## Informe de Responsabilidad Escolar 2024-25

### Informado utilizando datos del año escolar 2024-25

<b>DIRECCIÓN:</b>	1045 Derby Ave. Oakland, CA, 94601	<b>Principal:</b>	Larissa Adam, Superintendente de Escuelas
<b>Teléfono:</b>	(510) 568-7936	<b>Rango de grados:</b>	9-12

La ley estatal exige que todas las escuelas de California publiquen, antes del 1 de febrero de cada año, un Informe de Responsabilidad Escolar (SARC). El SARC contiene información sobre el estado y el rendimiento de cada escuela pública de California. Según la Fórmula de Financiamiento con Control Local (LCFF), todas las agencias educativas locales (LEA) deben elaborar un Plan de Control Local y Responsabilidad (LCAP), que describe cómo pretenden alcanzar las metas escolares anuales específicas para todos los alumnos, con actividades específicas para abordar las prioridades estatales y locales. Además, los datos presentados en el LCAP deben ser coherentes con los del SARC.

- Para obtener más información sobre los requisitos del SARC y acceder a los informes de años anteriores, consulte la página web del SARC del Departamento de Educación de California (CDE) en <https://www.cde.ca.gov/ta/ac/sa/>.
- Para obtener más información sobre el LCFF o el LCAP, consulte la página web LCFF del CDE en <https://www.cde.ca.gov/fg/aa/lc/>.
- Para obtener información adicional sobre la escuela, los padres/tutores y miembros de la comunidad deben comunicarse con el director de la escuela o la oficina del distrito.

## Búsqueda de datos

DataQuest es una herramienta de datos en línea disponible en la página web de DataQuest del CDE (<https://dq.cde.ca.gov/dataquest/>). Contiene información adicional sobre esta escuela y comparaciones con el distrito y el condado. DataQuest es un sistema dinámico que genera informes para la rendición de cuentas (p. ej., datos de exámenes, matrícula, graduados de la escuela secundaria, deserción escolar, matriculación en cursos, dotación de personal y datos sobre estudiantes de inglés).

## **Panel de control de las escuelas de California**

El Panel de Control Escolar de California (Panel de Control) <https://www.caschooldashboard.org/> refleja el nuevo sistema de rendición de cuentas y mejora continua de California y proporciona información sobre cómo las autoridades educativas locales (LEA) y las escuelas atienden las necesidades de la diversa población estudiantil de California. El Panel de Control contiene informes que muestran el desempeño de las LEA, las escuelas y los grupos estudiantiles según un conjunto de indicadores estatales y locales para ayudar a identificar fortalezas, desafíos y áreas de mejora.

## **Acceso a Internet**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## **Admission Requirements for the University of California (UC)**

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

## **Admission Requirements for the California State University (CSU)**

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

# About This School

## Larissa Adam, Superintendent of Schools

📍 Principal, Latitude 37.8 High

### About Our School

---

Latitude 37.8 High School opened in the fall of 2018 with an initial cohort of 50 9th grade students; it will add a grade per year and currently serves around 400 students. Forged by a team of educators, designers, makers, artists, parents, students, civic leaders, and business leaders, Latitude harnesses the dynamic resources of the Bay Area to provide students with experiential, place-based learning, personalized for each individual. One of the core design principles of Latitude is integration. In order to best prepare all students for a meaningful and productive life, we believe it is essential for students to build a strong sense of their personal identity and to be able to successfully engage across different cultures, backgrounds, and perspectives. To build these capacities in students, they must be exposed to a diverse community and be supported in engaging productively with a variety of people. Toward this end, Latitude strives to represent Oakland's diversity from different socioeconomic, racial, linguistic, cultural, and learning needs perspectives and to build community across these groups.

## School Description and Mission Statement (School Year 2025–26)

Latitude High School is focused on real world Project-Based Learning, with strong arts, multimedia, and technology integration.

From the time they are 9th graders, students visit over ten different workplaces every year to ignite their career interests and to collaborate with professionals on Real World Projects. All students participate in Extended Learning Opportunities, including internships and student-designed businesses. Latitude graduates are confident leaders, prepared for college and beyond.

Latitude's approach to teaching and learning is driven by the design principles of personalization, relevance, integration and creativity, which in turn become the four pillars of the Latitude student learning experience. In alignment with these four design principles, student learning at Latitude occurs across four experiences:

- Advisory - Where students develop a sense of personal and community identity, as well as personalized learning pathways.
- Workshop - Where students hone foundational literacy, communication, and mathematical thinking skills.
- Studio - Where students investigate, document, and develop creative solutions to real challenges in Humanities and in Science and Design.
- Extended Learning Opportunities - Where students engage in off campus learning, through site visits, internships, service learning experiences, and concurrent college enrollment classes.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## Teacher Preparation and Placement (School Year 2021–22)

## School Facility Conditions and Planned Improvements

Latitude High School serves over 300 students and is located in the vibrant Fruitvale area. To ensure the safety and environmental compliance of our campus, we maintain an ongoing contract with Geosyntec, which supports monitoring and reporting activities as required by the Alameda County Department of Environmental Health. These activities include mid-year sampling and reporting for the vapor mitigation system, as well as annual inspections of the vapor mitigation system and the soil/hardscape cap.

According to the most recent Facility Inspection Tool (FIT) assessment, Latitude High School has received an Exemplary rating for the past 3 years, indicating that the overall condition of the facility is in excellent standing. Our facilities team promptly addresses any repair needs to uphold the functionality and safety of our campus. Additionally, our custodial team takes great pride in maintaining a clean and welcoming environment for our students, staff, and families.

During the summer months, we focus on deep cleaning and refreshing heavily used areas, ensuring our building remains well-maintained and continues to look like new. We are committed to sustaining a safe, clean, and conducive learning environment for all members of our school community.

Monthly facilities walkthroughs are led by the Site Operations Manager in collaboration with the custodial team to ensure the campus consistently meets good standing standards for safety, cleanliness, and overall condition.

## School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: July 2025

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
  2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
  3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard**

Mathematics (grades 3-8 and 11)	18%	24%	18%	24%	35%	37%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group for students taking and completing state-administered assessment Grades Three through Eight and Grade Eleven (School Year 2024–25)**

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

#### Opportunities for Parental Involvement (School Year 2025–26)

Involved parents anchor Latitude in the community. Recognizing that parents are a child's first teachers, the Latitude team envisions a true partnership among parents, teachers, and students in order to create a thriving school. Toward this end, we hold the following goals:

- Create empowered families that actively participate in school decisions
- Build strong family and school relationships
- Maintain clear, consistent, and inclusive communication To support development of a valued and integral partnership, the Latitude staff has already implemented beginning-of-the-year Home Visits and 45-minute individualized Fall Student-Led Conferences for every family.

We have also held and will continue to hold monthly parent education events and monthly Family Leadership Council meetings. An SSC and ELAC are each in place, to ensure formal input into governance by families. At mid-year, we will hold Presentations of Learning, followed by spring Student-Led Conferences, end-of-year Transitional Presentations of Learning, and end-of-year exit interviews with all families in June. Latitude's school Principal sends out monthly newsletters with photos and updates, and our Site Operations Manager sends out weekly updates via ParentSquare. Our staff also updates our school website and social media sites regularly to stay connected with families.

For families who would like to get involved with our school, reach out via email at [info@latitudehigh.org](mailto:info@latitudehigh.org) or call us at 510-485-0084.

## School Safety Plan (School Year 2025–26)

Latitude 37.8 High maintains a Comprehensive School Safety Plan that is reviewed, revised, and updated annually in accordance with California state requirements, including the March 1 adoption deadline. The Safety Plan is reviewed with all staff at the beginning of each school year during an August professional development session prior to the first day of instruction.

The most recent Comprehensive School Safety Plan for Latitude 37.8 High School was finalized on: February 5, 2025, and approved by our Board on February, 20, 2025.

The Safety Plan addresses school site safety programs, procedures for complying with applicable school safety laws, and disaster, emergency, and crisis response procedures. It includes protocols for routine safety practices such as student supervision, emergency drills, and basic first aid, as well as emergency response procedures for incidents including fire, earthquake, environmental hazards, armed intruder or attack scenarios, and serious illness or accidents.

In alignment with California Education Code requirements, the school conducts required safety drills—including fire, earthquake, and lockdown drills—on a monthly basis and/or as otherwise required throughout the school year to ensure students and staff are prepared to respond appropriately in the event of an emergency.
