- All children come first
- Embrace what makes us unique

What Makes Colerain Outstanding

Colerain Elementary School provides a quality educational program for pre-school through fifth grade students. We have three classrooms at each grade level; a general education classroom and two classrooms for students with orthopedic and health impairments. The teachers in each of these classrooms work collaboratively to meet the needs of every student. Because of the special nature of our school, Colerain has many outstanding members available throughout the day to support all of our scholars. Every staff member is responsible for helping to develop our All Stars into responsible, caring citizens.
