2024-2025 School Accountability Report Card
(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2025-26 School Description and Mission Statement

York School Vision and Mission Statement
At York School, our mission is to nurture a lifelong love of learning in a safe, respectful, and trusting environment. For our TK-5 Superstar students, we strive to cultivate a diverse, well-rounded learning community that prepares students to excel academically, grow socially and emotionally, and become community-conscious, lifelong learners.

Our school plan focuses on:

Improving Literacy: Increasing reading fluency and comprehension.

2025-26 School Description and Mission Statement

Strengthening Math Skills: Deepening understanding and application of mathematical concepts.
Enhancing Language Development: Supporting English learners in vocabulary and language proficiency.
Fostering a Positive Climate: Promoting a safe, welcoming, and inclusive school environment.
Through partnerships with families, dedicated staff, and community members, we empower our students to become successful scholars. Using data from assessments, surveys, and participation metrics, we continuously monitor our progress toward these goals.

As recipients of the Gold Ribbon Award, Title I Achievement Award, and PBIS Silver Recognition, we are proud to offer programs in project-based learning, arts education, family engagement, and positive behavior supports. By focusing on each student's potential, York School provides a foundation for educational excellence, ensuring every Superstar scholar can achieve their best.

Together, as a unified school community, we guide and support every student on their journey to success.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's list of standards-based materials adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On October 9, 2024, the Hawthorne School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees also adopted Resolution #9 to certify as required by Education Code §60119 that (1) textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts. In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2024-2025 school year, the Hawthorne School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements

The Hawthorne School District takes great efforts to ensure that all schools are clean, safe, and functional. The district's Maintenance Department inspects each school site on an annual basis using the Facility Inspection Tool (FIT) developed by the State of California OPSC to identify unsafe or hazardous conditions and improvement needs. Deficiencies noted in the FIT were corrected immediately by either site custodial or district maintenance staff. The results of the FIT are available at the school site and at the district office. The district passed Measure HSD in November 2018 and will use inspection results to prioritize facilities and infrastructure upgrades and improvements to ensure bond dollars are used wisely. Bond projects completed district-wide include: HVAC replacement, roofing, asphalt and slurry coating, and new flooring at multiple sites.

York Elementary School's original facilities were built in 1950. Ongoing maintenance and campus improvements ensure facilities remain up-to-date and provide adequate space for students and staff. Site custodial and district maintenance staff utilize a work order process to ensure that repairs necessary to keep the school in good condition are completed in a timely manner. Emergency repairs are given the highest priority. The custodian inspects the grounds and facilities for safety hazards or other conditions that require attention prior to the start of the school day. The principal communicates with custodial staff daily concerning maintenance and school safety issues.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, and/or attending school-wide events.

Parents stay informed about upcoming events and school activities through flyers (PeachJar), the school marquee, the school website, SchoolMessenger phone blasts and emails, the weekly Superstar News parent email, parent meetings, workshops, and the Family Resource Center.

Parent involvement opportunities included the following: English Learner Advisory Council (ELAC), District English Learner Advisory Council (DLAC), School Site Council (SSC), Back-to-School Night , Open House, School Spirit Days and Performance Assemblies, Trimester Awards assemblies, Literacy and Math Nights, Monthly Parent Workshops, family events, crosswalk support, Community Schools Advisory Committee (CSAC), and Positive Behavior Awards distribution. Parents can contact the school office at (310) 675-1189 for more information on how to become involved in their child's learning environment.

2025-26 School Safety Plan

The Comprehensive School Safety Plan is developed in consultation with the district office, law enforcement, and fire officials to fulfill Senate Bill 187 requirements. Components of this plan include Child abuse reporting procedures, disaster response procedures, suspension and expulsion policies and procedures, procedures for teacher notification of dangerous pupils, discrimination and harassment policies, dress code policies, procedures for safe arrival and departure from school, and disciplinary rules and procedures specific to our school. The safety plan also includes action plans for creating a caring and connected school climate and a physical environment that communicates respect for learning. York Elementary's safety plan was discussed at a public meeting on February 20, 2026, and approved by the School Site Council on February 20, 2026.

Professional Development

During the 2022-2023, 2023-2024, and 2024-2025 school years, York School held staff development training for certificated and classified instructional staff devoted to strengthening instruction, student learning, and student support in the following areas: English Language Arts (Benchmark Advance program), Mathematics (Savvas/Pearson program), Unique Learning Systems, Next Generation Science Standards, supporting English learners, distance learning technology, small group/intervention support, supporting/assisting special education students, and Positive Behavior Support. In addition to the previously stated professional development offerings, during the 2020-2021 academic school year, increased professional development sessions are being offered in the area of distance learning technology and supplemental programs that are being used to support increased student learning.

Decisions concerning the selection of staff development activities are made by the principal, special projects teacher, counselor, psychologist, and site teachers who utilize tools and methods for program effectiveness. Classroom observations, data, the school plan, and our Needs Assessment determine the areas in which additional professional development may enhance classroom instruction and student support and increase student achievement levels. York School supports ongoing professional growth throughout the year during before and after-school workshops, collaborative coaching facilitated by academic coaches and site administration, peer mentoring sessions, and grade-level and team collaboration meetings.
