2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

Harding Elementary School is a cooperative partnership of students, parents and caregivers, teachers and staff, and administration working together to create equitable outcomes, a rigorous learning environment, and a safe and caring school community. The school has developed and maintains active leadership groups, representing all education partners, who communicate routinely for continued growth and progress towards goals. Using the four "Cs" 21st Century Skills, Collaboration, Communication, Critical Thinking, and Creativity, the Harding community has developed and aligned school-wide systems and programs that are learner-centered and aligned with Common Core teaching and learning. Community expectations for working together are focused on student engagement, and specific and positive feedback that includes Responsive Classroom and Teachers College Units of Study for Writing and Reading. All English Learners participate in English Language Development

2025-26 School Description and Mission Statement

sessions, and all students TK-5 utilize the new math curriculum, Eureka Math 2. The PTA funds a PE teacher and our Garden program. Through Prop 28, we fund a Visual and Performing Arts teacher. We take pride in our diversity, which includes racial, language, socioeconomic, and ability. Harding offers three special education programs, Counseling Enriched, Resource (RSP), and Full Inclusion, with a school-wide culture that values and supports understanding, accommodation, and inclusion. All special education students are included in the general education classrooms. All students start each day with Social Emotional Learning in classroom morning meetings.

Core Values: Kindness, Curiosity, Courage, Perseverance

Vision: Harding students will flourish in the global community.

Mission: Harding is a safe and supportive learning community where we empower each other to excel in and shape the future.

School Facility Conditions and Planned Improvements

WCCUSD takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the school uses the Facility Inspection Tool (FIT) developed by the State of California OPSC. Maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used

School Facility Conditions and Planned Improvements

to ensure efficient service and that emergency repairs are given the highest priority. The school personnel also works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

B. Pupil Outcomes	State Priority: Pupil Achievement The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4): Statewide Assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities). The CAASPP System encompasses the following assessments and student participation requirements: 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven. 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven. 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve). College and Career Ready The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 5	100	100	100	100	100

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent-Teacher Association (PTA): The PTA conducts fundraising to provide a garden program, a PE specialist, lunch games support, study trips, as well as supplies and programs as needed to support the school mission. It organizes and promotes events, activities, and meetings that build community and support student and parent education, such as the Fall Carnival and Walk and Read-a-Thons. The PTA recruits for and organizes the various volunteer opportunities that support all school programs and classroom instruction.

School Site Council (SSC): Harding's School Site Council is composed of elected parents or community members, classroom teachers, staff members, and the principal. This group gives input on the school plan and monitors its implementation throughout the school year. The SSC assures programs, systems, and budgets are aligned to support students, teachers, and site goals.

African American Parent Advisory Committee (AAPAC): Harding's African American Parent Advisory Committee is an advocacy group of parents/guardians of African American students, along with school staff, coming together to ensure the success of their children, and ultimately all African American students. The AAPAC provides the SSC and site Principal guidance on programs and services that will increase academic outcomes for African American students. The AAPAC also advises on how to create a welcoming school environment for all African American families.

English Learner Advisory Council (ELAC): Harding's English Learner Advisory Council is an elected parent group advising the site Principal, SSC, and staff in the development of a site plan for English Learners. The ELAC provides the SSC and site principal guidance on programs and services that will increase academic achievement, outcomes, and reclassification for English Learners.

Harding After School Enhancement Program (HASEP): In coordination with the City of El Cerrito Recreation Department, provides a variety of after-school enrichment classes for all students for a fee.

Harding's on-site after-school program is free to eligible and participating students and is run by Bay Area Community Resources (BACR).

2025-26 School Safety Plan

The purpose of the School Site Safety Plan is to provide a unified template for school sites to respond and recover from an emergency, disaster, or event resulting in the disruption of normal school operations.

The School Site Safety Plan guides a coordinated school staff response to an emergency, disaster, or event and aids in directing emergency response activities toward reaching an agreed-upon goal. School Site Safety Plan procedures are scalable in order to address incidents that may develop over time and those that may occur without warning.

- The objectives of the School Site Safety Plan are as follows:
- 1. Protect the safety and welfare of students, school staff, and visitors.
 - 2. Provide a safe and coordinated response to emergencies.
 - 3. Protect the District’s facilities and properties.
 - 4. Enable the District to restore normal conditions with minimal confusion in the shortest time possible.
 - 5. Provide for the interface and coordination between sites and the District Emergency Operations Center (DEOC).
 - 6. Provide for the interface and coordination between the District EOC and the Cities of Richmond, El Cerrito, San Pablo, Pinole, Hercules, and Contra Costa County Emergency Operations Center (EOC).
 - 7. Provide for the orderly conversion of pre-designated District sites to mass care sites, when necessary.

The Comprehensive School Safety Plan is updated annually. Our school safety plan was last annually reviewed, updated, and discussed with school faculty and a student representative in 2025. A copy of the Comprehensive School Safety Plan is available by request through the district’s website.

2024-25 Ratio of Pupils to Academic Counselor

This table displays the ratio of pupils to Academic Counselor. One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Ratio
Pupils to Academic Counselor	0

2024-25 Student Support Services Staff

This table displays the number of FTE support staff assigned to this school. One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Professional Development

Quality instruction and teacher leadership are at the heart of our efforts. To ensure this, teachers, administrators, and other personnel engage in ongoing professional development focused on improving teaching and learning. Training includes data use and sharing, which guides teaching, learning, and goal-setting. The principal and trained teacher lead, in turn, provide support to teachers and staff through a variety of professional learning communities, opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations with Race and Equity as the overarching lens.

Teachers and other staff are provided with both on and off-site professional development that aligns with and supports our SPSA and goals around Reading, Math, and Social-emotional Learning. State and Local/District assessment data drives the current professional development focus on Reading and Math, and supporting our student subgroups, with a goal for deeper learning and increasing student voice and agency through lesson study development of the workshop model and math instruction. A primary goal of the professional development program is ensuring that all students are served by skilled, highly qualified staff and that teachers are supported by strong, knowledgeable instructional leaders.
