs in the visual and performing arts, our school is dedicated to providing students with diverse pathways to success. Our faculty excels at creating inclusive, differentiated learning experiences that meet the needs of every student, fostering an environment where all students can excel. With a focus on engaging practices that include project-based learning, student-driven inquiry, and technology integration where students are guided to take ownership of their learning and become active participants in their educational journeys. At MHS, we also prioritize smooth transitions, ensuring that our students move seamlessly from middle school to high school. The shared campus with Malibu Middle School creates a collaborative bridge between the two, offering a cohesive academic experience from grades 6-12. Our strong community is another key element of MHS's success. We are fortunate to have a dedicated, professional staff, as well as an active and supportive parent network. Thanks to their involvement and the many programs they support, MHS continues to offer rich resources and innovative opportunities that help our students grow into thoughtful, engaged, and responsible global citizens.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All students at Malibu High have access to state-approved and district-adopted textbooks and instructional materials in all core academic areas. All students, including English learners, have their own copy of textbooks either online or hard copy. Textbooks and instructional materials are recommended for school board approval through a comprehensive process by a districtwide committee of teachers and administrators. Texts and instructional materials for grades 9-12 are reviewed by a school site committee and submitted for review and approval by the school board. Members of the public are invited to review recommended materials and make comments prior to board approval.

School Facility Conditions and Planned Improvements

The Malibu High facilities support the needs of comprehensive academic, co- and extracurricular programs. The facilities include general education classrooms, science labs, visual arts classrooms, photography classroom with dark room and computer lab, instrumental and vocal music rooms with practice rooms, library with computer lab, swimming pool, tennis courts, baseball field, softball field, football field, auditorium, a physical education gymnasium, a competitive gymnasium, outdoor amphitheater, and an all-weather track facility. Teachers have a 3 faculty lounge and workrooms used for producing instructional materials. Classrooms meet specific square footage guidelines and are equipped with whiteboards, classroom materials, audiovisual equipment, computers, laboratory equipment, and needed support materials. Teachers structure their classroom settings to meet their program's needs. Classroom environments allow students to work individually, in small groups and in whole-class settings.

Physical education areas, athletic field space, and aquatic settings support physical education instruction, athletic competition and other instructional activities. The school library provides print materials, reference items, technology for student use, and space for students to engage in individual and group work. We make every effort to keep our campus clean and graffiti-free; we strive to have an environment that is conducive to student learning. Our facility is well maintained and is in well-functioning condition.

Due to the passage of several district-wide bond measures, Malibu High School recently opened its new high school with a new, state-of-the-art facility. The second phase of the project includes a new middle school building and gym as well as a new pool.

B. Pupil Outcomes	State Priority: Pupil Achievement
	<p>The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):</p> <p>Statewide Assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).</p> <p>The CAASPP System encompasses the following assessments and student participation requirements:</p> <ol style="list-style-type: none"> 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven. 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven. 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve). <p>College and Career Ready The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.</p>

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

2024-25 Career Technical Education Programs

CTE program pathways are being developed through a strong collaborative partnership between SMMUSD and Santa Monica College. The purpose and focus of our CTE collaborative pathways is to educate and help to prepare our students for STEM careers involving sophisticated scientific, engineering and technological skills and knowledge, as well as a focus on fostering, nurturing and valuing imagination, creativity and innovation. Furthermore, our joint collaborative pathways enable dual enrollment academic opportunities for our secondary students with congruent transferability and bachelor degree goals.

Current CTE Coursework in Arts, Media, and Entertainment as well as Math at MHS includes:

Film Production 1 and 2
Broadcast TV Production 1 and 2
Journalism 1 and 2
Multivariable Calculus

The primary representative for CTE is Devon Smith, Coordinator of Innovation and Learning, devonsmith@smmusc.org.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement
All parents and family members are encouraged to take an active role in the school community by participating in site decision making councils, as well as district level advisory committees, in order to be involved in the development of school improvement plans. The primary parent volunteer and booster groups for Malibu High School include:

2025-26 Opportunities for Parental Involvement

These include:

- PTSA Executive Board
- PTSA General Assembly
- Arts Angels Booster Club
- Athletics Booster Club
- School Site Council
- School and District Committees

Additional school/community groups include:

A Malibu Public Schools (AMPS)

Our unique fundraising model is the result of the following community group:

Malibu Education Foundation (MEF)

The Shark Fund (TSF)

PTSA ensures open communication between the school and parents, the Arts Angels support our arts programs, and the Athletic Booster Club supports our athletic programs. Additionally, the PTSA and school staff help to provide a variety of parent education opportunities. Volunteer opportunities at the classroom and school level are provided throughout the school year. The highly successful fundraising organization, The Shark Fund (www.thesharkfund.org) secures the necessary financial resources needed to support all of our programs, including booster and academic programs.

For more information on how to become involved at the school, please contact Lara Godbile, PTSA President, at ptsamalibu@gmail.com.

For additional information regarding parental involvement, view the Family Engagement Policy and School Compact at: <https://www.smmusd.org/domain/4675>.

2025-26 School Safety Plan

Malibu High School is committed to ensuring a safe school defined by a respectful learning environment, balanced with appropriate standards of behavior. We offer students and parents the opportunities to engage in many activities including athletic and school-sponsored events, during and outside the school day. As a primary gathering place for young people in Malibu, administrators and campus security supervise activities ensuring that students, guests and community feel welcomed. Working with our parents and community partners, we work to ensure that all who come to our school are safe. A significant partnership includes the Malibu Boys and Girls Club that provides supervised after school programming, a Wellness Center, and substance abuse counseling.

We routinely examine, review and assess safety at our school including identifying appropriate strategies and programs that will provide or maintain a high level of school safety. Additionally, we routinely examine, review and assess our procedures to ensure that we comply with existing laws relating to school safety. The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school. The School Safety Plan was last reviewed, updated, and discussed with the school faculty in August 2025. The School Safety plan is discussed and updated with the school safety committee/SSC in November 2025 and approved in November 2025. Throughout the year, we have safety and evacuation drills for fires, earthquakes and other emergencies including campus lockdowns. Our 3-day emergency supplies of water and food as well as our disaster supplies are inventoried each year based on the district provided supplies list. The last annual inventory was completed in June 2025. We also have a relationship with the City of Malibu and the local American Red Cross agency to assist us in the event of a significant community emergency.

Malibu High School is committed to a safe environment that supports teaching and learning. MMS/MHS believes in the progressive discipline model grounded in Restorative Justice principles and approaches. The Code of Conduct for students is found in the student planners, on the school website, and posted in classroom and is a set of guidelines for students to live by while at school each day. Students who follow the Code of Conduct are meeting basic expectations allowing them to be successful students. All students are made aware of the schools rules and expectations at the beginning through discipline talks. Visitors to the campus enter and must check in through our main entrance. Any outside visitors must check in at the Attendance Office/Main Lobby. Each visitor must present a valid ID that will be run through the Verkada System. School security staff, administrative staff, and support staff work together to ensure a safe and secure campus. All entrances and exits are locked during the school day and any open entrances/exits are monitored by campus security.

Administrators, athletics staff, campus security, and a number of other teachers and staff maintain basic first aid, CPR, AED training. Additionally, administrators and members of our special education department maintain training in CPI, Crisis Prevention Institute.

Due to ongoing campus improvements, traffic procedures and pick up and drop off routines have been reviewed and changed the last few years to ensure student safety and effective traffic circulation. The recent improvement projects included a new high school building, improved perimeter fencing, a single campus entry point, as well as additional traffic and safety improvements.

Professional Development

All teachers and staff in SMMUSD participate in ongoing professional development through banked time, a total of 90 minutes of meeting and professional development time each week at each site. Areas of districtwide focus for teacher and administrator professional development include implementation of project-based, social-emotional learning and restorative practices and other areas that are determined by a review of summative and formative data from all school sites and the collection of input from teachers and administrators. Among the primary focus areas for professional development in SMMUSD are the following:

- Literacy and mathematics
- Using data to improve classroom instruction

Professional Development

- Culturally relevant and responsive pedagogy
- Supporting students with special needs
- Differentiated instruction for all students, including English learners
- Technology integration

A variety of methodologies is used to provide professional development, including coaching and mentoring. SMMUSD provides coaching through several programs such as BTSA, National Boards, literacy and ELD coaching, and Instructional Leadership Teams. Additionally, professional development occurs through workshop series during banked time and/ or after-school opportunities. Each August, all teachers new to Santa Monica-Malibu are invited to participate in Teacher Academy, a professional development and orientation to districtwide curriculum and instructional initiatives. All eligible new teachers are encouraged to participate in BTSA. Teachers interested in applying for National Board Certification may participate in the process and can elect to be supported by teachers who have already achieved National Board Certification. The district recently has provided a variety of cohort based professional development opportunities including around: social justice standards, restorative approaches, project based learning, blended learning, matrix of bias, deep learning, and NGSS.

Malibu High School’s professional development activities are both schoolwide and departmentally based. Focus areas include:

Rigor: To strengthen teaching of higher-order thinking and critical thinking. To increase students ability to independently and successfully complete tasks with a level 3 or 4 depth of knowledge. To strengthen students’ academic language and close reading strategies. To strengthen Tier 1 instruction.

Student Support: To identify students and inform tier 2 and 3 instruction. To understand the pre-referral intervention and SST process. To enhance the student support period to provide enrichment and intervention, beyond homework help.

Relevance: To increase staff capacity around project based learning. To increase student engagement through collaborative strategies and tools. To have students create products or performances for audience beyond teacher/classroom. To develop 1-2 guiding projects within existing coursework.

Department PLC: To implement cycles of inquiry focused on analysis of student work

The School Leadership Team develops the annual professional development calendar around the site priorities in the implementation plan. The SLT team reviews data quarterly to inform the plan. Additionally, annual data is reviewed with all staff in August to frame the priorities for the year. Periodically, FAC distributes staff surveys to assess staff perception on the effectiveness of the modified day professional development schedule. The Professional Development Plan is aligned with the sites SPSA/WASC Action Plan.

The district calendar has 4 dedicated professional development days, 3 in August and 1 in January. The weekly banked time occurs around student instruction. Teachers are subbed out for various professional development opportunities but they fluctuate by teacher, by department and some are required while others are voluntarily.

This table displays the number of school days dedicated to staff development and continuous improvement.
