2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

Welcome to Gladys Poet-Christian School!

As we look ahead to the 2025-2026 school year, our focus remains unwavering: to provide every student with the tools, resources, and support they need to thrive academically, socially, and emotionally. Whether it's through innovative teaching methods, personalized learning experiences, or extracurricular opportunities, we are dedicated to empowering our students to reach their full potential and become lifelong learners.

2025-26 School Description and Mission Statement

Of course, none of this would be possible without the unwavering support of our families, whose partnership and involvement are instrumental to the success of our school community. Their encouragement, involvement, and collaboration truly make a difference, and we are grateful for the opportunity to work alongside them as we continue to shape the future of Poet-Christian.

As we embark on this new chapter together, we are confident that this year will be filled with growth, discovery, and countless memorable moments. We will approach each day with enthusiasm, curiosity, and a commitment to excellence, knowing that together, there is no limit to what we can achieve.

Warm regards,

Albert Strong, Principal
Poet-Christian School

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and includes some site administrators, reviews the recommendation and then recommends instructional materials (IM) to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2022. The district chose its most recently adopted textbooks (K-5 history/social sciences) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). Tracy Unified School District (TUSD) is in the process of evaluating and selecting instructional materials for science in grades K-12.

School Facility Conditions and Planned Improvements

General

The Tracy Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility-survey instrument developed by the State of California Office of Public-School Construction. The results of this survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California. Below is more specific information on the condition of Gladys Poet-Christian School for the 2024-25 school year and the efforts made to ensure that students are provided with a clean, safe and functional learning environment.

Age of School/Buildings

This school has 32 classrooms, a multipurpose room, library, administration building, storage building, kitchen and a stage. The main campus was built in the 1989-90 school year. Additions were constructed in the 1997-98 school year (two relocatable classrooms), the 1998-99 school year (four classrooms added for Class Size Reduction) and the 1999-2000 school year (four classrooms and restroom facilities), 2015 (window systems, painted exterior of campus, replaced floor coverings), 2016 (enclosed campus with security fencing). An additional portable classroom was added in the 2023-2024 school year. Three additional portable classrooms were added for the 2025-2026 school year.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. We use a work-order process to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district has elected to commit deferred maintenance funding to cover general fund expenditures. The Security Camera System is continually being upgraded and we have received several new security cameras last year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Poet-Christian is a school community that enjoys a great deal of parent support and involvement. The school's Parent Teacher Student Association (PTSA) provides a multitude of activities and events to bring families together to celebrate success and to build on the school's positive culture. The PTSA meets every month to plan events, to purchase materials and programs for the school, and to promote parental involvement in the classroom and school activities.

Parents are always encouraged to spend as much time in the classroom volunteering to assist the teachers in a variety of ways. Parents regularly volunteer and participate at the schoolwide events listed above as well as individual classroom events and activities. Parents play a tremendous role in helping Poet remain a successful school.

Parents are also encouraged to participate in our School Site Council. The School Site Council is instrumental in monitoring the school's goals, plans, activities and budget. School Site Council Meetings are held multiple times per year and School Site Council requires a commitment to attend all meetings.

For more information on how to become involved at the school, please contact Farron Moore, PTSA president, or Celeste Kohler or Meghan Vasbinder, PTSA members and teacher liaisons, at (209) 830-3325.

2025-26 School Safety Plan

Safety is always at the forefront of the school's effort to provide a positive and productive learning environment. Safety drills and procedures are discussed and practiced regularly during the school year. The safety plan outlines daily procedures for dropping off and picking up students, visitors on campus and participation in school activities and events. All parent volunteers must go through a reference and background check before volunteering at school.

The school's safety plan is reviewed and revised annually with staff at the beginning of each school year. Procedures and guidelines are reviewed throughout the school year with drills practiced monthly. The safety plan was reviewed and adopted by the School Site Council. The district has completed an updated districtwide emergency preparedness plan for each school site.

A TUSD Student Handbook is also reviewed and revised at the beginning of each school year. It addresses student issues and concerns with an emphasis on prevention. Discipline is handled quickly and fairly, and parents are contacted for nearly all discipline issues aside from minor rule infractions. The Discipline Plan revolves around the Six Pillars of Character and creating productive school and community citizens.

Professional Development

School

The main focus for staff development during the 2025-26 school year is developing Intervention and Extension teams throughout the school at multi-grade team levels. Additionally, staff development is focused on STEM (Science, Technology, Engineering and Mathematics). Staff development activities take place during regular Early Release Mondays (typically from 2:00 to 3:30), voluntary staff-development days and district/site pre-service days.

LEA

Tracy Unified School District requires new teachers to Tracy Unified to participate in the Tracy Teacher Induction Program (TTIP). This professional learning involves six full days of pre-service and three follow-up days during the year. At this time, teachers are introduced to the district departments, their site administrators, and receive professional learning that highlights the California Standards for the Teaching Profession. Teachers experience strategies that support classroom management, curriculum supports, and universal lesson design components. Throughout the year in TTIP, teachers are also able to contact Curriculum Specialists for just-in-time support.

New teachers who come to Tracy Unified with their Preliminary credentials qualify for the California Commission on Teaching Credentialing accredited Teacher Induction Program with Tracy Unified. This program supports new teachers in growing through the California Standards for the Teaching Profession (CSTPs) and clearing their preliminary credentials. During this process an Induction mentor will be assigned to the new teacher to facilitate their learning through the Individualized Learning Plan and growth in the CSTPs.

The district offers professional-development opportunities for all staff members throughout the school year. Four full days are provided before the school year starts. Every Monday, students are released early from school to allow teachers to participate in professional development opportunities. These sessions are divided throughout the year to allow teachers to participate in site staff development, district staff development and teacher collaboration time.

The district office is helping to fund professional development for our teachers and administration, through work with the Center for Model Schools. The work with the Center for Model Schools focuses on building Relationships, Rigor, Relevance, and Engagement in the classroom.
