Scholar's Spotlight *January*

Fourth grade students from class C-2 (Mrs. Powell) and C-5 (Mr. Dybas) and B-5 (Mrs. Cadiente) had a wonderful time performing California Missions and More! last week. The play focused on early California history including the mission period, gold rush and statehood. The fourth graders had been practicing in class since October. It was especially meaningful to the students knowing they were collaborating as an entire grade level and educating their younger, fellow Star View Students. Way to go scholars!
