BP-1340 (a)

ACCESS TO DISTRICT RECORDS

The School Board recognizes that state policy provides broad public access to district records. Public access shall not be given to records exempt from public disclosure by state or federal law or by the Board based on the need of the district to maintain confidential information.

Any person shall have reasonable access, during regular business hours, to the public records of the schools and district. The Superintendent or designee shall establish regulations to authorize and facilitate public access to district records in accordance with law, to protect the security of district records, and to prevent interference with regular district operations.

The district may charge for copies of public records or other materials requested by individuals or groups. The charge, based on the actual cost of duplications, shall be determined by the Superintendent or designee.
