Choice Board #5

1st Grade

- Students should choose at least **one** activity from each subject area column (Math, Reading, Writing, Science/Social and Specials)
- Place a check on the activities completed and have a caregiver/parent sign the bottom of the form.

Math	Reading	Writing	Science / Social	Specials
Check the temperature 5 times throughout the day. At the end of the day, put the temperatures in order from least to greatest. Circle the highest temperature and put a square around the lowest temperature..	Read a story with an adult. Tell the adult about the characters, setting, and plot (beginning, middle, and end) of the story.	Write the ABC in your very best handwriting. Make sure to write both the upper and lower case letters.	Draw or write 5 ways that you can be kind to others.	**PE** Hold it for 20 seconds: Yoga Moves or Balance, Downward Dog, Tree Pose, Warrior Pose, Child's Pose
Play place value war (no face cards needed). Each person turns over two cards and builds the highest number possible. Largest number wins. Play until one person has collected all the cards. Extra challenge: Turn over three cards and build a number in the hundreds!	Read in your pajamas for 15 minutes. 	Cut out words from a magazine or newspaper to make a sentence. Draw a picture to match your sentence.	Build binoculars from two toilet paper rolls or a paper towel roll. Use your binoculars to find an object that is each color of the rainbow.	**Art** Draw something that is your favorite color. 
Draw a math story using snowmen. Write the number sentence to match your math story. [Example Story: 5 snowmen were sitting in the field. 3 more joined. How many snowmen are there now? Math sentence: 5 + 3 = 8	Read your favorite story. Then, make a list of heart words you found in the story.	Scavenger Hunt: Write down the names of 10 foods inside your cabinet. Color the letters in those words using this code: vowels (a,e,i,o,u) red, consonants blue, and underline any digraphs (sh,th, ch, wh, ph) in yellow.	Citizenship - help around the house by: doing dishes, folding laundry, entertaining a younger sibling.	**Music** Watch a movie and discuss where you heard loud and quiet, fast and slow music. 
Build a paper airplane and throw it. Measure with a ruler or tape measure how far it travels. If you do not have a measuring device, count how many steps it takes to get to your airplane. Repeat 5 times.	Put **ALL** of your stuffed animals in a circle. Sit in the middle of the circle and read a story to your animals.	Draw a map of your bedroom and label as many items inside as you can.	Build a boat using tinfoil. Can you make your boat float while it holds pennies? How many pennies will it hold?	**Media** Take a walk around your house and look for letters and numbers.
