

PSSC College Credit (2025-2026)

PSSC Dual credit programs/classes give students the opportunity to earn high school and college credit at the same time. At PSSC, these credit opportunities include:

1. Dual Credit Articulations with specific colleges
 - a. Students must earn a C or higher
2. College In the High School (CiHS)
 - a. Students are automatically enrolled in CWU College in the High School courses when they take the following PSSC programs: Law & Justice, Sports Medicine, Teaching Academy. It is important to note that this begins a student's college transcript at CWU – their grade can have implications for things such as financial aid. College grading & transcript posting is based upon the college's academic calendar (such as withdraw deadlines). Prior to the college's withdraw deadline, any student at risk of not earning credit will have a family meeting with PSSC teacher and PSSC School Counselor.
