Want to take an SBVC Class??

1. Click here: [here](#)
2. Come to D8 at lunch or after school and ask for Mrs. Lindsay

IF THIS IS YOUR FIRST CLASS- IT IS RECOMMENDED THAT YOU TAKE:

ART-100, ART-103, MUS-100, MUS-104, MUS-108, THART-100 or SDEV-102

These are easy subjects to take while you learn how to be successful in a college class. These classes are one semester classes that will give you one year of high school fine art credit for the A-G requirements

General Education Classes -transfer to UC/CSU	College Units	High School Credits
ANTHRO-102: Cultural Anthropology	3	10 Elective
ART-100 Art History: The Stone Age to the Middle Age (good first class)	3	10 Fine Art
ART 103: Art Appreciation (good first class)	3	10 Fine Art
ART 105: History of Modern Art	3	10 Fine Art
ART 107: Art History: Africa, Oceania and the Americas	3	10 Fine Art
ART 108: Art of Mexico and Mesoamerica	3	10 Fine Art
ASTRON 120: Introduction to Astronomy	3	10 Elective
BIOL-141 Genetics	3	10 Elective
CD 105: Child Growth and Development	3	10 Elective
CD 108: Early Childhood Development	3	10 Elective
CD-126 Child, Family and the Community	3	10 Elective
DANCE-100: Dance History and Appreciation	3	10 Elective
FTVM 101: Introduction to Electronic Media	3	10 Elective
HIST-100: United States History to 1877	3	10 Elective
HIST-101: United States History: 1865 to present	3	10 Elective
HIST-140: Chicano Experiences in US History	3	10 Elective
HIST-185: Women in United States History	3	10 Elective
KIN-202 History of Physical Education and Sports in the United States	3	10 Elective
MATH 102- College Algebra	4	10 Elective

MATH 108- Introduction to Probability and Statistics	4	10 Math
MUS 100: Music Appreciation (good first class)	3	10 Fine Art
MUS 104: History of Rock and Roll (good first class)	3	10 Fine Art
MUS 105: American Popular Music	3	10 Fine Art
MUS 106: History of Jazz	3	10 Fine Art
MUS 108: History of Hip Hop Music (good first class)	3	10 Fine Art
OCEAN 101: Elements of Oceanography	3	10 Elective
POLIT 100: American Politics	3	10 Elective
SOC-100: Introduction to Sociology	3	10 Elective
SOC-110: Social Problems	3	10 Elective
SPAN 102: College Spanish II	5	20 Language other than English
SPAN 157: Spanish for Heritage Speakers I	4	20 Language other than English
THART 100: Introduction to the Theatre (good first class)	3	10 Fine Art

Classes that meet two years of Language other than English (for A-G)	College Units	High School Credits
ASL 109: American Sign Language 1	4	20 Language other than English
SPAN 101: College Spanish I	5	20 Language other than English

Classes that allow you to explore a major or a topic	College Units	High School Credits
ADJUS-101: Introduction to Administration of Justice	3	10 Elective
ADJUS-102: Principles and Procedures of the Justice System	3	10 Elective
BUSAD 100: Introduction to Business	3	10 Elective
ENGR-100 Engineering Career Exploration	1	5 Elective
HMDT-021 Truck Engines M, T, W, Th 3:45pm to 5:05 pm	4	10 Elective
KIN-101: Sports Psychology	3	10 Elective
PHT 060: Pharmacy System 1 - in person lab Wednesdays 4pm to 7pm	3	10 Elective
PHT 062: Pharmacology 1	3	10 Elective
PHT 064: Pharmacy Calculations- in person lab Thursdays 4pm to 7pm	3	10 Elective
SDEV 001: Orientation to College	1	5 Elective
SDEV 102: Pathways for College and Life Success	3	10 Elective

For continuing Valley Now students: check below, choose classes in areas that you still need to complete. The areas come from the IGETC (general education transfer to UC and CSU)

Area 1: 3 courses required COMMST 111: Interpersonal Communication (only required at CSU)	Area 2: 1 course required MATH 108- Introduction to Probability and Statistics
Area 3: Arts and Humanities - 3 courses total 2 courses from Art ART 100: Art History: The Stone Age to the Middle Age ART 103: Art Appreciation ART 105: History of Modern Art ART 107: Art Hist: Africa, Oceania and the Americas ART 108: Art of Mexico and Mesoamerica DANCE 100: Dance History and Appreciation MUS 100: Music Appreciation MUS 104: History of Rock and Roll MUS 105: American Popular Music MUS 106: History of Jazz MUS 108: History of Hip Hop Music THART 100: Introduction to the Theatre	1 course from Humanities HIST-100: United States History to 1877 HIST-101: United States History: 1865 to present HIST-139: The African American Experience in US History from 1877 HIST-140: Chicano Experiences in US History HIST-185: Women in United States History SPAN 102: College Spanish II SPAN 157: Spanish for Heritage Speakers I
Area 4: Social and Behavioral Sciences 2 courses from at least 2 disciplines ANTHRO 102: Cultural Anthropology CD 105: Child Growth and Development CD 108: Early Childhood Development CD 126: Child, Family, and the Community FTVM 101: Introduction to Electronic Media HIST-101 KIN 202: History of Physical Education and Sport in the United States POLIT-100 American Politics PSYCH 100: General Psychology SOC-100: Introduction to Sociology SOC-110: Social Problems	Area 5 Physical and Biological Sciences 2 courses, 1 physical and 1 biological, one course must include a lab ASTRON 120: Introduction to Astronomy BIOL-141: Genetics CHEM 101: Introductory Chemistry OCEAN 101: Elements of Oceanography
Area 7: Ethnic Studies ETHS-100 Introduction to Ethnic Studies FTVM-103: Ethnicity and Identity in Media ETHS-104: Latina/o/x Studies ETHS 105: Introduction to Asian American Studies ETHS 106: Introduction to Black Studies	

ADJUS 101- Intro to Administration of Justice

This course is an introduction to the philosophy and history of the criminal justice system, including the roles and functions of the local, state and federal jurisdictions. Additional discussion topics will include the roles, functions and interrelationships among law enforcement agencies, courts and corrections as well as crime causation, correctional theory, analysis, and the social impact of crime. ONLINE ASYNCHRONOUS

This class is for anyone who: would like to study criminal justice, would like to have a career in law enforcement. This class transfers to UC/CSU

****Students who take this class will earn 10 high school elective credits and 3 college units**

ADJUS 102- Principles and Procedures of the Justice System

This course provides an examination and analysis of due process in criminal proceedings, from pre-arrest through trial and appeal, utilizing statutory, state and constitutional precedents. Transfers to UC only

****Students who take this class will earn 10 high school elective credits and 3 college units**

ANTHRO 102: Cultural Anthropology

This course is an introduction to the anthropological study of human diversity and culture. Cultural anthropologists study human organization, expression, subsistence, communication, belief, and identity, in relation to social inequalities and culture change. This class transfers to UC/CSU

****Students who take this class will earn 10 high school elective credits and 3 college units**

ART 100: Art History: The Stone Age to the Middle Ages

The course is a survey of western art from the Stone Age to the Middle Ages. The course provides an overview of the art and architecture of the following periods: the Stone Age, Ancient Near East, Egypt, the Aegean, the Greek and Roman Empires, the Etruscans, the Byzantine Empire, the Medieval periods in Europe, Romanesque, and Gothic. This class transfers to both UC/CSU. *This class meets the fine art requirement for high school A-G requirements.*

****Students who take this class will earn 10 high school fine art credits and 3 college units**

ART 103- Art Appreciation

The course is an introduction to two- and three-dimensional art from a multicultural perspective. Art in a historical and worldwide context, the function of art in society, art processes, and visual vocabulary are examined. Students will develop an increased appreciation of the differences and similarities among the styles, content, and expression of world art. This class transfers to both UC/CSU

This class meets the fine art requirement for high school A-G requirements

****Students who take this class will earn 10 high school fine art credits and 3 college units**

ART 105- History of Modern Art

This course is a survey of the major stylistic movements, ideologies, and artists that comprise the Modern period in art from the 19th century through the 20th century. Traditional art forms and newer media are discussed, especially in relation to technological, cultural, political, racial and social histories. This class transfers to both UC/CSU

This class meets the fine art requirement for high school A-G requirements

****Students who take this class will earn 10 high school fine art credits and 3 college units**

ART 107- Art History: Africa, Oceania and the Americas

The course provides a survey of art from Africa, Oceania and the Americas. This includes an examination of the religious and social factors influencing art, artifacts, and architecture. This class transfers to both UC/CSU

This class meets the fine art requirement for high school A-G requirements

****Students who take this class will earn 10 high school fine art credits and 3 college units**

ART 108- Art of Mexico and Mesoamerica

The course is a survey of Mexican and Mesoamerican art from Precolumbian times through the 21st century. Art will be evaluated and critiqued on historical content, subject matter, and aesthetics. This class transfers to both UC/CSU

This class meets the fine art requirement for high school A-G requirements

****Students who take this class will earn 10 high school fine art credits and 3 college units**

ASL 109- American Sign Language 1

Students develop communication skills in American Sign Language including the alphabet, basic vocabulary and grammar of ASL. Both receptive and expressive abilities are emphasized. Students review the characteristics of the deaf community and culture. This class transfers to UC/CSU ****Students who take this class will earn 20 high school language other than English credits and 4 college units**

ASTRON-120 Introduction to Astronomy

This is an introduction to astronomy, the ultimate adventure. Our very big universe can be described by a small set of knowable rules through a logical method called science, where the excitement of an evolving and sometimes violent universe of stars and galaxies is explored. Topics include the night sky, motions of the Sun, the Moon, and the planets, light, properties and life cycles of stars with a detailed look at our Sun, galaxies, and the origin of the universe. This class transfers to UC/CSU

****Students who take this class will earn 10 high school elective credits and 3 college units**

BIOL 141- Genetics

This course is a general introduction to the fundamentals of human heredity. Topics include patterns of inheritance, the structure of DNA and its function, the role mutations play in genetic diseases and cancer, the interaction between genes and the environment, and recent advances in biotechnology and its impact on society. This class transfers to UC/CSU

****Students who take this class will earn 10 high school elective credits and 3 college units**

BUSAD 100 Introduction to Business

This course will introduce students to the fundamental concepts of business in a changing world. It includes an overview of such areas as economic systems, management, marketing, accounting, finance, ethics, ownership, organization of business, the legal aspects and regulation of business, as well as globalization.

This class transfers to both UC/CSU

****Students who take this class will earn 10 high school elective credits and 3 college units**

CD 105 Child Growth and Development

This introductory course examines the major physical, psychosocial, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. There is an emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences and analyze characteristics of development at various stages. This class transfers to both UC/CSU ****Students who take this class will earn 10 high school elective credits and 3 college units**

CD 108 Early Childhood Development

This course covers the development of children from two years to eight years old. Specifically, this course explores prominent theories related to early childhood development, typical and atypical development of children from two to

eight years, contextual influences, and methods of studying the development of young children. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

CD 126: Child, Family and the Community

This course examines the developing child in a societal context which focuses on the interrelationships of family, school, and community and emphasizes historical and socio-cultural factors. The processes of socialization and identity development will be highlighted. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

CIT 100: Introduction to Personal Computers

A survey course for the use of software tools such as word processing, spreadsheets, graphics, presentation and database using Microsoft Office. This class transfers to CSU only **Students who take this class will earn 10 high school elective credits and 3 college units

CIT 101: Introduction to Computer Literacy

This course is an introduction to fundamental Information Technology / Information Systems concepts and Information Security. The course includes practical exercises with spreadsheet, database, and Internet applications. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

DANCE 100: Dance History and Appreciation

This course is a comprehensive survey of dance from ancient times to the 21st century. Emphasis is placed on historical perspectives revealing dance as an emerging art form. The course curriculum also surveys the roles of dance in relation to religion, culture, politics, and social attitudes, as well as its relation to other art forms. This class transfers to both UC/CSU

This class meets the fine art requirement for high school A-G requirements

**Students who take this class will earn 10 high school fine art credits and 3 college units

ENGR-100 Engineering Career Exploration

This course introduces students to the major fields of specialization within engineering and engineering technology professions. This course gives students a broad understanding of various career opportunities and the specialized demands and rewards of each field. This class transfers to both UC/CSU **Students who take this class will earn 5 high school elective credits and 1 college unit.

FTVM 101 Introduction to Electronic Media

Description: This course introduces the history, structure, function, economics, content, and evolution of radio, television, film, the internet, and new media, including traditional and mature formats. The social, political, regulatory, ethical, and occupational impact of electronic media are also studied.

This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

FTVM 102: Introduction to Film and Media Aesthetics

This course introduces the close analysis of film and television and examines the broad questions of form and content, aesthetics and meaning, and history and culture. The course also explores the diverse possibilities presented by the cinematic art form through an examination of a wide variety of productions, national cinemas, and film movements. The topics include modes of production, narrative and non-narrative forms, visual design, editing, sound, genre, ideology and critical analysis. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

HIST-100 United States History to 1877

This course provides a general survey of United States history with an emphasis on political, economic, social, and cultural developments from the pre-Colonial period through the Civil War and Reconstruction period. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

HIST-101 United States History 1865 to present

This course covers a general survey of United States history with an emphasis on social, political, cultural and economic developments from the Reconstruction period to present times. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

HIST-139: The African American Experience in US History from 1877

This course will emphasize the various social, political, and economic forces that have shaped the African American experience from Reconstruction to the current time period. Topics include the post Reconstruction South, the Great Migration, the Harlem Renaissance, the Civil Rights Movement, the conservative backlash, and the trials and triumphs of the 21st century. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

HIST-140: Chicano Experiences in US History

This course is a history of Chicanos in the region of the current day United States from the time preceding European colonialism to the present. The course content will be presented from a Chicano perspective, emphasizing colonialism, assimilation, discrimination, patterns of racist policies, cultural affirmation, and resistance. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

HIST-185: Women in United States History

This course provides a general survey of the role of women in United States history, with an emphasis on relevant political, economic, and social factors. There will be an emphasis on how women challenged traditional roles and expectations, as well as their vast contributions to war efforts, reform movements, and the fight for social justice. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

HMDT -021 Heavy Duty Truck Engines

This course covers theory and practical shop work in the repair, operation, and maintenance of heavy-duty industrial truck engines and fuel injection systems including general troubleshooting and diagnostic testing. This course may be used in preparation for the Automotive Service Excellence (ASE) National Test. This class is in person at PHS on Monday, Tuesday, Wednesday and Thursday from 3:45-5:05 pm.

HOSP 100: Introduction to Hospitality

This course is an overview of the structure and financial performances of the food service and hospitality industry. It focuses on orientation to customer service, cultural/economic trends, and career opportunities in food service, tourism and hospitality. This class transfers to CSU only **Students who take this class will earn 10 high school elective credits and 3 college units

KIN 101: Sports Psychology

This course is a study of the psychological effects on the motor performance of athletes across all levels of competition. This course includes such areas as goal setting, motivation, anxiety and stress, relaxation, sport imagery, relationships,

eating disorders and drug abuse. This class transfers to both UC/CSU **Students who take this class will earn 10 high school elective credits and 3 college units

KIN 202- History of Physical Education and Sports in the United States

This course is designed to explore the evolution of sport and physical activity. Topics include historical and philosophical influences from ancient societies through the present. This class transfers to both UC/CSU
**Students who take this class will earn 10 high school elective credits and 3 college units

MATH 102: College Algebra

This course is designed for students with a strong foundation in algebra. It includes the study of polynomial rational functions and inequalities, exponential and logarithmic functions, conics, systems of nonlinear equations and inequalities, and an introduction to sequences, series, and the Binomial Theorem. **Students who take this class will earn 10 high school math credits and 4 college units

MATH-108 Introduction to Probability and Statistics

This course is an introduction to probability, descriptive and inferential statistics, with applications to the natural sciences, life science, health science, education, business, economics, and the behavioral sciences.
This class transfers to both UC/CSU
**Students who take this class will earn 10 high school math credits and 4 college units

MUS 100 Music Appreciation

This course introduces students to music in western civilization and methods of music listening. Included in this course are guidelines for thoughtful music selection, basic musical forms, cross-cultural studies in music, music periods and styles, a discussion of patrons and audiences, careful consideration of the role of women in creating music, history of art music, popular music, world music, and jazz. ONLINE ASYNCHRONOUS
This class transfers to both CSU and UC. *This class meets the fine art requirement for high school A-G requirements*
**Students who take this class will earn 10 high school fine art credits and 3 college units

MUS 104: History of Rock and Roll

This course is a chronological survey of rock music styles. Included in the course is a study of the origins and the development of Rock and Roll. The major performing artists, composers, lyricists, promoters and arrangers are all studied. A major aspect of the course is the emphasis on how Rock and Roll has impacted Western culture. This class transfers to both CSU and UC. *This class meets the fine art requirement for high school A-G requirements*
**Students who take this class will earn 10 high school fine art credits and 3 college units

MUS 105: American Popular Music

This course traces the social history of America through a study of the eras of popular American music. By examining the various styles, the outstanding musicians and the leading composers exemplary of those styles, this class illustrates how the historical era impacts the music and how the music reflects the historical era. The course begins with a discussion of popular music examining the popular songs of the colonies and the schools of singing that developed. The discussion continues through the music of the Civil War and tracks popular music across the great westward expansion. It concludes with studies of Gospel, Blues, Jazz and ultimately Rock and Roll. This class transfers to both CSU and UC. *This class meets the fine art requirement for high school A-G requirements*
**Students who take this class will earn 10 high school fine art credits and 3 college units

MUS-106: History of Jazz

This course is a chronological survey of Jazz forms, styles, and movements. Included in the course is a study of the origins and the development of Jazz. The major performing artists, composers, lyricists and arrangers are all studied. An emphasis is placed on the impact of Jazz on Rock and Roll and Pop Music. Another emphasis is placed on the impact of Classical Music on Jazz as well as the impact that Jazz has had in recent years on Classical Music. This class transfers to both CSU and UC. *This class meets the fine art requirement for high school A-G requirements*
****Students who take this class will earn 10 high school fine art credits and 3 college units**

MUS 108: History of Hip Hop Music

This course presents the development of Hip hop as a musical style and cultural movement. Students will examine key figures in Hip hop, institutions, and social settings through readings, electronic media, videos, and live performance. Students will also investigate how Hip hop culture is not only a source of entertainment, but also a medium that analyzes and/or provides commentary regarding social, economic, political, and cultural issues dealing with identity, cultural genocide, misogyny, racism, classism, materialism, freedom of speech, and sexuality. This class transfers to both CSU and UC.

This class meets the fine art requirement for high school A-G requirements

****Students who take this class will earn 10 high school fine art credits and 3 college units**

OCEAN 101: Elements of Oceanography

This course explores the geological processes that created the ocean basins, chemistry of sea water, physical motions of the oceans, and the interrelationships of biological communities with their physical environments. Oceanographers and related scientists from traditionally underrepresented groups are featured throughout this course. Environmental issues and environmental justice movements associated with the world's oceans fundamentally inform this course. Geospatial analysis of world oceans, including Geographic Information Systems (GIS) and remote sensing, is an integral component of this course.

This class transfers to both CSU and UC.

****Students who take this class will earn 10 high school elective credits and 3 college units**

PHT-060 Pharmacy Systems

This class introduces the student to the field of pharmacy, its history, environment, and processes. It emphasizes out-patient/community service pharmacy settings in issues of prescription processing, pharmacy business management, federal laws/regulation, protocol procedures, and pharmacy references/associations for assistance. **IN PERSON CLASS, AT PHS AFTER SCHOOL on WEDNESDAYS**

Students can have a career as a pharmacy technician by completing 8 SBVC pharmacy tech classes. Starting pay is \$20+ an hour. We will offer a different pharmacy tech class each semester so that students can work on the required classes while they are in high school.

****Students who take this class will earn 10 high school elective credits and 3 college units**

PHT 062 Pharmacology I

This course introduces the basic pharmacology principles of pharmacokinetics and pharmacodynamics as it applies the therapeutic uses of medications being administered to the human body systems. The student will identify the medication's classifications, emphasizing basic indications, drug dosages, dosage forms, routes of administration, side effects, special directions of use, and drug interactions with other medications, foods, and/or nutrient supplements.

****Students who take this class will earn 10 high school elective credits and 3 college units**

PHT 064 Pharmacy Calculations

In this course students apply mathematical skills to the calculation of medication dosages, intravenous solutions, and pharmacy operations.

Students can have a career as a pharmacy technician by completing 8 SBVC pharmacy tech classes. Starting pay is \$20+ an hour. We will offer a different pharmacy tech class each semester so that students can work on the required classes while they are in high school. ONLINE ASYNCHRONOUS

****Students who take this class will earn 10 high school elective credits and 3 college units**

POLIT-100 American Politics

This course is a basic introduction to American politics that is designed to meet requirements in United States and California constitution and government with primary emphasis on the American national government. Topics covered include the political philosophy of democracy and constitutionalism; the specific provisions of the United States Constitution and Bill of Rights; the operations of national political institutions including Congress, the President, and the Supreme Court; the role of political parties; and an overview of California government and politics.

This class transfers to both CSU and UC.

****Students who take this class will earn 10 high school elective credits and 3 college units**

SDEV 001: Orientation to College

SDEV-102 Pathways for College and Life Success

This introductory course is designed for students seeking direction in setting academic and life goals. A bio-psycho-social perspective will be used to highlight the person-environment dynamics crucial to a well-rounded preparation for academic and life success. Major topics will include evaluation of personal interests, abilities and values, educational planning, goal setting, and academic success strategies.

This class transfers to both CSU and UC.

****Students who take this class will earn 10 high school credits and 3 college units**

SOC 100: Introduction to Sociology

This course is an introductory study of the basic concepts, theoretical approaches, and methods of sociology. Included in this examination are the social influences on human behavior, social structure, culture, socialization and the self, group dynamics, social stratification, and global patterns, with an emphasis on social institutions. This class transfers to both CSU and UC.

****Students who take this class will earn 10 high school credits and 3 college units**

SOC 110: Social Problems

This course is an examination of contemporary social issues in the United States including causes, consequences, interventions, and solutions, with an emphasis on social institutions and other topics such as crime, inequalities, substance abuse, and the role of power and ideology in the construction and definitions of social problems. This class transfers to both CSU and UC.

****Students who take this class will earn 10 high school credits and 3 college units**

Spanish 101

In this course students will develop the ability to converse, read and write in Spanish. The course includes the study of essentials of pronunciation, vocabulary, idioms, and grammatical structures along with an introduction to the cultures of Spanish speaking countries. This course corresponds to the first two years of high school study. ONLINE

ASYNCHRONOUS

This class transfers to both CSU and UC.

****Students who take this class will earn 20 language other than English credits and 5 college units**

Spanish 102

In this course students continue to develop conversational, reading and writing skills in Spanish with emphasis on past tense verbs, grammar, vocabulary expansion and the culture of Spanish speaking countries. This class transfers to both CSU and UC.

****Students who take this class will earn 20 language other than English credits and 5 college units**

Spanish 157 Spanish for Heritage Speakers

This course is intended for students with native or near-native proficiency in spoken Spanish. Reading and writing standard literary Spanish is emphasized. Students will develop an increased understanding of academic vocabulary, grammar, orthography, and punctuation. Oral proficiency will also be strengthened. Analyzing and discussing topical, cultural and historically significant texts will allow students to increase cultural awareness of the Spanish-speaking world and to sharpen critical thinking skills. The course is conducted in Spanish. ONLINE ASYNCHRONOUS
This class transfers to both CSU and UC.

****Students who take this class will earn 20 language other than English credits and 5 college units**

THART 100 Introduction to the Theatre

Description: This course focuses on the relationship of theatre to various cultures throughout history, and on the contributions of significant individual artists. This course introduces students to elements of the production process including playwriting, acting, directing, design, and criticism. Students will also survey different periods, styles, and genres of theatre through play reading, discussion, films, and viewing and critiquing live theatre, including required attendance of theatre productions. ONLINE ASYNCHRONOUS

This class transfers to both UC/CSU

This class meets the fine art requirement for high school A-G requirements

****Students who take this class will earn 10 high school fine art credits and 3 college units**

Benefits of Valley Now! for high school students

- Free tuition and books!!
- Complete high school and college credits at the same time.
- Start college at a higher grade level.
- Explore various careers and major options before you graduate from high school.
- Ease your transition from high school to college and increase your chances of academic success.
- Learn how college works and to make decisions about your college major and career.
- Increase in class rank
- Recognition at graduation
