

8th Grade Course Requests

(7 Period Day)

- **Core Classes:** All students will be pre-enrolled in the following core classes:

- Language Arts
- Math
- Social Studies
- Science

- **Fine Arts:** Students will choose ONE of the following yearlong courses:

Art 8	Band 8
Chorus 8	Orchestra 8

- **World Language:** Students will choose ONE of the following yearlong courses:

Spanish Level 1: Part 2	Chinese Level 1: Part 2	French Level 1: Part 2
-------------------------	-------------------------	------------------------

**World Language is a two-year commitment to one language.*

- **Exploratory Classes:** Students will choose ONE of the following 1 semester classes. This class will be opposite the required semester of Physical Education I*:

Art General 8*	Project Lead the Way 8
*Students CANNOT take both Art General 8 and Art 8. If a student chooses Art 8 as their fine art, they must choose PLTW 8 as their exploratory class.	

**Physical Education I is a High School credit course and transcript grades.*

****Support courses** (Resource, Supplemental, ENL etc...) are not reflected through the course requesting process. Note that these support courses may be necessary to replace elective choices.

Computer Science: 8th grade students will take Computing Foundations for a Digital Age within their 8th grade science course. The Computing Foundations for a Digital Age standards and skills will be taught over the course of an entire year, connected to and supportive of the learning being done in 8th grade science. Building these foundational skills at the middle level will help support student learning at the high school level. **This course will be awarded one (1) high school computer science credit and transcript grade which is an Indiana graduation requirement.**
