

Sayville Public School District Communication Protocols

The Sayville School District believes in fostering strong, positive and supportive relationships with all of our parents/guardians and residents. Our entire faculty and staff care deeply about the success of your children and the community. High quality communication is an essential part of any successful partnership.

With this in mind, the Sayville Public Schools has communication protocols in place to help facilitate open, timely and respectful interactions. The communication protocol starts with the District staff member closest to the situation. Please refer to the Table of Contents below and begin with the first person on the list. If your question or concern is not resolved, proceed to the next person. This protocol should be followed as written.

Table of Contents

504 Plan	Page 4
Athletics	Page 2
Behaviors	Page 2
Budget	Page 2
Building Use	Page 2
Curriculum & Instruction	Page 2
Employment & Certification	Page 2
