

Moon Area School District
Annual Kindergarten &
New Elementary Student
Registration Procedures

Dear Kindergarten and Registering Families,

We hope this message finds you well. We're excited to share that our online pre-registration process will open in February 2026. We kindly suggest completing the online pre-registration by the end of March. If you encounter any difficulties, you can also complete the process at the Moon Area School District Central office before your child's scheduled kindergarten readiness assessment.

Our annual Kindergarten Round-Up is scheduled for May 19, 2026, bringing together children new to the district, those transitioning from private kindergarten, and those entering 1st grade in the fall of 2026. Early registration is crucial, as specific grade levels in certain elementary schools may fill up. In such cases, your child might be placed in another elementary school with available space.

To ensure participation in the Kindergarten Round-Up event on May 19th, please register your child by April 1, 2026. During the Round-Up, our dedicated kindergarten staff will conduct academic assessments. Please note, for the integrity of the assessment process, parents will not be permitted into the screening areas.

Children must be five on or before September 1, 2026, for kindergarten entry, and six on or before the same date for first grade eligibility in the 2026-2027 school year. If you have any questions or are considering enrolling your child in a private or parochial school, feel free to contact the registrar's office at 412-264-9440, dial 8 x1132.

We'll provide more information about our schools and some surprises for the children during the Kindergarten Round-Up. We're looking forward to meeting you and your child.

Warm regards,

The Kindergarten Registration Committee
