

AP Biology

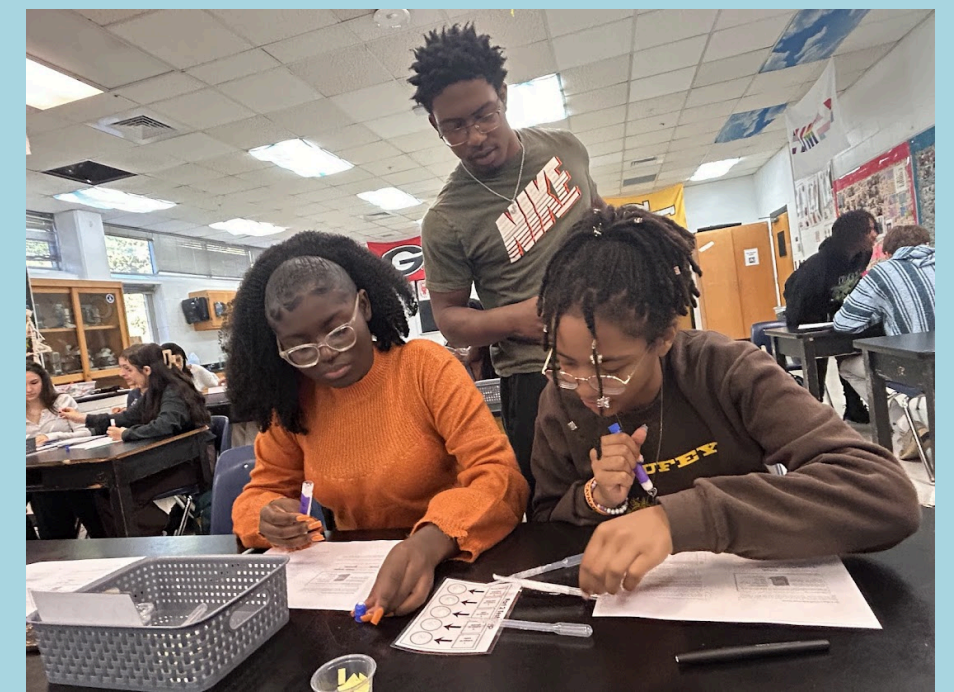

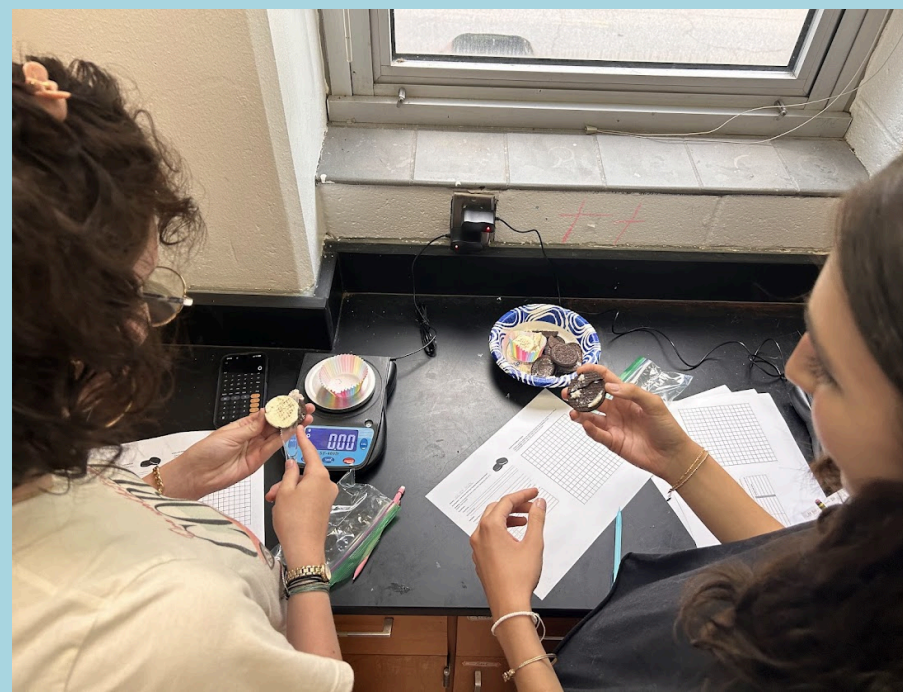

Who takes the class?

Juniors or Seniors who are interested in learning more about biological sciences.

Questions?

Come see Ms. Martin in A104

martinba@fultonschools.org

Why take it?

- Hands-on laboratory experiments that build critical thinking and scientific inquiry skills
- Collaborative projects that foster problem-solving and teamwork
- Rigorous preparation for college-level coursework, creating a strong foundation for future studies in science and related fields
- A boost for college applications, demonstrating the ability to handle challenging coursework (especially valuable for competitive programs and universities!)
