Join one of the Arts classes at Cordova High!

3D Design, Ceramics, Drama, Digital Design & Drawing and Painting

3D Design: Students will work with a variety of three-dimensional art techniques and mediums. An emphasis is placed on creativity and originality in solving the problems of working with a broad range of materials. Projects include, but are not limited to, printmaking, wire sculpture, collage, papier-mâché, and mixed media projects.

Ceramics: Students will develop an understanding of the basic techniques of the use of clay as an art form. They will learn to form pinch, slab, coil, sculpture, and wheel-throw pottery. They will develop and expand aesthetic perceptions in order to form a base for making informed aesthetic judgments. Students will also acquire knowledge of the historical and cultural development in Ceramics.

Drawing and Painting: Students will develop an understanding of the basic elements of art and the principles of design. They will experiment with various techniques of drawing and painting with a variety of media (graphite, colored pencil, oil pastel, acrylic paint, collage and printmaking). Students will also have the opportunity to develop their personal art styles.

Digital Art: This course focuses on the creation of art using a combination of traditional and digital media. Students will use computer technologies such as image editing, graphics and natural media software, graphic tablets, digital cameras, and scanning devices as tools for students to strengthen their digital art skills. Students will explore digital illustration and painting, with an emphasis on elements of art and principles of design.

Beginning Drama: These courses are designed for anyone who is interested in learning the art of performance on stage. Students examine the various dimensions of characters through analysis, discussion, and classroom performance, working with scripts from a variety of time periods and cultures. They learn to break down a scene from a character's point of view, and also learn to sustain a character and build the relationship between actor and audience. Public performances may serve as a culmination of specific instructional goals.
