2024-2025 School Accountability Report Card
(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2025-26 School Description and Mission Statement

District Vision
All Tahoe Truckee Unified School District (TTUSD) scholars will be provided challenging and engaging learning opportunities in order to thrive and to be successful in a globally competitive age. This goal will be accomplished through collaboration with students, parents, staff, and the community, united in dedication to our children's future. Highly skilled, motivated, and caring principals and teachers will engage scholars in effective and innovative instruction through a rigorous and relevant curriculum that promotes mastery of meaningful content, creativity, critical thinking, teamwork, problem-solving, respect for diversity, the ability to communicate in multiple languages, and the effective use of technology. A culture of quality, accountability, responsibility, and respect shall characterize the school district.

2025-26 School Description and Mission Statement

Community
Encompassing more than 720 square miles, Tahoe Truckee Unified School District is located in the Sierra Nevada Mountains, 100 miles northeast of Sacramento, and 35 miles west of Reno, Nevada. The District serves more than 3800 students in California's Nevada, Placer, and El Dorado Counties. District boundaries stretch from Hobart Mills, eight miles north of Truckee, to Emerald Bay, near South Lake Tahoe; and from Cisco Grove, twenty miles to the west, to Floriston, fifteen miles to the east.

School Description
Cold Stream Alternative School serves high school students both in Tahoe City and in Truckee. Cold Stream offers an independent study program developed to meet the needs of families who want more choices and flexibility in their child's education. We provide small class sizes or personal instruction along with a rigorous, yet flexible schedule that allows students to work from home or while traveling. Cold Stream offers a project-based, hands-on curriculum. This program gives students the flexibility to design an educational path that works for their needs. Our program affords flexibility for students to pursue other interests or to participate in extra-curricular activities or sports.

Climate for Learning
At Cold Stream Alternative we value students' voices. Opportunities for input are provided through meetings with staff, community service, sports, student assistance programs, and the development of healthy living practices.
Students at Cold Stream Alternative are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy, and acceptance of others. The school's discipline philosophy promotes a safe school, a warm, friendly classroom environment, and demonstrates that good discipline is a solid foundation on
which to build an effective school. Students and teachers worked together to determine CSA's core values of respect, responsibility, teamwork, and fun, which serve as the foundation for the school's educational and social climate. School rules are shared with students and parents in the student handbook and are reinforced throughout the year at assemblies, on the school website, in school publications, and through parent-teacher conferences.

School Leadership
School Leadership at Cold Stream Alternative is a responsibility shared among the District administration, the principal, instructional staff, students, and parents. Staff members are encouraged to participate on various committees that make decisions regarding the priorities and direction of the educational plan. These committees ensure that instructional programs are consistent with students' needs and comply with district goals. Avenues of opportunity include Student Study Team, Leadership Team, Safety Committee, English Learner Advisory Committee (ELAC), and School Site Council.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent and community involvement are what make Cold Stream Alternative (CSA) program thrive. Regardless of family income, education, or cultural background, children whose parents are involved in their education earn higher grades, have higher test scores, have more consistent attendance, demonstrate better social skills, have higher self-esteem, and adapt better to the school environment than those whose parents aren't involved. Although TTUSD greatly values our numerous parent volunteers, parent involvement doesn't have to be at the school. We encourage parents to talk with their children about what they are learning and any challenges that they are facing. Equally, we remind parents the importance of providing encouragement and affirmation. Parents of full-time CSA students are expected to attend our Credit Update Nights each semester. These nights focus on reviewing student progress, growth, areas of need, and credit review.

2025-26 School Safety Plan

?Senate Bill 187 ensures that all California public schools, grades K-12, work in cooperation with local law enforcement, community leaders, parents, pupils, teachers, administrators, and other persons in the prevention of campus crime and violence, and in developing comprehensive school safety plans that target the safety concerns identified through TTUSD's systematic planning process which involves Truckee Elementary School's Site Safety Committee, the site's Site Safety Lead, the TTUSD District Safety Committee, participation in the Youth Task Force, and other established community collaborations and partnerships.

Encompassing more than 720 square miles, Tahoe Truckee Unified School District is located in the Sierra Nevada Mountains, 100 miles northeast of Sacramento, and 35 miles west of Reno, Nevada. The District serves more than 4300 students in California's Nevada, Placer, and El Dorado Counties. District boundaries stretch from Hobart Mills, eight miles north of Truckee, to Emerald Bay, near South Lake Tahoe; and from Cisco Grove, twenty miles to the west, to Floriston, fifteen miles to the east.

?The safety of students and staff is a top priority at Cold Stream Alternative. All visitors to the campus must sign in at the office, be cleared through our Raptor security background check, and wear a visitor's pass at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among support staff, teachers, and the administration. We maximize supervision time to uphold our school expectations to be safe, responsible, and respectful and incorporate restorative practices and mindfulness during these times to support social-emotional growth of our students.

The School Site Safety Plan is annually reviewed by March 1 by site administration; revisions are made based on review and input by site leadership, School Site Council, ELAC, local emergency organizations, California School Employees Association representatives, and Tahoe Truckee Education Association representatives . The Safety Plan is reviewed with all staff members at the beginning of each school year. Key elements of the Safety Plan focus on the following:

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)
(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)
(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines
(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)
(E) Sexual Harassment Policies (EC 212.6 [b])
(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)
(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)
(H) A Safe and Orderly School Environment Conducive to Learning (EC 35294.2)
(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)
(K) Hate Crime Reporting Procedures and Policies
(J) Procedures to Prepare for Active Shooters
Procedures for Preventing Acts of Bullying and Cyber-bullying'
Cardiac Emergency Response
Instructional Continuity Plan (ICP)
SAFE Act Notification Procedures Plan
Procedures Regarding Pupil Smartphone Use During Emergencies

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Evacuation, Shelter-in-Place, and/ or Duck/Cover/Hold drills are conducted on a monthly basis throughout the school year. In addition, Truckee Elementary participates in monthly ALICE drills including enhanced lockdowns, evacuations to off-site rally points and counter activities to prepare for an armed intruder event.

Professional Development

Educational research supports that the most critical factor contributing to a student's success in school is the quality of the teaching. Tahoe Truckee Unified School District better ensures high level teaching and learning via research-based professional development (PD.) A variety of options are available and range from formal-type workshops/seminars and informal types such as collaboration among colleagues, independent reading, observing a colleague's lesson.

The frequency of PD varies with the structure and purpose. In addition to regular school-based Professional Development on minimum days, the last 2 years have included 3 days per year of math curriculum and ELD training for math teachers at elementary and secondary levels, and ELD PD for "specials" teachers (PE, Music, Intervention, Language, etc.)

This table displays the number of school days dedicated to staff development and continuous improvement.
