2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Success Learning Center Consortium is an intensive educational program option for special education students in middle and high school who require a small structured setting. We use a collaborative and comprehensive team approach to support students. Success Learning Center has highly trained staff that strives to build positive relationships with families. We also partner with local regional centers, educational and community agencies to support students and families. Our staff offers comprehensive assessments from a team of professionals along with recommendations to the Individualized Education Program (IEP) teams. In addition, Success Learning Center incorporates a collaborative approach to design individualized education programs for students. Above all, we build positive relationships with families through respect of each parent's knowledge and priorities, on-going communication, and supporting parents in implementing strategies across settings. With regard to Statewide Testing, when fewer than 11 are in one grade or subgroup take a test state officials remove their data from reports. Data is omitted to protect student's privacy, as called for by Federal law.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes	State Priority: Pupil Achievement
	<p>The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):</p> <p>Statewide Assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).</p> <p>The CAASPP System encompasses the following assessments and student participation requirements:</p> <ol style="list-style-type: none"> 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven. 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven. 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve). <p>College and Career Ready The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.</p>

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Mathematics (grades 3-8 and 11)			45	45	35	37

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2024-25 Career Technical Education Programs

The Success Learning Center offers students the opportunity to participate in Department of Rehabilitation (DOR) employment programs and job skills training. Our teachers continually determine student preferences and interests through transition planning, assessment, and interest inventories. The Success Learning Center formally collaborates with the following agencies: Department of Rehabilitation, Harbor and Westside Regional Centers, as well as El Camino and Southwest Los Angeles Community Colleges. Our staff teach academics, social, and vocational skills to prepare our students for post secondary educational and employment opportunities.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents stay informed on upcoming events and activities through our Success Learning Center Newsletter, school calendars, email blasts through Outlook and through regular communication from school staff. Information is also shared through our Wiseburn SLC webpage.

2025-26 School Safety Plan

Wiseburn Unified School District (WUSD), the lead district for The Success Learning Center, is committed to ensuring that students and staff attend campuses that are safe and secure, and where they are free from physical and psychological harm. Success Learning Center believes that a step towards maintaining safer schools is for each school site to develop a comprehensive school safety plan that takes into account the school's staffing, available resources, building design, and other factors unique to the site. WUSD, as the lead district for operations for purposes of reporting data relating to the school safety plan, does not have a school site council due to the nature of its program design. The status of the school safety plan, including a description of its key elements, shall be reported as appropriate. The Principal shall also ensure that the most current comprehensive school safety plan is readily available for inspection by the public.

The comprehensive safety plan shall include an assessment of the current status of any crime committed on campus and at school-related functions. The campus is presently located within the Hawthorne Police Department jurisdiction. The Success Learning Center shall work with law enforcement, examine local assessments and data, and utilize district systems such as Schoolzilla, a data warehouse of student information to assess reports of crime, suspension and expulsion rates, and surveys of students, parents/ guardians, and staff regarding their perceptions of school safety and school connectedness. The plan shall also, at minimum, identify strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, including all of the following:

- 1. Child abuse reporting procedures
- 2. Routine and emergency disaster procedures, including adaptations for students with disabilities
- 3. Policies for students who commit acts that would lead to suspension or expulsion
- 4. Procedures to notify teachers of dangerous students
- 5. Policies prohibiting discrimination, harassment, intimidation, and bullying
- 6. Provision of a school-wide dress code, which defines and prohibits "gang-related apparel"
- 7. Procedures for safe ingress and egress
- 8. Policies enacted to maintain a safe and orderly environment conducive to learning
- 9. Rules and procedures on school discipline
