ASSISTANT SUPERINTENDENT
Lisa Shelby

January 25, 2026

Dear Parent(s) and Guardian(s):

The Alaska Department of Education & Early Development (DEED) has released the 2024–2025 Report Cards to the Public for every school and district across the state. These report cards provide detailed information about academic performance during the 2024–2025 school year. As part of this year's Alaska System of Academic Readiness (AK STAR) assessment, students in grades 3–9 were evaluated in English Language Arts and Mathematics, while students in grades 5, 8, and 10 participated in the Alaska Science Assessment.

To view a 2024-2025 School or District Report Card to the Public, go to <https://education.alaska.gov/compass/report-card>. Once there, you will be able to select which School or District Report Card to the Public you wish to view. This user-friendly website aims to provide families with clear, common information about all public schools and districts in our State. These Report Cards to the public contain data and information about academics, school environment, teacher quality, and more. If you are unable to access the Report Card to the Public online, please contact your student's school.

We recognize that the Report Card to the Public is just one of the many ways you connect with us at Sidney C. Huntington Jr/Sr High School. We look forward to celebrating our school's achievements with you and collaborating to make our school stronger each day. We are proud that this year's report card highlights our success in both English Language Arts and Math growth over the last two years.

We encourage you to stay engaged with your students' academic progress and collaborate with their teacher(s) to support continued growth. When families and schools work together, we strengthen not only each student's individual success but the overall performance of our school and district. At Sidney C. Huntington Elementary School, our highest priority is preparing every student for the next step in their educational journey. We look forward to working alongside you in that effort.

If you have any questions or concerns regarding our School or District Report Card to the Public, please don't hesitate to contact me at lisa.shelby@galenanet.com.

Please join us at our next family engagement event, a Science Night, on Saturday, February 21. Watch for more details coming home soon!

Sincerely,

Lisa Shelby
