2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

Mission Statement:

Our responsibility is to provide rigorous alternative learning opportunities that support student character development, prioritize mental health, and inspire students to reach their highest personal and academic potential.

Vision Statement:

Travis Education Center is a school of choice, offering a relational family atmosphere, preparing students to become increasingly responsible, productive citizens who meet today's challenges, and promoting success through both traditional and non-traditional pathways after high school.

2025-26 School Description and Mission Statement

Travis Education Center (TEC) High School serves as the alternative education high school for the Travis Unified School District and is proud to be recognized as a Model Continuation High School in California. TEC primarily supports students seeking to remediate credit deficiencies that hinder timely graduation from the district's traditional high school. However, TEC has evolved into a school of choice for many TUSD students who prefer a smaller learning environment, benefit from a trauma-sensitive and trauma-invested staff, or aim to graduate early.

Depending on their academic status and goals, TEC students have multiple pathways: they may return to the traditional high school, graduate from TEC (on time or early), extend their education into a ninth semester through an administrative process, or access a fifth year if outlined in an Individualized Education Plan. While some students enroll intending to return to the traditional program, many who qualify ultimately choose to graduate from TEC instead.

TEC's curriculum aligns directly with the California State Standards and is guided by the school's philosophy of student-learner outcomes, embodied in the acronym I CARE. This philosophy shapes curricular development and teaching methods, challenging students to think and act independently while fostering their growth as cooperative, effective communicators. TEC graduates leave as prepared individuals who are equipped to take on their next steps in education, civic responsibilities, and contribute meaningfully to society.

Beyond achieving academic skills, TEC staff also strongly emphasizes non-cognitive skills as part of its character development efforts. Traits like grit, curiosity, social intelligence, self-control, zest, gratitude, and optimism are all part of the vernacular of TEC students and staff. This common language helps staff and students engage in discussions regarding student achievement and growth that are not represented on a transcript but very much affect the student's present and future success in college and/or career.

Whether students are working toward an early graduation, graduating from TEC in June, or planning to return to a comprehensive high school, we are committed to supporting all students through a lens of equity and inclusion to achieve their individual goals.

Students and parents can be assured that a TEC diploma has the highest accreditation.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Travis Unified School District held a public hearing on September 5, 2025 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

Travis Education Center's campus was originally built in 2000 and added six portables. The school contains five classrooms, one computer lab, and an outdoor area. At the time of publication, 100% of all restrooms were in working order. Facilities information is current as of January 2026.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. There are no major deficiencies at this site. The items noted in the table have been corrected or are in the process of remediation.

Cleaning Process:

The principal works daily with a part-time custodian to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The director of maintenance and operations coordinates in-service training for the custodial staff. Each classroom is cleaned daily, and outside maintenance is done on a regular basis or as needed. Currently the district has no specific policy on cleaning requirements and has adopted the CASBO Custodial Handbook and applied the cleaning standards and care of equipment for this purpose.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

2024-25 Career Technical Education Programs

It is the goal of Travis Education Center High School (TEC) that students understand the importance of academic subjects and experience how employees apply subject learning to work situations. The school's programs prepare students to think conceptually, communicate effectively, and apply skills in real-world contexts. TEC's character development strategies foster character awareness in seven character traits proven to enhance future success: GRIT, Social Intelligence, Self-Control, Zest, Curiosity, Optimism, and Gratitude skills. Students are exposed to an array of career exploration opportunities. The counselor facilitates an annual College and Career Fair where many trade schools, community colleges, community businesses, and local programs share the vast career opportunities available. Graduating students are required to complete a "Me in the Future" project. This project requires students to research three careers of interest and produce a slide show presentation for their last two English credits. The counselor partners with the local community college liaison and provides information and support for students to complete the community college and FAFSA applications. TEC started implementing a job shadow program in partnership with the Travis School District departments, placing students as shadowers in various positions. And finally, TEC offers Work Experience and Careers in Education classes. As part of the Work Experience class, students build resumes, practice interview skills, and review various pertinent job skill information. Joe Nguyen is the primary contact for Travis Unified School District's Career Technical Education.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents/caregivers play an important role at Travis Education Center High School. Parents or caregivers attend school orientations and participate in the WASC Western Accreditation of Schools and Colleges (WASC) Committee. Additionally, they are invited to participate in several districtwide committees and the school's School Site Council. TEC welcomes families to all community events, such as Feast Day, Multicultural Day, and Award Nights.

Contact Information

Parents or caregivers who wish to participate in Travis Education Center High School leadership teams, school committees, and school activities, or become volunteers, may contact the school at (707) 437-8265.

2025-26 School Safety Plan

Travis Education Center (TEC) has developed a comprehensive school safety plan through its School Site Council committee. This plan outlines strategies designed to ensure the safety of students and staff during both routine school activities and emergencies. TEC has partnered with Campus Safety Consultations, the “I Love U Guys” Foundation, local law enforcement, and community emergency responders—including the local fire department—to implement the Standard Response Protocol (SRP). Our site has adopted the “I Love U Guys” SRP to guide simple, consistent responses to emergency scenarios. The protocol includes five key actions: Hold, Secure, Lockdown, Evacuate, and Shelter.

Additionally, the district has adopted the Catapult Emergency Communication System to streamline notifications and communication between staff and district personnel during incidents. Staff members are trained in emergency response procedures and conduct regular drills with students to ensure their preparedness. To further enhance campus security, precautionary measures such as fencing, security cameras, and a visitor sign-in system are in place.

Teachers, the principal, and a campus monitor supervise students throughout the day. To maintain a secure campus, all visitors must sign in and out at the main office, where they receive a guest pass that must be visibly worn at all times while on school grounds.

2022-23 Secondary Average Class Size and Class Size Distribution

This table displays the 2022-23 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

Fiscal Year 2024-25 Types of Services Funded

Travis Unified School District receives funding from a variety of state and federal sources to provide a comprehensive educational program that meets the needs of all students.

State Funding & Local Control

The primary source of funding is the Local Control Funding Formula (LCFF), which includes Base Grants for general operations and Supplemental and Concentration Grants specifically targeted to support high-needs student populations. These populations include English learners, foster youth, and students from low-income households. These funds are utilized to implement the district's Local Control and Accountability Plan (LCAP), focusing on state priorities such as student achievement, school climate, and parent engagement. Specific services at our site include [Example: intervention teachers, counseling services, or after-school programs].

Federal Funding & Targeted Support

In addition to state funds, the school receives federal categorical funding to support specific student outcomes:

Title I, Part A: These funds are used to provide supplemental services to help students meet state academic standards, including [Example: reading specialists or instructional aides].

Title II: Allocated for professional development to improve teacher and principal quality.

Title III: Designated to support English Learners in gaining English proficiency and meeting academic standards.

Special Education: Funding is also provided to support the unique needs of students with disabilities, ensuring access to a Free Appropriate Public Education (FAPE).

Federal Impact Aid Funding

As a military-connected district, Travis Unified School District receives Federal Impact Aid to support its general operations.
