Shaded steps show the longevity factor of 1.125% (based on Step 5, current range) added after the completion of 5 - 37 years of regularly employed service in the District. Employees must satisfy contract requirements to qualify for the 6% retirement longevity. Refer to the negotiated contract or contact Personnel Services for additional information.

To calculate monthly base pay: Monthly rate divided by 173.33 = approximate hourly rate. Multiply hourly rate x number of hours per day x number of contract days per year, divided by the number of monthly payments you receive per year (most school site employees receive 11 checks per year; most department employees receive 12 checks per year).

Example: \$2020 ÷ 173.33 = \$11.65 per hour. Then, \$11.65 per hour x 3 hours per day x 204 days = \$7,129.80 ÷ 11 pay = approximately \$648.16 base pay per month.
