

Dual Enrollment at OCHS

What is Dual Enrollment DE?

Dual Enrollment/Dual Credit programs (often referred to as DE) provide opportunities for Georgia high school students to take college-level courses and earn credit toward a high school diploma and a college degree at the same time. Dual Enrollment/Dual Credit courses are available for any eligible 11th and 12th grade high school students. **OCHS counselors will be hosting general Dual Enrollment Sessions in the Cafeteria during Warrior Period on February 23rd and 26th.**

Program requirements at each college are different. It is up to the student to find out the requirements for the college where they would like to earn credit.

What do I need to do to Dual Enroll?

Step 1: Attend one of the General Dual Enrollment meetings during Warrior Period in the Cafeteria--February 23rd or February 26th--and complete the OCS Dual Enrollment Agreement.

Step 2: Attend a Dual Enrollment Breakout Session at OCHS for the college you are applying to.

What do YOU do once you are accepted?

- After you are accepted into the college where you would like to earn dual enrollment credit, you need to set up a meeting with your OCHS counselor to choose the classes that you need to work towards high school graduation.
 - Counselors have summer schedules to meet with students. Take care of this early!
- After your high school counselor advises you on the high school credits, you will meet with your college advisor at your Dual Enrollment school to enroll in the college classes you need.
- Once you register, you need to deliver (paper or email) your counselor a copy of your college schedule and fill out the funding application on GA Futures.org

How do I pay for it?

Once you have registered for classes, you need to bring a copy of the college schedule to your counselor, go to [GAFutures.org](#) and complete the state financial aid application. Your counselor will confirm the college classes with the schedule you provided to pay for the college tuition and associated fees.
