2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

Principal's Message

Dear Jacobson School Community,

Welcome to the 2025-26 school year at Melville S. Jacobson Elementary School! Jacobson is a TK-5 neighborhood school that was built in 1990. The school has been serving families for 35 years.

Our Jacobson Team has high expectations for all students. We want students to be passionate about their education and to begin their journey as lifelong learners. Teacher Professional Learning Communities (PLCs) collaborate using data to set goals and improve teaching and learning. Additionally, our teachers integrate various subject matters to maximize instructional time.

2025-26 School Description and Mission Statement

Another example of our PLC collaboration is our intervention program, where students are taught specific standards based on student assessment scores. Students who are English learners receive additional support through designated English language development (ELD) instruction from their teacher.

Students learn and model the Six Pillars of Character: trustworthiness, respect, responsibility, fairness, caring and citizenship. Students are elected to serve on Student Council and plan many activities, including spirit days. In addition, we offer social-emotional support, having counselors that provide intervention for academics, social/life skills and specific mental health needs for our students five days a week.

At Jacobson, one of our goals is to prepare all pupils for college and careers and ensure all students meet grade-level standards with a focus on closing the achievement gap between all student groups. Another goal is to provide a safe and equitable learning environment for all students and staff. Lastly, we are focusing on all students improving their ability to read and respond in writing. Literacy is a key foundation to academic confidence and success. We want to ensure that each student is a competent reader, writer and mathematician, meeting or exceeding grade-level standards. Jacobson Elementary School will continue to emphasize literacy and STEM/science instruction this year and in the future at all grade levels. Additionally, our Book Flood that we've implemented for the past four years will continue for the 2025-2026 school year. Each student will receive one free book at the end of each month of the school year to add to their home libraries.

Jacobson Elementary School values effective communication. Please follow us on Facebook and our school website for school updates and announcements.

Sincerely,
Derek Sprecksel, Principal

School Mission Statement

The mission of Melville S. Jacobson Elementary School is to inspire students to be lifelong learners by providing engaging, rigorous curriculum and relevant collaborative learning opportunities. The Jacobson School community will prepare students to solve real-world 21st-century problems and empower students to value diversity, themselves and others.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and includes some site administrators, reviews the recommendation and then recommends instructional materials (IM) to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2022. The district chose its most recently adopted textbooks (K-5 history/social sciences) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). Tracy Unified School District (TUSD) is in the process of evaluating and selecting instructional materials for science in grades K-12.

School Facility Conditions and Planned Improvements**General**

The Tracy Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility-survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California.

Below is more specific information on the condition of Melville S. Jacobson Elementary School for the 2023-24 school year.

Age of School/Buildings

This school has 32 classrooms, a multipurpose room (MPR), library, administration building, storage building and kitchen. The main campus was built in 1989.

Additions were constructed in the 1992-93 school year (one relocatable classroom), 1993-94 (one relocatable classroom), 1997-98 (four classrooms added for Class Size Reduction), 2005-06 (three relocatable classrooms) and 2016 (intrusion alarm system, reconfigured parking lot for access compliance).

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority. Our Entire campus received exterior painting with repairs to dry rot areas. The work was funded under Deferred Maintenance (Fund 14) and completed June 2020.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state-deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district has elected to commit deferred maintenance funding to cover general fund expenditures.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Jacobson Elementary promotes a sense of community within the school by encouraging parent involvement in all areas of the school, such as participating in School Site Council, English Learner Advisory Committee (ELAC), District English Learner Advisory Committee (DELAC), District Title I Parent Advisory Committee or Jacobson Staff Parent Association (JSPA).

The parent club welcomes parents to attend JSPA meetings. Our JSPA organizes our fundraisers and other fun events for our school community. Information is posted on the school marquee, on our school Facebook page and on our school website.

Jacobson also uses the ParentSquare communications system to contact families to make them aware of important upcoming events in English and Spanish.

Please do not hesitate to call the office at (209) 830-3315. We look forward to collaborating with you!

2025-26 School Safety Plan

Student safety is a major priority at Jacobson Elementary. Each year the school's safety plan is reviewed and updated. Staff and students participate in monthly fire drills. Earthquake drills are conducted each quarter. Lockdown drills are conducted at least twice per school year.

Each classroom is equipped with an emergency-response backpack and bucket containing items deemed necessary in the event of an emergency. All visitors to the school must sign in at the office, and all staff members wear badges.

Staff members on duty wear an orange vest for easy identification. Fencing and gates surround the school site for additional safety and security. There are 24 security cameras located throughout the school. A positive school climate and safety are of upmost importance. The district School Safety and Violence Prevention Handbook and California Education Code are followed. Inappropriate student conduct is not tolerated. Results from the school surveys indicate that staff, students and parents agree that Jacobson has a positive climate. The TUSD school safety plan was reviewed and approved by Jacobson Elementary School's School Site Council on 1-29-2025 and approved by the TUSD School Board on 3-25-2025. The plan is reviewed annually with school staff. JES also had an active shooter training with TUSD School Resource Officers during the 2025-2026 school year and will revisit the training annually.

Professional Development

School

Lifelong learning is a goal for all stakeholders at Jacobson Elementary. We provide a variety of opportunities for staff development. We have fully implemented the California State Standards and provide forums for teachers to discuss instruction and student learning. This occurs when teachers meet in their Professional Learning Communities (PLC) and during other opportunities for grade-level and school wide collaboration. Teachers meet regularly by grade level to plan, evaluate and collaborate on English language arts, math, and science/STEM units, in addition to other subject matters.

We are working with TUSD's Professional Learning and Curriculum department to provide professional development opportunities for our teachers. During the 2025-26 school year, we are focusing on Universal Design for Learning (UDL), early literacy, maintaining our STEM implementation, and designated ELD strategies. This professional development will take place during some early release Monday sessions during the school year.

Jacobson Elementary School also has an Instructional Leadership Team (ILT) consisting of four teachers and the site-administration team to provide direct support to teachers in implementing STEM instruction. Jacobson Elementary School also is one of four Tracy Unified School District schools piloting a K-3 reading support program, which includes a full time credentialed reading support teacher.

LEA

Tracy Unified School District requires new teachers to Tracy Unified to participate in the Tracy Teacher Induction Program (TTIP). This professional learning involves six full days of pre-service and three follow-up days during the year. At this time, teachers are introduced to the district departments, their site administrators, and receive professional learning that highlights the California Standards for the Teaching Profession. Teachers experience strategies that support classroom management, curriculum supports, and universal lesson design components. Throughout the year in TTIP, teachers are also able to contact Curriculum Specialists for just-in-time support.

New teachers who come to Tracy Unified with their Preliminary credentials qualify for the California Commission on Teaching Credentialing accredited Teacher Induction Program with Tracy Unified. This program supports new teachers in growing through the California Standards for the Teaching Profession (CSTPs) and clearing their preliminary credentials. During this process an Induction mentor will be assigned to the new teacher to facilitate their learning through the Individualized Learning Plan and growth in the CSTPs.

The district offers professional-development opportunities for all staff members throughout the school year. Four full days are provided before the school year starts. Every Monday, students are released early from school to allow teachers to participate in professional development opportunities. These sessions are divided throughout the year to allow teachers to participate in site staff development, district staff development and teacher collaboration time.

Professional Development

The district office is helping to fund professional development for our teachers and administration, both through sending teachers to Professional Learning Community (PLC) conferences, STEM conferences, the California Association for Bilingual Education (CABE) conference, and the High Reliability Schools Summit.
