2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

Principal's Message

Dear Students and Parents,

Welcome to Louis J. Villalovoz Elementary School! Villalovoz is a traditional TK-5 neighborhood school that has been serving families for over 30 years.

Our dedicated teachers and support staff care about all our students and their education. The community at Louis J. Villalovoz Elementary School works collaboratively, utilizing data and the best instructional practices to assist each student in meeting or exceeding grade level standards. The school has many programs to assist general education and special education students

2025-26 School Description and Mission Statement

as well as our English language learners. Our teachers collaborate and use data to set goals and improve teaching and learning. Here at Villalovoz, we focus on academic achievement and a positive school culture. Our staff have high expectations that students will be successful as lifelong learners. Teachers are using the Wonders English Language Arts adopted curriculum and implementing units of study in math along with the My Math adopted curriculum, and STEM in addition to using the Dimensions adopted science curriculum to help guide our students on the path in becoming 21st century college and career ready. Our students at Villalovoz will receive rigorous, relevant and engaging instruction to prepare them for college and career readiness.

We educate the whole child by stressing the importance of being a good citizen and a role model in the community by focusing on the Six Pillars of Character: trustworthiness, respect, responsibility, fairness, caring and citizenship. School wide, we are using the Second Step Curriculum to help support student social-emotional needs. In addition, we have counselors on our campus that provide intervention for social/ life skills and specific mental health needs for our students five days a week.

Our school involves parents, students, and the community in multiple activities. Community and family involvement are important to our school. When you step onto our campus, I am sure you will feel a sense of community and realize that we are a warm and friendly group, and we are proud to be the Villalovoz Pandas!

Please follow us on Facebook or our school website for school updates, special announcements and events.

Sincerely,
Marji Baumann
Principal

School Mission Statement

The mission of Louis J. Villalovoz Elementary School is to instill within our students the desire to become productive model citizens by promoting lifelong learning and encouraging academic achievement, self-motivation, moral character, and social development.

School Vision Statement

High levels of learning for all students.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and includes some site administrators, reviews the recommendation and then recommends instructional materials (IM) to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2022. The district chose its most recently adopted textbooks (K-5 history/social sciences) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). Tracy Unified School District (TUSD) is in the process of evaluating and selecting instructional materials for science in grades K-12.

School Facility Conditions and Planned Improvements

The Tracy Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility-survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California.

Below is more specific information on the condition of Louis J. Villalovoz Elementary School for the 2022-23 school year and the efforts made to ensure that students are provided with a clean, safe and functional learning environment.

School Facility Conditions and Planned Improvements

Age of School/Buildings

This school has classrooms, a multipurpose room (MPR), library, administration building, stage and kitchen. The main campus was built in the 1987-88 school year.

Additions were constructed in the 1988-89 school year (multipurpose room), 1999-00 (five relocatable classrooms and one relocatable restroom), 1991-92 (one relocatable classroom), 1998-99 (two classrooms added for Class Size Reduction) and 2008-09 (two relocatable classrooms), 2021 (intrusion alarm system). During the 2021-22 school year, TUSD installed solar panels in our parking lot. For the 2022-23 school year, the whole campus received new carpet and our library was remodeled. For the 2023-24 school year the campus received a full modernization. This included the following upgrades; new light fixtures through the campus, intercom and bell system, fire alarm and intrusion alarm system, interior and exterior paint, new roof, security fencing, learning walls (all classrooms), front desk in entryway, front office remodel, electronic marquee, and ADA compliant ramps in front of the school. For the 2024-2025 school year an Entrance Buzzer w/Intercom Access Control System was installed. A portable classroom building was installed and completed in March 2025, and an additional portable classroom is being installed and will be ready for students by November 2025.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good working order are completed in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works with the custodial staff to ensure a clean and safe school. There is one full day, one part time day custodian, and two night custodians.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district elected to commit deferred maintenance funding to cover general fund expenditures.

Student Safety

Student safety is our first priority at Villalovoz Elementary, and for this reason, we are a closed campus. This means that only students can come onto campus in the morning as school personnel usher them through the school gates.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

Mathematics (grades 3-8 and 11)	32	27	26	29	35	37

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Here at Villalovoz Elementary, we firmly believe parents are an integral part of the education of our students. Villalovoz promotes a sense of community within the school by encouraging parent involvement in all areas of the school. Throughout the year, there are numerous opportunities for parents to get involved. We encourage parents to become cleared as volunteers, and we work closely with our Boys and Girls Club to provide fun family events. Our School Site Council (SSC) and English Learner Advisory Committee (ELAC) meet a minimum of four times per year. These committees work together to develop and monitor our school's Single Plan for Student Achievement (SPSA) to drive academic instructional programs and all related categorical resource expenditures for our school to meet the needs of all of our students. During these meetings, we continuously discuss and monitor our school plan, safety and needs of our English language learners. We will be hosting a Family Physical Education Night and Family STEM Night and weekly Cafecito Parent Classes. Our teacher librarian is hosting reading education opportunities such as Latino Family Literacy.

We have an updated website, Facebook page and we utilize Parent Square to inform parents of important events and activities. We provide parent communication in English and Spanish.

Please do not hesitate to call the school office at (209) 830-3331

We look forward to collaborating with you!

2025-26 School Safety Plan

Student safety is our first priority at Villalovoz Elementary, and for this reason, we are a closed campus. Parents are welcomed on campus to volunteer once they have passed clearance through the Department of Justice and the district office. All visitors must check in at the office using the Raptor system, and all staff members wear badges. Staff members on duty wear an orange vest for easy identification. Selected 4th and 5th grade students are trained on conflict management and serve as Peace Makers during recess times. Each year the school's safety plan is reviewed and updated. Staff and students participate in monthly fire drills, quarterly earthquake drills and lockdown drills one per semester. Each classroom is equipped with an emergency-response bucket containing items necessary in the event of an emergency. Based upon the Tracy Unified School District's Emergency Response plan, the plan is provided to staff in a multicolored flip-chart format with tabs, which easily identify the appropriate area for a variety of emergency situations. We have a yearly fire inspection with the local fire department. Supervision staff members meet regularly with administration to discuss issues. There are security cameras located throughout the campus, and a front door Entrance Buzzer w/Intercom Access Control System. In addition, classified and certificated staff members receive training on emergency and general safety procedures through Keenan Safe Schools online training. These trainings cover a variety of topics and hazards, which employees may encounter on the job site. The district School Safety Handbook and education codes are followed. Inappropriate student conduct is not tolerated.

Villalovoz promotes a positive and safe school environment by teaching our students Second Step. The safety plan was last updated, revised, and reviewed with the entire school staff in January 2025.

Professional Development

School
Here at Villalovoz Elementary School, we feel professional development for our staff is vital. Lifelong learning is a goal for all stakeholders at Villalovoz. We provide a variety of opportunities for staff development. We have fully implemented the California State Standards. Teachers meet regularly to plan, evaluate and collaborate on content.

The annual staff buyback day, three pre-service days, as well as our early release Mondays have allowed for ongoing staff development to assist with student success in the classroom. Training takes place in staff meetings where teachers share best practices and strategies and collectively engage in their Professional Learning Communities. Our weekly Early Release Mondays (ERMs) support our teachers' professional development as we systematically design coherent, standards-aligned and meaningful learning experiences for all our students. Once a month the Instructional Leadership Team (ILT) provides STEM and effective UDL instructional strategies training to the staff during an ERM.

Highlights we are focusing on this year include:

- Working regularly in our Professional Learning Communities to answer four critical questions to identify students for targeted interventions, assess their progress, and share key information with staff and stakeholders. Our four driving questions behind everything we do for our students include: What is it we expect our students to learn? How will we know when they have learned it? How will we respond when some students do not learn? And, how can we extend and enrich learning for students who have demonstrated proficiency?

* Teachers are receiving a minimum of three Early Release Mondays trainings from a district TOSA dedicated to Universal Design for Learning (UDL) strategies.

- Teachers receive multiple professional development release days during the school year to be released from class to analyze data and plan instruction as a grade level. Multi-Tiered System of Support (MTSS) is designed to continually focus on the individual student and their needs.
- We have district professional learning department staff and our site Instructional Leadership Team provides staff development throughout the year at our staff meetings. We receive continued support from our district ELD coordinator and our site coordinator. Meaning making and learning is the heart of our English language arts (ELA)/literacy and ELD instruction. Researching, practicing and using high-leverage English language development strategies to meet the needs of our English learner (EL) students and extending all students.

* Teachers are offered opportunities to attend professional development to increase the rigor of English Language Development strategies at San Joaquin County Office of Education and CAFE.

- We build coherent STEM instruction and bring to life its vision of student learning across grade levels. The ILT meets monthly and conducts walkthroughs of classrooms to identify trends in instruction to build meaningful professional learning opportunities around UDL.

Professional Development

- We have two technology teacher leaders who attend district meetings and receive ongoing staff development on embedding technology into instruction. These technology leads share their knowledge with their colleagues at staff meetings and as needed on an individual basis.
- We have staff development on the DIBELS, UDL, and Early Literacy for TK-3 teachers.
- Students in grades K-5 use the MyPath Reading or Math intervention program. MyPath is a digital foundational program designed to close the achievement gap and place all students on a path to reading and math proficiency. Teachers work with a consultant for continued coaching and monitoring of student progress.

Tracy Unified also provides voluntary training for staff on the use of achievement data to drive instruction, English language learner strategies and a variety of other topics through after school trainings and voluntary staff buyback days.

LEA

Tracy Unified School District requires new teachers to Tracy Unified to participate in the Tracy Teacher Induction Program (TTIP). This professional learning involves six full days of pre-service and three follow-up days during the year. At this time, teachers are introduced to the district departments, their site administrators, and receive professional learning that highlights the California Standards for the Teaching Profession. Teachers experience strategies that support classroom management, curriculum supports, and universal lesson design components. Throughout the year in TTIP, teachers are also able to contact Curriculum Specialists for just-in-time support.

New teachers who come to Tracy Unified with their Preliminary credentials qualify for the California Commission on Teaching Credentialing accredited Teacher Induction Program with Tracy Unified. This program supports new teachers in growing through the California Standards for the Teaching Profession (CSTPs) and clearing their preliminary credentials. During this process an Induction mentor will be assigned to the new teacher to facilitate their learning through the Individualized Learning Plan and growth in the CSTPs.

The district offers professional-development opportunities for all staff members throughout the school year. Four full days are provided before the school year starts. Every Monday, students are released early from school to allow teachers to participate in professional development opportunities. These sessions are divided throughout the year to allow teachers to participate in site staff development, district staff development and teacher collaboration time.

The district office is helping to fund professional development for our teachers and administration, both through sending teachers to Professional Learning Community (PLC) conferences, STEM conferences, and TK conferences.
