OTHER FOOD SALES

The Board believes that all food available at school during the school day should contribute to the development of sound nutritional habits and should reflect concern for the health and wellbeing of our students.

Food sold during instructional time should be reviewed for nutritional content and approved by the administration.

Outside of School Day

From 30 minutes after the conclusion of the instructional day until 12:00 AM, the Superintendent or designee may permit food and beverage sales by student or adult entities or organizations provided that these sales comply with state and federal regulations and observe appropriate sanitation and safety procedures.
