Purpose of Collection Development Policy

A school library collection development plan serves as a roadmap to guide library materials' selection, acquisition, and maintenance. It ensures the collection aligns with Florida statutes, the District's Strategic Plan Goals and Guardrails, the school's curriculum, and student needs by providing a framework for choosing resources that best support student learning across different subjects and interests while also addressing diversity and appropriate content levels.

A Collection Development Plan Serves Several Important Purposes:

Statutory Compliance: A Collection Development Plan establishes the framework for adhering to the mandatory state statute, requiring each district school board to adopt procedures for developing library media center collections and to post these procedures on each school's website.
District Alignment: Aligns with Broward County Public Schools 2022-2027 Strategic Plan Goals and Guardrails.
Supporting curriculum: The plan should directly connect library materials to the school's curriculum, ensuring students access relevant study resources.
Student needs assessment: It considers students' diverse needs, including reading levels, interests, and learning styles, to select materials that cater to a wide range of abilities.
Selection criteria: The plan outlines clear criteria for choosing materials, such as quality, accuracy, relevance, and alignment with school values.
Budget management: It helps allocate library funds effectively by prioritizing purchase needs based on identified gaps in the collection.
Collection maintenance: The plan includes procedures for discarding outdated or damaged materials and replacing them with current resources.
Community engagement: It involves collaboration with students, teachers, administrators, and parents to gather input on collection needs.

A thorough analysis of the current media center collection at Oriole Elementary indicates that the average age of the collection is 2005 and the number of books per student is 13.5. The American Library Association has established a criteria for a highly effective media center that includes a ratio of 10 books available per student in the collection.

Currently, Oriole Elementary does meet the recommended standards for the number of books per student.

Library Program

Currently, Oriole Elementary Media Center operates on a fixed weekly class schedule while offering an early morning media access for students that may need to check books out, complete classwork/homework, complete research. The media specialist does support our Oriole Schoolwide I-Ready Goal program and the Book It! Reading Initiative Program as well as Beanstack. The instruction that takes place in media center enables students to meet their full potential for promoting learning through collaboration and reading experiences. While providing information literacy and utilizing various technology applications as well as develops an appreciation for using the media center by creating lifelong learners. Oriole's media program provides all teachers the opportunity to create cooperative information of various skill instruction presented by the Media Specialist which can integrate with any subject that is taught based on the Florida Sunshine Standards. The goal of this media program is to help all school stakeholders reach and meet the schoolwide goal.

This includes the ability to obtain information in a variety of formats -electronic as well as print, without fear of censorship or reprisal.

Collection Development

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interest needs. The media specialist is charged with leading this process with the input of teachers, students, and parents. Resources are selected according to principles of intellectual freedom and provide all learners with access to information representing diverse points of view.

Selection and Evaluation Criteria (Drawn from BCPS Policy 4120)

Selection of Materials

Funded by the state, district, and school, the media collection will contain a wide range of appropriate materials on varying levels of difficulty in various existing and emerging formats. It will focus on materials that address different learning styles and levels.

Responsibility

The School Board of Broward County is legally responsible for all matters relating to the operation of the Broward County Schools. The professionally trained media specialist is responsible for coordinating the selection of instructional materials for the School Media Center, consulting with the principal, teachers, and students.

***In the event there is not a school library media specialist,** the Principal and/or Administrative Designee will assume the responsibility for identifying and selecting an instructional staff member(s) to engage in the selection process to ensure materials support the needs of the school community.

NOTE: *Clerical personnel should NOT be responsible for library material collection development and/or resource management and selection of materials.*

Gifts and Donations

Any gifted or donated items must meet the same selection criteria as all other materials—the criteria listed in Florida Statute 1006.28 and Broward County School Board Policy 4120.

Collection Maintenance

Removing materials from a library collection that are no longer educationally appropriate is as an equally important process as selecting new items of high quality. The library media specialist and/or instructional staff should have an ongoing process to evaluate the library media collection and to keep the collection relevant to the changing needs of the curriculum, personal interests, and needs of students. Evaluation of items under consideration for removal from the Library Media Center should be based on criteria related to the educational value of the resources. The removal (weeding) of library materials from the collection is the responsibility of a skilled professional library media specialist. Weeded items should not be disposed of or discarded at the school site. Weeded items should be boxed and identified as DISCARDED or WITHDRAWN and scheduled for pick up by Procurement and Warehousing Services by completing the enclosed Warehouse Assistance Request Form.

Reconsideration of Materials

Inquiries regarding the appropriateness of particular library and supplemental instructional materials are a normal part of the process of providing a wide variety of resources for student use.

The analysis of the collection also revealed the following areas of **strengths** and **concerns**:

Strengths

- Based on the current collection analysis, there are 13.7 collection items per student
- To give students more opportunities to gain access to the media center resources, the media center is opened 30 minutes before school starts.
- Overall, the current collection has a variety of resources to meet the needs of the school community of Oriole.

Focus Areas

- Based on this analysis of Oriole's collection, I will weed various items in the following collections such as my 300's and 900 to meet the recommended Dewey collection balance. Also, the specialist will weed necessary aged collection items to meet the compliance of 50% of aged titles.
- I will continue to build the Fiction collection to balance the 50/50 collection recommended for nonfiction and fiction.
- With the increase of ASD and inclusion students at my school, I would like to continue to build a collection of resources to support their learning needs.

Strategic Focus

This page lists the priorities for weeding and purchasing for each school year and includes the actions, updates, and outcomes. This is subject to change due to funding and time constraints.

School Year	Strategic Focus
Year 1 ***Current Year***	• By the end of the 2025 – 2026 school year, my plan is to weed multiple copies of my classic fiction collection as well as some of my age Easy collection. • As I weed more of my fiction collection, my plan is to buy more relevant fiction and easy books to ensure I have the proper student ratio requirement.
Year 2	• Based on my Titlewave analysis report, my plan is to weed various age titles from my nonfiction section. • As I weed, I will use my budget to update various nonfiction sections based on the analysis report for my school. • With the increase of AI, I plan on incorporating more digital resources such as e-books, interactive digital subscription resources and tools to support classroom technology needs.
Year 3	• I will continue to weed necessary age title items from fiction and nonfiction collection based on the Titlewave analysis report to make sure I am CCC compliant. • The budget for year three will be used to purchase more eBooks, digital subscriptions and update my Biography section.

Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

VII. All people, regardless of origin, age, background, or views, possess a right to privacy and confidentiality in their library use. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; January 29, 2019.

Inclusion of "age" reaffirmed January 23, 1996.

Although the Articles of the Library Bill of Rights are unambiguous statements of basic principles that should govern the service of all libraries, questions do arise concerning application of these principles to specific library practices. See the documents designated by the Intellectual Freedom Committee as Interpretations of the Library Bill of Rights.
