BP-3540 (a)

TRANSPORTATION

The School Board desires to provide transportation for eligible students in accordance with state and federal law.

The goals of the transportation are:

1. To provide maximum safety for students between home and school and on school-sponsored trips.

2. To promote desirable student behavior and respect for traffic safety.

3. To provide assistance and transportation for handicapped students.

4. To provide transportation for administratively approved educational field trips.

Parents are responsible for damage caused to any transportation equipment due to misconduct on the part of their children.

The Superintendent shall conduct periodical reviews of the transportation needs of the District and make appropriate recommendations to the Board of Education.

When necessary, the School Board shall make available an alternative education program for students whose transportation needs make daily access to school impractical.
