2024-2025 School Accountability Report Card
(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2025-26 School Description and Mission Statement

Prairie Vista Middle School, represented by its entire staff, parents, community members, and students believe their purpose is to develop students who are prepared to succeed in high school and beyond. We believe that student success is based on the ability to think critically, write clearly, and apply learning to real world situations. We believe that student success requires good teaching. Teachers establish high expectations for students with a belief that students can achieve their goals.

The mission of our Fine Arts Academy emphasizes our culture and dedication toward developing well-rounded students. At PVMS, we believe that the arts have the power to engage, transform and contribute to the development of intellectual and creative students. Students will be able to choose to be part of the school's band or orchestra, piano, dance, participate in

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's list of standards-based materials adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On October 9, 2024, the Hawthorne School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees also adopted Resolution #9 to certify as required by Education Code §60119 that (1) textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts. In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2024-2025 school year, the Hawthorne School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements

The Hawthorne School District takes great efforts to ensure that all schools are clean, safe, and functional. The district's Maintenance Department inspects each school site on an annual basis using the Facility Inspection Tool (FIT) developed by the State of California OPSC to identify unsafe or hazardous conditions and improvement needs. Deficiencies noted in the FIT were corrected immediately by either site custodial or district maintenance staff. The results of the FIT are available at the school site and at the district office. The district passed Measure HSD in November 2018 and will use inspection results to prioritize facilities and infrastructure upgrades and improvements to ensure bond dollars are used wisely. Bond projects completed district-wide include: HVAC replacement, roofing, asphalt and slurry coating, and new flooring at multiple sites.

Prairie Vista Middle School's original facilities were built in 2007. Ongoing maintenance and campus improvements ensure facilities remain up-to-date and provide adequate space for students and staff. Site custodial and district maintenance staff utilize a work order process to ensure that repairs necessary to keep the school in good condition are completed in a timely manner. Emergency repairs are given the highest priority. The custodian inspects the grounds and facilities for safety hazards or other conditions that require attention prior to the start of the school day. The principal communicates with custodial staff daily concerning maintenance and school safety issues.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, at sports events, at VAPA events, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through the school marquee, the school calendar, School Messenger, PowerSchool, teacher websites, and Instagram. Contact any staff member at (310) 679-1003 for more information on how to become involved in your child's learning environment.

2025-26 School Safety Plan

The Comprehensive School Safety Plan is developed in consultation with the district office, law enforcement, and fire officials to fulfill Senate Bill 187 requirements. Components of this plan include Child abuse reporting procedures, disaster response procedures, suspension and expulsion policies and procedures, procedures for teacher notification of dangerous pupils, discrimination and harassment policies, dress code policies, procedures for safe arrival and departure from school, and disciplinary rules and procedures specific to our school. The safety plan also includes action plans for creating a caring and connected school climate and a physical environment that communicates respect for learning. Prairie Vista Middle School's safety plan will be discussed at a public meeting on January 17, 2025, and considered for approval by the School Site Council on January 17, 2025.

Professional Development

All training and curriculum development activities at Prairie Vista Middle School revolve around the California State Standards. CAASPP and Schoolnet student data results drive the need for professional development in ELA and math. The following list contains Site PD from the 2022-2023, 2023-2024, and 2024-2025 school years. PVMS has collaboration and planning built into the daily schedule during 1st-period class sessions throughout the school year. At least one Wednesday a month is devoted to

Professional Development

professional development after school. In addition, multiple sessions of professional development are offered throughout the year after school.

- AVID Collaboration
- Common Core State Standards (CCSS) and collaborative planning in ELA and Math. Instructional coaching with observations, demonstration lessons, and debriefing sessions.
- English Language Learner Training
- Technology Training
- Writing Strategies
- Next Generation Science Standards and collaboration
- Positive Behavior Intervention and Support (PBIS)
- UCLA Math Project
- Olweus Bullying Prevention Program
- ELA and math vertical articulation planning meetings (for example, 7th-grade math teachers and 8th-grade math teachers)
- Special Education Collaboration
- Science teachers collaborate with ELA teachers (science teachers learn ELA strategies; for example, marking the text)
- Visual and Performing Arts PD provided by the South Bay Regional Arts Coordinator
- Physical Education strategies/Instruction

Decisions concerning the selection of staff development activities are performed by the principal and the school leadership team using tools such as staff survey results and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Prairie Vista Middle School supports ongoing professional growth throughout the year on early release days. Teachers meet in both grade-level and department-level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2022-2023, 2023-2024 and 2025-2026 school years, Prairie Vista Middle School's teachers had the opportunity to attend the following events hosted by the Hawthorne School District:
