X. BOLI CONTRACTOR RESPONSIBILITIES

Filing A Public Works Bond With Construction Contractors Board: Contractors and subcontractors must file a \$30,000 public works bond with the Construction Contractors Board (CCB) before beginning work on a public works project. The public works bond must provide that the contractor or subcontractor will pay claims ordered by the bureau to workers on public works projects. Unlike other required payment and performance bonds, the public works bond remains in effect continuously and covers all public works projects worked on during the duration of the bond. ORS 279C.836(1) OAR 839-025-0020(4)(e).

Before allowing a subcontractor to start work on a public works project, the contractor must ensure the subcontractor has filed a public works bond with the CCB. This information can be found on CCB's website at

www.oregon.gov/ccb (under the Contractor License Search section). ORS 279C.836(2)

Any person that is required to pay prevailing wages on a public project must file a public works bond with the CCB. This is the case even if the employer does not have a CCB license. For example, non-construction companies such as temporary employment agencies are not required to have a CCB license, but if they employ workers on a public works project, they will have to pay those workers the appropriate prevailing wage rate and will therefore be required to file a public works bond with the CCB. ORS 279C.836(4)

An exemption from this requirement is allowed for certified disadvantaged, minority, women or emerging small business enterprises, for the first year of certification. Such an enterprise must provide the CCB with written notification of its certification. In addition, the business enterprise must notify the public agency and the prime contractor that a public works bond has not been filed by the business enterprise. ORS 279C.836(7)

In some cases of emergency, if declared in accordance with rules adopted under ORS 279A.065, the requirement for filing a public works bond with CCB may be excused. ORS 279C.836(9) Adopted ORS 279A.065, ORS 279A.010(f)

A contractor or subcontractor may elect not to file a public works bond as required under subsection (1) of this section for any public works project for which the contract price does not exceed \$100,000. 279C.836(8)

Public works bond forms can be found on BOLI's web site at www.oregon.gov/boli. Other forms, such as non-construction company forms and exemption forms, can be found on CCB's web site at www.oregon.gov/ccb.

Required Contract Language: Every contract and subcontract must contain a provision that states the workers will be paid not less than the applicable prevailing wage rate for the type of work being performed. ORS 279C.830(1)(c); OAR 839-025-0020(3)

Payment of Prevailing Wages: Contractors and subcontractors must pay workers on public works projects no less than the applicable prevailing rate of wage for the type of work they perform. ORS 279C.840; OAR 839-025-0035(1)

Contractors are to use "Prevailing Wage Rates for Public Works Contracts in Oregon BOLI Rates" January 5, 2026 Rate Schedule. Except for CM/GC contracts, the rates in effect at the time the initial specifications are first advertised for bid solicitations are the rates that apply for the duration of that project. OAR 839-025-0020(4)(a) (See Section (7) of this rule for CM/GC related information.)

Required Postings: Prevailing Wage Rates;

Each and every contractor and subcontractor must post the applicable prevailing wage rates and fringe benefit plan information in a conspicuous place at the work site so workers have ready access to the information. ORS 279C.840(4); OAR 839-025-0033(1)

Details of Fringe Benefit Programs: Contractors and subcontractors must post the details of all fringe benefit plans or programs if any contributions are made to a third party for fringe benefits. The posting should include a description of the plan, information about how to file a claim and where to obtain more information. ORS 279C.840(5); OAR 839-025-0033(2)

Work Schedule: Contractors and subcontractors must give workers the regular work schedule (days of the week and number of hours per day) in writing, before beginning work on the project. Contractors and subcontractors may provide the schedule at the time of hire, prior to starting work on the contract, or by posting the schedule at the work site, along with the prevailing wage rate information and any fringe benefit information. If an employer fails to give written notice of the worker's schedule, the work schedule will be presumed to be a five-day schedule. The schedule may only be changed if the change is intended to be permanent and is not designed to evade the PWR overtime requirements. ORS 279C.540(2); OAR 839-025-0034

Certified Payroll: Filing Requirements

Every contractor and subcontractor on a covered project must file certified payroll records with the contracting agency. Contractors and subcontractors must complete a certified payroll statement for each week a worker is employed on a public work. These certified payroll statements must be submitted once a month, by the fifth business day of the following month, to the contracting agency. ORS 279C.845; OAR 839-025-0010

Certified Payroll Form: To help contractors and subcontractors satisfy the filing requirement, Form WH-38 is included in each PWR rate book, and can also be found on BOLI's web site at www.oregon.gov/BOLI. BOLI does not require contractors and subcontractors to use this form, but they must supply all information the form requests, and this information must be certified. Contractors and subcontractors using their own forms or reports can comply with the certification requirement by attaching and completing a copy of the certified statement from the WH-38 form to their filing.
