

IBDP Physics Group 4

Physics at ICS London is taught over 4 hours a week and is offered at SL and HL. Most of the content delivery is completed in the first year with the Internal Assessment being scheduled deliberately late in the programme to ensure students have the most time possible to develop the skills to be highly successful in the IA completion.

Practical “labs” are scheduled across the programme to explore the ways in which experimentalists work in the field.

	Autumn Term	Spring Term	Summer Term
DP1 Year 12	Unit A: Space, Time and Motion	Unit C: Wave behaviour	Unit D: Fields continued Unit E: Nuclear and Quantum (Begin)
	Unit B: The particulate nature of matter	Unit D: Fields (begin)	
DP2 Year 13	Unit E: Nuclear and Quantum	Internal assessments	Final revision and examinations. (Physics is normally in the first week of the schedule)
	Preparation for Internal Assessment Revision and doing Mock Exams	Revision
