

Seaford High School Service Hours Log

Student Name: _____

Class of: 2026 2027 2028 2029 2030

There are two different distinct honors you can earn related to service: the Pathways to Service Commendation and National Honor Society recognition (upon eligibility review and admission into NHS). All requirements are on page 2 of this packet.

Please check the appropriate box(es) below:

_____ I am striving to earn the Pathways to Service Commendation.

Date form submitted in freshmen year: _____
 Date form submitted in sophomore year: _____
 Date form submitted in junior year: _____
 Date form submitted in senior year: _____

Office use only:
 Service verified: _____
 Service verified: _____
 Service verified: _____
 Service verified: _____

_____ I am fulfilling my National Honor Society commitment.

Circle one:

I was admitted into NHS in: May of 2025 September 2025 September 2026 September 2027

Date form submitted in junior year: _____
 Date form submitted in senior year: _____

Office use only:
 Service verified: _____
 Service verified: _____

Please note: several organizations besides NHS require service contributions in order to maintain eligibility (for example: 2 events in a particular time period for Key Club). Any hours that are **above and beyond** your responsibilities for those organizations can be counted for either of the above (so in that example, any service beyond the 2 events could be logged on here).

Seaford High School Service Recognition Requirements

Requirements to earn the Pathways to Service Commendation

(*You can and should begin earning these hours as a freshman student).

- Students must complete a minimum of 50 hours of service prior to May 1 of their graduating year.
- We recommend this is conducted in increments of 12.5 hours per year over their four years as a Seaford High School student.

Requirements for National Honor Society Recognition

(*Students can begin earning these hours as soon as they are admitted into NHS).

Students should wear identifying NHS gear when volunteering at SHS or other buildings, and the events should be outside of school hours.

- **Students admitted in September of junior year:** Students must complete 25 hours of service each year to total 50 hours by the end of senior year.
 - 10 hours must be peer tutoring: As scholastic leaders of the school, members are required to provide 10 tutoring hours based on their academic strengths. Tutoring hours must be logged to be counted.
 - 3 hours must be volunteering for one SHS event
 - 3 hours must be volunteering for an event at another Seaford Schools building
 - 9 hours can be the completion of a service project of the member's choosing
- **Students admitted in May of their junior year or September of senior year:** Students must complete 35 hours of service by the end of their senior year.
 - 10 hours must be peer tutoring: As scholastic leaders of the school, members are required to provide 10 tutoring hours based on their academic strengths. Tutoring hours must be logged to be counted.
 - 3 hours must be volunteering for one SHS event
 - 3 hours must be volunteering for an event at another Seaford Schools building
 - 19 hours can be the completion of a service project of the member's choosing

In addition to the hourly commitment above, NHS students will engage in additional group service projects. These will be organized by your officers and required by membership at different points in your membership.

Notes

- No more than 10 of these hours TOTAL may be used to meet both organization requirements. *For example, if you volunteer at a local nursery school for 30 hours over the course of your SHS career, you may apply 30 hours of that work to "Pathways to Service" designation and 10 hours of that work to your NHS hours.*
-
- Hours may not be completed during the school day and may not be in exchange for compensation.
- Please return this packet to the guidance office by May 1 of each school year.
- *All information will be verified to determine eligibility. Please write neatly.*
