# For Families

As a parent, there are many ways that you can help your child succeed every single day! These bilingual parent resources offer tips on helping your child learn to read, succeed in school, and learn a new language. They also provide information about the U.S. school system and share ideas on how to build a relationship with your child's teacher and school.

In addition, you can find fun reading tips and games, bilingual booklists, ideas for using the public library, and videos of children's authors, illustrators, and musicians. Resources are organized by topic.
