Snow Day Reminders

We are closely monitoring the predicted storm that is forecasted for Sunday evening/Monday and will be in touch with all families and staff as the storm gets closer. If school is cancelled on Monday, that will be our last "traditional snow day" and any other days that cause us to physically close our buildings for student safety this school year will be "remote learning" days.

On remote learning days, students will stay home and are expected to complete academic assignments asynchronously. Remote learning days will not need to be added to the calendar at the end of the year. There is a [dedicated page](#) on our school website that more fully describes weather-related closures.

Food Service Plans for Remote Learning Days -

Meals will be provided during remote learning snow days. Non-perishable meals will be sent home in advance with all students for whom a meal has been requested. [Please fill out this form](#) to have your child's name added to the list of kids receiving a meal. If you have multiple children, please fill out the form for each child individually. After each remote learning snow day, we will send home another non-perishable meal for possible future remote learning days. You do not need to resubmit on the form again for each remote learning snow day. Once you are on the list you are on it for the winter, if you would like to be removed from the list, please contact your school.

Letter to the Community- In Case You Missed It Last Week

Dear Families,

I hope this message finds you well. We are aware that there have been questions and concerns nationwide about immigration enforcement activity, and we want to share a brief update with our school community. At this time, Scarborough Public Schools has no information that would indicate that immigration officials are planning any actions at our schools.

That being said, we want you to know that each of our schools has clearly outlined protocols and policies that guide our responsibility to ensure schools remain safe, secure, and welcoming places focused on learning and student well-being. District policies and federal law protect student privacy, and school staff do not share student or family information with any outside entities without proper legal documentation in hand. As a matter of general practice, any requests from outside agencies are handled by school administrators in accordance with the law.

Scarborough Public Schools remains guided by our mission statement, which in part details our commitment to provide a safe and inclusive learning environment for each and every student, regardless of background or circumstance. We appreciate your continued trust and partnership. We will share additional information if there are any updates families need to know. If there are specific concerns that you have for your child, please do not hesitate to reach out to your building leader.

Respectfully,

Diane Nadeau, Ph.D.
Superintendent

From the Scarborough Board of Education

We want to hear from you!

The School Board is conducting a short survey to better understand what *topics matter most* to our community and what conversations you'd like to take part in through future **community roundtable discussions**.

We're also hoping to learn:

- How you prefer to engage with the School Board
- What barriers may be making it harder for you to participate

Your input will help guide more meaningful, inclusive conversations and ensure we're creating opportunities that work for our community.

Please take a few minutes to share your thoughts by completing the survey:
