2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Oak Knoll is a big school of almost 600 students that feels small, personal, and focused on its mission: Every student an exemplary scholar, a valued friend, and a courageous citizen. As you walk onto our campus, you will notice the focus is on the whole child. Learning is not limited to our classrooms but is accessible everywhere on campus. You will see children of various ages working together and learning from each other. You will see students who love to read, as evidenced by the large number of students who stroll around book in hand. In the halls, you will hear children as young as five painting murals, or classes of kids engaged in hands-on science, or small groups of students discussing their reading. If you glance into the open doors of our classrooms, you will observe students using technology as a learning tool, students engaged in dynamic lessons, and individual students sitting with their teachers receiving targeted instruction. You will notice students taking the initiative in tending our school garden, planting seeds, and measuring growth. You will see students running the broadcast studio that produces the KNOL morning news and will watch the student tech crew doing sound checks behind the scenes at school-wide assemblies and performances. At recess, you will find children self-directed and participating in various games, sports and other activities, such as visiting our bustling school library. During this time, you might also notice groups of kids in the Gaga (Israeli dodge ball) pit, which students advocated for, designed according to geometric principles, and then built during math classes. If you venture further into our playground you will begin to hear the outdoor instruments, the large "big kid" sandbox (because big kids like to dig in the sand too), and the far off place called the Nature Zone where students work together using nature to build structures. While all of this is going on, over on our TK and kindergarten playground our youngest students are riding trikes and building with our Imagination Playground (oversized foam blocks).

At Oak Knoll, our mission is our blueprint and keeps us focused on what we value. Exemplary scholars have a growth mindset so we make sure to teach Dr. Carol Dweck's "Mindset" research to our students and parents. They understand that intelligence is not an asset determined at birth and that the brain is pliable and capable of amazing accomplishments with practice and perseverance. Smart is not something you are; smart is something you get through hard work and practice. Developing exemplary scholars may be impossible without focusing on the whole child. We also emphasize students becoming valued friends and courageous citizens as part of our school mission. All three parts of our mission are equally important to us. We empower our students by providing many leadership opportunities in and out of the classroom. We prioritize and hold a high expectation for compassion. Our fervent belief in inclusion for students with specific needs has helped create an appreciation and celebration of unique differences. We value diversity and celebrate race, language, and culture on our campus. Oak Knoll has many students from around the globe. Valued Friends are compassionate students, so we make sure to teach our students

2025-26 School Description and Mission Statement

to empathize with others and embrace diversity. Courageous Citizens provide service to others, and at Oak Knoll, service is not a special project, but instead, something Oak Knoll students regularly provide.

Oak Knoll believes in the power of relationships and connection. Teachers provide targeted instruction to students in the classroom who have not yet reached proficiency. This instruction is designed around academic goals and is also used as a critical time to deepen relationships. Speaking of relationships, our school staff also has strong working relationships which result in a lot of collaboration and school spirit. At Oak Knoll, we expect a lot of our teachers and put them on a pedestal because we appreciate and value the work they do to make Oak Knoll exceptional. Like our students, our teachers, are amazing!

Oak Knoll is fortunate to have a close partnership with its staff and parents. Parent volunteers spend countless hours supporting classroom teachers, programs, and events. Oak Knoll is a neighborhood school like no other! As we take our students on this educational journey, we emphasize strategies that help them develop a deep sense of self-awareness, self-advocacy, and self-confidence.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Measure U is the Menlo Park City School District's latest voter-approved bond program, passed on November 5, 2024, with 71% approval. The bond funds district-wide facilities improvements and construction, focusing on safe, secure, and modern learning environments. This is the district's fourth major bond program since 1995. MPCSD has a strong history of completing bond programs on time and on budget, while using bond refunding strategically to save taxpayers millions of dollars. Measure U continues this tradition, ensuring our school facilities support the excellence of our students and staff. The District takes great efforts to ensure that all schools are clean, safe, and functional. We have all electric HVAC installation planned for all five school sites, upgrade school safety and security. In the summer of 2025 we did data wiring upgrade (replaced outdated Cat5/Cat5e with Cat6) and door access control in our gyms. We are in the process of adding extra security fencing at Oak Knoll campus. To assist in this effort, the Director of Maintenance and Operations and the site Principal conduct an annual walk-through to identify and prioritize necessary maintenance projects. The District maintenance staff keeps the school in good repair and working order by completing necessary tasks in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Cleaning standards for all schools in the district have been established. The principal and Director of MOT work closely with the custodial staff to develop cleaning schedules to ensure a clean and safe school. The District annually sets a budget aside for long-term maintenance projects. Laurel School is one school across two campuses, which sit approximately 2 miles apart.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

PARENT VOLUNTEER OPPORTUNITIES

Each year, parents, grandparents, extended family members and neighbors volunteer at Oak Knoll – in the classroom, through the PTO (Parent Teacher Organization), and through the MPAEF (Menlo Park Atherton Education Foundation). It is this community involvement that, together with our talented teachers and staff, make Oak Knoll such a special place.

Everyone is welcome to pitch in, and we encourage everyone to get involved and stay connected! There are tasks available to fit every schedule, whether parents have time only for an hour here or there if parents want to take on a year-long committee lead job, and anything in between.

There are three main ways to volunteer at Oak Knoll:

1. In the Classroom - At Back to School Night, and through our parent communication app Parent Square, parents can sign up for many different volunteer activities connected to their child's classroom, such as helping in the classroom, chaperoning field trips, and hosting class parties. Fingerprinting is required to volunteer in the classrooms and on field trips.
2. With the PTO - The Oak Knoll PTO is a partnership between Oak Knoll's teachers and staff and the parents and families of its students. The parents of the PTO engage in many volunteer activities that enrich our school, including sponsoring community events like the Fall Family Picnic, Friends and Family Day and STEAM on the Knoll as well as student events, such as the Science Fair, Science Olympiad, the Book Fair, and the Third Grade Musical the Lion King. The PTO also organizes volunteers to help support our library, garden program, and our hot lunch program.
3. With the MPAEF - The Menlo Park-Atherton Education Foundation is a nonprofit organization led by parent volunteers who raise funds to support innovation and excellence in education for students across the Menlo Park City School District. The MPAEF works with the PTO to help fund our school and provide a level of excellence in the areas of art, technology, science, guidance, wellness, and more. There are opportunities for parents to help support the foundation. These include the Annual Parent Campaign, Spring Auction Event, Spirit Day, and the Schoolhouse Rocks Run and Festival.

2025-26 School Safety Plan

EMERGENCY AND DISASTER PREPAREDNESS

Oak Knoll has a well-developed emergency plan that deals with a number of possible emergencies. This plan is aligned with the Menlo Park School District Emergency Plan, the State Emergency Management System (SEMS) and the California Administrative Code, Section 560, Title 5.

District Responsibility: If the Superintendent declares a District emergency during the school day, all students will be required to remain at school or an alternate safe site under the Emergency care and supervision of District personnel.

Until regular dismissal time and released only then if it is considered safe, OR

Until released to an adult authorized by the parent or legal guardian whose name appears on District records or their student ID tag.

If students are on their way to school they will be brought to school if bused, or they should proceed to school, or the nearest District school site.

If students are on their way from school they are to continue home.

During a Declared Emergency, students, who have not been picked up by their parents or other authorized people, may be taken by District personnel to another site where consolidated care facilities can be provided. This information will be given to the media stations to keep parents informed. In addition, the District will utilize its emergency robocalling, texting, and e-mail systems as well as posting information on the website to communicate emergency information. The use of these modes of communication will depend on the ability to access them during an emergency and after we have responded to the safety of the students.

Please ensure that all your contact information is up to date and any changes are immediately reported to the school.

Parent Responsibility: Parents and legal guardians of students will be provided with a Student Health/Emergency Form each year. In case of a Declared Emergency, students will be released ONLY to the person designated on this form. Parents are responsible for ensuring that information on the Student Health / Emergency Form is current.

Parents are asked to share the responsibility along with the school for informing students of what they should do in case of a severe earthquake or other major emergencies. Parents need to give specific directions to each student to follow the policy outlined above and to comply with school authority. School authorities will do everything possible to care for each student if he/she is under District supervision.

It is critical that students do not have directions from parents that are contrary to the District's stated policy on retention at school and authorized release in case of a severe emergency.

Oak Knoll Emergency Procedures: In the event of an emergency please remain calm and remember that your children will be taken care of. Your children's safety is our first priority. Oak Knoll staff will follow the Oak Knoll Site Emergency Plan and those policies set out by the District Plan. All staff has designated roles in an emergency and a command structure exists. Each classroom is equipped with a Red Emergency Backpack and Emergency Clipboard containing a class roster, Student release/medical ID tags and first aid/emergency supplies and materials. In addition, the school has emergency food and water for the immediate crisis and up to 72 hours.

Teachers and students will follow the school's evacuation procedures. After evacuation, roll/attendance will be called and each student will be given his or her ID tag to wear. Students will be supervised at the school site until a parent or designated alternate appearing on the ID tag can come and pick up the student. For this reason, it is important all information on this ID tag is current and those designated are someone with whom you have discussed this situation and have mutually agreed upon an emergency plan.

In the event of a serious earthquake where building safety becomes an issue, parents or designated persons should come to the school as soon as possible to pick up their child. **PLEASE DO NOT CALL THE SCHOOL.** Phones will be needed for emergency information. Tune into local radio and television for community news and instructions.

Please, park on the surrounding streets. **DO NOT PARK IN DRIVEWAYS OR PARKING AREAS OF THE SCHOOL.** These areas will be needed for emergency vehicles.

The annual Oak Knoll Staff training on our School Safety Plan and Procedures was held and the School Safety Plan was approved by the School Site Council in the Fall of 2025.

Professional Development

Teachers have Professional Development days each year which are used to train on new pedagogy and curriculum, examine and create plans around student data, and advance site goals.

At Oak Knoll, professional development is ongoing and focused on continuous improvement. Professional coaching is one example of PD that spans all curricula and practices. Our coaching model at Oak Knoll School improves teacher efficacy and has an impact on student achievement and school culture/climate. Our coach has dedicated days per year to meet with entire grade-level teams, tour other sites, and develop and train on best practices to support student outcomes.

In addition, teachers have peers and their school administrators to connect, collaborate, and communicate with at intentional times during the year and during bi-annual Teacher-Admin meetings. The visits usually last about 20-30 minutes and are focused around examining student data, and ensuring that all students have access to and support for their instruction and their social and emotional needs.

Throughout the year, teachers meet with the principal to discuss student academic and SEL growth and progress. The EL Specialist also meets with teachers who have EL students in their class to specifically goal set and provide specific strategies to support the students aligned with the EL standards and continuum. Staff meetings also provide ongoing support for teachers during implementation. Instructional Coaches provide ongoing support and up-to-date curriculum maps in one-to-one or small groups as well. They also lead curriculum adoptions along with our Assistant Superintendent and Ed Services.

Teachers at all grade levels except for TK will be engaged in writing scoring calibration to ensure consistency and high academic standards across all classrooms. District and Site professional development is focused during our release days, early Thursday release and additional release time on reading instruction, Heggerty adoption, iReady assessments, and CORE assessments. This year we are adding a Staff wide read of the book Happy and Resilient.

Other professional developments over the past three years have included training on Restorative Practices, TCRWP, RULER, Math coaching, NGSS standards, and Grace Dearborn professional Conscious Classroom Management training.

Professional Development is aligned with our school's mission and goals.
