

First Grade

NTI Days 1-5

We hope all is well, that you are staying safe and well and using this time to rest and relax. Please remember to only complete one day of material per day we are out of school. The other days should remain in the folder at home to be completed during future NTI days. When the one call goes out, it will state what day of NTI students are to complete that day. Hopefully, you'll find this calendar helpful with what is expected each day.

How do I log into iReady?

We log into Clever and all of our online programs are brought up in that central location. Using a laptop, desktop, or tablet your child can access and practice their digital learning programs by logging into Clever at www.clever.com/in/fulton-county-schools-1352883 or www.clever.com Be sure to find Fulton County Elementary Hickman, KY when asked to find the correct school. If you have an iPad, you must download the Clever App and/or iReady App. iReady will not work on a phone.

There are two ways to log into Clever:

- 1.) Use your Clever ID badge. Just click "Clever Badge" and hold your badge up to the camera. This is the easiest way to login, but only if the device you are using has a camera.
- 2.) Use your school username and password:
Username: firstname.lastname@stu.fulton.kyschools.us
Example: amy.smith@stu.fulton.kyschools.us
Password: password

Once you have logged into Clever, choose the iReady icon to complete math and reading lessons. Students work in iReady daily at school and should be able to access and complete iReady lessons independently once they are logged in. In the event we are out of school, students should complete at least 20 minutes in each math and reading a day.
