ABOUT EARLY ENTRANCE

A unique type of whole-grade acceleration is early entrance to school (i.e., kindergarten or first grade). For academically talented young children, early entrance to school may be an excellent option. Children who will benefit from early entrance may not exhibit all of the characteristics listed below; however, strong candidates will exhibit more of these characteristics than other children.

****Please check the boxes next to the characteristics you consistently observe in your child:**

What are some important ability/achievement/aptitude/behavior factors?

- My child seems advanced beyond other children his/her age in these ways:*
- Understands the meanings and use of words better than other children his/her age;
- Is curious about many things and asks questions often;
- Is very good at working puzzles or solving problems;
- Has a great sense of humor and understands jokes more than other children his/her age;
- Has a good memory and remembers details of conversations or stories; Is interested in difficult concepts such as time and space; Concentrates on certain activities much longer than other children his/her age;

What are some important ability/achievement/aptitude/behavior factors? (continued from p. 1)

- My child seems advanced beyond other children his/her age in these ways:*
 - Reads (and understands text) in picture books or chapter books.
 - Figures out math-related problems better than other children his/her age.
-

What are some important academic factors?

My child:

- Enjoys learning new information or skills;
 - Participates in community-sponsored activities such as sports, dance, gymnastics, library and museum programs;
 - Believes he/she is capable of succeeding at new tasks.
-

What are some important developmental factors?

My child has the following developmental characteristics;

- He/she has average fine and large motor coordination (i.e., holding a pencil, skipping);
 - He/she is able to use the computer to play games or find information.
-

What are some important interpersonal skills for entering school?

My child:

- Thoughtfully considers feedback and criticism and modifies behavior appropriately;
 - Often behaves in a way that is positive and effective;
 - Has good interpersonal skills with age-mates, as well as with both older and younger children and with adults;
 - Has excellent interpersonal relationships with adults in a teaching role.
-

What are some important attitudes and supports necessary for success in school?

- My child is enthusiastic about going to kindergarten or first grade.
- As a parent* I understand that a child's success in school depends on support provided at home. I am able to give my child additional support to help in his/her transition to a new setting with much higher academic demands than he/she encountered in preschool.

Some other considerations:

My child:

- Has one or more older siblings in the grade in which he/she will be placed if admitted by early entrance which may cause social/emotional issues in the family. In which case, acceleration may not be advisable.
 - Often did not want to attend preschool or missed preschool often because of illness or family issues.
-

Additional Information: _____

After reviewing this referral form, I believe that my child exhibits a number of characteristics that indicate he/she might benefit by entering school early. I have reviewed the considerations and do not feel they would negatively impact my child's success in school. I request evaluation for my child for possible early entrance to kindergarten or first grade.

Parent/Guardian _____ Date _____

The referral request will be processed and parents will receive the final determination for early entrance in 45 school days from the date the referral is received. Referrals received before May 1st will be screened prior to the end of the school year. Any referral received after May 1st may be held until a designated summer screening date. Referrals received after the summer screening date will be processed once school has resumed.

Olmsted Falls Early Entrance Evaluation Process

Kindergarten

- If your child has a birthday between the first day of instruction and December 31st contact The Early Childhood Center Secretary at (440) 427-6360 to schedule testing by a Gifted Intervention Specialist with a brief cognitive (also known as IQ) measure.
- If your child has a birthday after December 31st, contact Gifted Coordinator, Anne Cleary at acleary@ofcs.net, to schedule testing with a school psychologist.
- Return this completed referral form to the kindergarten building prior to the assessment or via email to the gifted intervention specialist to which you have been assigned.
- For students with birthdays between the first day of instruction and December 31st results from the brief cognitive assessment will be mailed to you within 5 school days. After receiving the score should you wish to schedule a meeting to discuss the results you may do so. Please email the gifted coordinator to schedule the meeting.
- If your child's performance meets the cutoff score on the brief cognitive measure and has a birthday between the first day of instruction and September 30th s/he will be invited to kindergarten.
- If your child's performance meets the cutoff score on the brief cognitive measure and has a birthday between October 1st and December 31st s/he will be invited to receive an individualized cognitive and academic achievement evaluation with a School Psychologist.
 - Results from the testing by the school psychologist will be mailed home within 10 days of completion of testing. A meeting will be scheduled to discuss results.
- If your child has a birthday after December 31st s/he will be invited to receive an individualized cognitive and academic achievement evaluation with a School Psychologist.
 - Results from the cognitive testing by the psychologist will be mailed home within 10 days of completion of testing. A meeting will be scheduled to discuss results and complete a structured interview about your child's overall development.
- Should your child qualify for early entrance to kindergarten a Gifted Intervention Specialist will create a Written Acceleration Plan.
- The above activities typically take place in the spring, but may occur later, due to a variety of factors.
- A parent may appeal the early entrance decision in writing to the Assistant Superintendent via email.

First Grade

- If you would like to have your child considered for early entrance into first grade, please contact the Gifted Coordinator, Anne Cleary at acleary@ofcs.net, to schedule testing with a school psychologist.
- This evaluation includes a full-length cognitive test and academic achievement testing in reading, writing and math.

- **If your child's performance meets the cutoff scores, you will be invited by the Falls-Lenox Principal to meet with a team of professionals (to include a first grade teacher, Gifted Intervention Specialist, and school psychologist) to review the test results and complete a structured interview about your child's overall development.**
- **If the structured interview results in a recommendation for early entrance to first grade, your child will be invited to do so.**
- **Should your child qualify for early entrance to first grade a Gifted Intervention Specialist will create a Written Acceleration Plan.**
- **The above activities typically take place in the spring, but may occur later, due to a variety of factors.**
- **A parent may appeal the early entrance decision in writing to the Assistant Superintendent via email.**
