

Subject: Levy Information

Levy dollars may only be used for certain expenditures that are allowable under law and consistent with the purpose approved by voters. These funds help support essential services and programs that are not fully funded by the State, including student programs and opportunities, safety and security, operations, and staffing.

The District follows a funding prioritization process to ensure responsible financial stewardship. Whenever possible, expenditures are first charged to state-funded revenue sources. Only after applicable state dollars are fully utilized does the District allocate expenditures to levy funds. This ensures that levy dollars are preserved for needs that cannot be covered by state or other restricted funds.

Attached is a summary of our 2024-2025 Levy/LEA expenditures.
