2024-2025 School Accountability Report Card
(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

San Benito County Juvenile Hall Court School, operated by the San Benito County Office of Education, serves students in grades 5–12 who are detained by order of the Juvenile Court. The school is built on the belief that all students can learn when provided high expectations, support, and shared responsibility among staff, families, and the community.

Its mission is to offer a safe, positive learning environment equipped with modern resources so students can reach their highest potential and graduate with a wide range of future options. The school emphasizes 21st-century learning, accessibility, and community partnership to help students develop the skills needed to be engaged citizens.

Teachers align curriculum, lessons, and assessments with the Common Core State Standards. Core academic subjects include English Language Arts, Algebra Readiness, Algebra, History/Social Science, and Science, with additional services such as migrant education, special education, and technology access. Students are assessed in English and Math, and counseling services are available through school personnel and county behavioral health. Staff also receive training in Restorative Justice practices.

The school prioritizes safety, equity, and diversity, offering challenging and supportive educational opportunities. Its program promotes academic success alongside vocational and interpersonal skill development. Students are encouraged to build strong work habits, respect community effort, and prepare for productive adult roles.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The San Benito County Juvenile Hall Court School is operated within the San Benito County Juvenile Hall facility, thus a Facilities Inspection Tool does not apply. However, the San Benito County Office of Education completes an informal inspection of the facility annually. The 2025 inspection found the facility to be in GOOD condition in all systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Due to the security and safety of the environment of the student population, parent involvement is limited, but available. Probation officers and school staff coordinate any contacts or communications with families. Transition meetings are held with all educational partners to help ensure student success while the student is attending San Benito County Juvenile Hall Court School and upon release and re-integration into their home school educational environment.

2025-26 School Safety Plan

A safe and orderly environment is maintained through close collaboration between the San Benito County Probation staff assigned to the school and the San Benito County Juvenile Hall Court School staff. Teaching personnel are informed of and adhere to all facility procedures, including supply inventory protocols, maintaining visual contact with minors at all times, standards for student movement, and guidelines for communicating with staff.

The School Safety Plan is reviewed and updated annually in coordination with San Benito County Juvenile Hall. Each year, an internal program evaluation and report are completed. Additionally, Northern California Relief conducts a full facility inspection every two years, along with a Workers' Compensation inspection.

Professional Development

The Administrator of San Benito Alternative Education programs, and staff determine the professional development plan based upon a variety of information, including student achievement data, curricular needs, and teacher input via a San Benito Countywide Professional Development Survey, as well as input from weekly staff meetings, professional development meetings and individual evaluations.

Instructional staff are provided professional development every Thursday. A variety of professional development workshops for teachers and staff, sponsored by site administration or the San Benito County Office of Education, are offered free of cost, in San Benito County Office of Education's monthly professional development events, which include Math 2.0 Summer Institute, PBIS, Social Emotional Learning and English Learner support.

2024-2025 Professional development activities included PBIS Training, Restorative Practices Training, Social Emotional Learning, Trauma-Informed Practices, English Learner Supports/Integrated and Designated ELD, Reclassification supports, ELPAC Lesson Design, Culturally Designated Pedagogy, and student data analysis.
